

**§ 57.4106**

- (1) An ambulatory care setting;
- (2) An inpatient service; and
- (3) An extended care facility,

During the course of the training, each fellow must receive experience in primary care, consultation, and longitudinal care;

(h) Fellowship programs must have a curriculum which includes training in clinical geriatrics, teaching skills, administrative skills, and research skills for physicians and dentists;

(i) Retraining programs must provide 1 year of full-time training suited to the individual needs of each fellow. To assure that the needs of all fellows can be met, each retraining program must have the resources available to provide clinical, research, administrative, and teacher-training experience; and

(j) Effective in the second year of grant support, a minimum of three entering fellows, including at least one physician and one dentist, must be enrolled in each training program for which grant support is received. The Secretary may suspend this requirement if the Secretary determines that a grantee has made a good faith effort to comply with this requirement through the various recruitment means available in its institution and at the national level, and has met the other requirements stated in this section but is unable to have the required number of fellows in the program due to circumstances beyond its control.

**§ 57.4106 How will applications be evaluated?**

(a) As required by section 798(a) of the Act, each application for a grant under this subpart shall be submitted to a peer review group, composed principally of non-Federal experts, for an evaluation of the merits of the proposals made in the application. The Secretary may not approve such an application unless a peer review group has recommended the application for approval. The Secretary will award grants to applicants whose projects will best promote the purposes of section 777(b) of the Act and these regulations. The Secretary will consider, among other factors:

**42 CFR Ch. I (10-1-00 Edition)**

(1) The extent to which the proposed training program will prepare physicians and dentists to perform the research, teaching, administrative and clinical duties of a faculty member specializing in geriatrics;

(2) The degree to which the project plan adequately provides for meeting the requirements set forth in § 57.4105;

(3) The administrative, management and resource capability of the applicant to carry out the proposed project in a cost-effective manner;

(4) The potential for the applicant to continue the program without Federal support after completion of the requested project period; and

(5) The extent to which the project will increase the number of geriatric fellowship and retraining positions available for individuals who want to prepare for academic careers in geriatric medicine, psychiatry, or dentistry.

(b) In determining the funding of applications approved under paragraph (a) of this section, the Secretary will consider any special factors relating to national needs as the Secretary may from time to time announce in the FEDERAL REGISTER.

[55 FR 37481, Sept. 12, 1990, as amended at 59 FR 63902, Dec. 12, 1994]

**§ 57.4107 How long does grant support last?**

(a) The notice of grant award specifies the length of time the Secretary intends to support the project without requiring the project to re compete for funds. This period, called the project period, will not exceed 5 years.

(b) Generally, the grant will initially be funded for 1 year, and subsequent continuation awards will also be for 1 year at a time. Decisions regarding continuation awards and the funding levels of these awards will be made after consideration of such factors as the grantee's progress and management practices, existence of legislative authority, and the availability of funds. In all cases, continuation awards require a determination by the Secretary that continued funding is in the best interest of the Federal Government.

(c) Neither the approval of any application nor the award of any grant shall

commit or obligate the United States in any way to make any additional, supplemental, continuation, or other award with respect to any approved application or portion of an approved application. For continuation support, grantees must make separate application at such time and in such a form as the Secretary may prescribe.

[55 FR 37481, Sept. 12, 1990, as amended at 57 FR 45746, Oct. 5, 1992]

**§ 57.4108 What financial support is available to fellows?**

Expenditures from funds are limited to:

(a) Tuition and fees, in accordance with the established rates of the institution, except as limited by the Secretary;

(b) Stipend support, in accordance with established Public Health Service postdoctoral stipend levels; and

(c) Travel to field training if the site is beyond a reasonable commuting distance and requires the fellow to establish a temporary new residence. However, fellowship funds may not be used for daily commuting from the new place of residence to the field training headquarters.

**§ 57.4109 Who is eligible for financial assistance as a fellow?**

To be eligible for a fellowship an individual must:

(a) Be a resident of the United States and either a citizen or national of the United States, an alien lawfully admitted for permanent residence in the United States, a citizen of the Commonwealth of the Northern Mariana Islands, a citizen of the Republic of Palau, a citizen of the Republic of the Marshall Islands, or a citizen of the Federated States of Micronesia;

(b) Be a physician or a dentist enrolled in a "fellowship program" or a "retraining program" as defined in § 57.4102; and

(c) Not be receiving concurrent support for the same training from another Federal education award which provides a stipend or otherwise duplicates financial provisions except education benefits under the Veteran's Re-

adjustment Benefits Act, and loans from Federal sources.

[55 FR 37481, Sept. 12, 1990, as amended at 61 FR 6129, Feb. 16, 1996]

**§ 57.4110 What are the requirements for fellowships and the appointment of fellows?**

(a) The grantee must complete a statement which documents the appointment of each fellow. To complete this statement the grantee must require the provision of information and documentation of eligibility by each fellow. The statement of appointment must be completed by the beginning of the training period or as soon thereafter as possible if the fellow receives notice of his or her fellowship appointment after the training period has begun. The statement of appointment must include information to document the eligibility of the fellow and certify that there will be compliance with all applicable Public Health Service terms and conditions governing the appointment. The program director must sign the statement on behalf of the grantee, and the fellow must sign it thus certifying the statements are true and complete. The original copy of the statement must be retained by the grantee to be available for program review and financial audit. A copy shall be provided to the fellow for his or her records.

(b) The grantee may not require fellows to perform work which is not an integral part of the geriatric training program, or to perform services which detract from or prolong their training.

**§ 57.4111 Termination of fellowships.**

(a) The grantee must terminate a fellowship:

(1) Upon request of the fellow;

(2) If the fellow withdraws from the grantee institution; or

(3) If the grantee determines that:

(i) The fellow is no longer an active participant in the training program; or

(ii) The fellow is not eligible or able to continue in accordance with its standards and practices.
