

§ 59.7 Standards of compliance with prohibition on abortion.

A project may not receive funds under this subpart unless it provides assurance satisfactory to the Secretary that it does not include abortion as a method of family planning. Such assurance must include, as a minimum, representations (supported by such documentation as the Secretary may request) as to compliance with each of the requirements in § 59.8 through § 59.10. A project must comply with such requirements at all times during the period for which support under title X is provided.

§ 59.8 Prohibition on counseling and referral for abortion services; limitation of program services to family planning.

(a)(1) A title X project may not provide counseling concerning the use of abortion as a method of family planning or provide referral for abortion as a method of family planning.

(2) Because title X funds are intended only for family planning, once a client served by a title X project is diagnosed as pregnant, she must be referred for appropriate prenatal and/or social services by furnishing a list of available providers that promote the welfare of mother and unborn child. She must also be provided with information necessary to protect the health of mother and unborn child until such time as the referral appointment is kept. In cases in which emergency care is required, however, the title X project shall be required only to refer the client immediately to an appropriate provider of emergency medical services.

(3) A title X project may not use prenatal, social service or emergency medical or other referrals as an indirect means of encouraging or promoting abortion as a method of family planning, such as by weighing the list of referrals in favor of health care providers which perform abortions, by including on the list of referral providers health care providers whose principal business is the provision of abortions, by exclud-

ing available providers who do not provide abortions, or by "steering" clients to providers who offer abortion as a method of family planning.

(4) Nothing in this subpart shall be construed as prohibiting the provision of information to a project client which is medically necessary to assess the risks and benefits of different methods of contraception in the course of selecting a method; *provided*, that the provision of this information does not include counseling with respect to or otherwise promote abortion as a method of family planning.

(b) *Examples.* (1) A pregnant client of a title X project requests prenatal care services, which project personnel are qualified to provide. Because the provision of such services is outside the scope of family planning supported by title X, the client must be referred to appropriate providers of prenatal care.

(2) A title X project discovers an ectopic pregnancy in the course of conducting a physical examination of a client. Referral arrangements for emergency medical care are immediately provided. Such action is in compliance with the requirements of paragraph (a)(2) of this section.

(3) A pregnant woman asks the title X project to provide her with a list of abortion providers in the area. The title X project tells her that it does not refer for abortion but provides her a list which includes, among other health care providers, a local clinic which principally provides abortions. Inclusion of the clinic on the list is inconsistent with paragraph (a)(3) of this section.

(4) A pregnant woman asks the title X project to provide her with a list of abortion providers in the area. The project tells her that it does not refer for abortion and provides her a list which consists of hospitals and clinics and other providers which provide prenatal care and also provide abortions. None of the entries on the list are providers that principally provide abortions. Although there are several appropriate providers of prenatal care in the area which do not provide or refer for abortions, none of these providers are included on the list. Provision of the list is inconsistent with paragraph (a)(3) of this section.
