

**Bureau of Land Management, Interior**

**§ 2802.4**

**§ 2802.4 Application processing.**

(a) The authorized officer shall acknowledge, in writing, receipt of the application and initial cost reimbursement payment required by subpart 2808 of this title. An application may be denied if the authorized officer determines that:

(1) The proposed right-of-way or permit would be inconsistent with the purpose for which the public lands are managed;

(2) That the proposed right-of-way or permit would not be in the public interest;

(3) The applicant is not qualified;

(4) The right-of-way or permit would otherwise be inconsistent with the act or other applicable laws; or

(5) The applicant does not or cannot demonstrate that he/she has the technical or financial capacity.

(b) Upon receipt of the acknowledgment, the applicant may continue his or her occupancy of the public land pursuant to §2802.1(d) of this title to continue to gather data necessary to perfect the application. However, if the applicant finds or the authorized officer determines that surface disturbing activities will occur in gathering the necessary data to perfect the application, the applicant shall file an application for a temporary use permit prior to entering into such activities on the public land.

(c) The authorized officer may require the applicant for a right-of-way grant to submit such additional information as he deems necessary for review of the application. All requests for additional information shall be in writing. Where the authorized officer determines that the information supplied by the applicant is incomplete or does not conform to the act or these regulations, the authorized officer shall notify the applicant of these deficiencies and afford the applicant an opportunity to file a correction. Where a deficiency notice has not been adequately complied with, the authorized officer may reject the application or notify the applicant of the continuing deficiency and afford the applicant an opportunity to file a correction.

(d) Prior to issuing a right-of-way grant or temporary use permit, the authorized officer shall:

(1) Complete an environmental analysis in accordance with the National Environmental Policy Act of 1969;

(2) Determine compliance of the applicant's proposed plans with applicable Federal and State laws;

(3) Consult with all other Federal, State, and local agencies having an interest, as appropriate; and

(4) Take any other action necessary to fully evaluate and make a decision to approve or deny the application and prescribe suitable terms and conditions for the grant or permit.

(e) The authorized officer may hold public meetings on an application for a right-of-way grant or temporary use permit if he determines that such meetings are appropriate and that sufficient public interest exists to warrant the time and expense of such meetings. Notice of public meetings shall be published in the FEDERAL REGISTER or in local newspapers or in both.

(f) A right-of-way grant or temporary use permit need not conform to the applicant's proposal, but may contain such modifications, terms, stipulations or conditions, including changes in route or site location on public lands, as the authorized officer determines to be appropriate.

(g) No right-of-way grant or temporary use permit shall be in effect until the applicant has accepted, in writing, the terms and conditions of the grant or permit. Written acceptance shall constitute an agreement between the applicant and the United States that, in consideration of the right to use public lands, the applicant shall comply with all terms and conditions contained in the authorization and the provisions of applicable laws and regulations.

(h) The authorized officer may include in his/her decision to issue a grant a provision that shall be included in a right-of-way grant requiring that no construction on or use of the right-of-way shall occur until a detailed construction, operation, rehabilitation and environmental protection plan has been submitted to and approved by the authorized officer. This requirement
