

§ 2880.0-7

43 CFR Ch. II (10-1-99 Edition)

which has received a right-of-way grant or temporary use permit under the Act.

(g) *Oil or gas* means oil, natural gas, synthetic liquid or gaseous fuels, or any refined product produced therefrom.

(h) *Temporary use permit* means a revocable nonpossessory privilege to use specified Federal lands in the vicinity of a right-of-way in connection with the construction, operation, maintenance, or termination of a pipeline or for the protection of the natural environment or public safety.

(i) *Pipeline* means a line of traversing Federal lands for transportation of oil or gas. The term includes feeder lines, trunk lines, and related facilities, but does not include a lessee's or lease operator's production facilities located on his lease.

(j) *Pipeline system* means all facilities, whether or not located on Federal lands, used by a holder in connection with the construction, operation, maintenance, or termination of a pipeline.

(k) *Production facilities* means a lessee's or lease operator's pipes and equipment used on his lease solely to aid in his extraction, storage, and processing of oil and gas. The term includes storage tanks and processing equipment, and gathering lines upstream from such tanks and equipment, or in the case of gas, upstream from the point of delivery. The term also includes pipes and equipment, such as water and gas injection lines, used in the production process for purposes other than carrying oil and gas downstream from the wellhead.

(l) *Related facilities* means those structures, devices, improvements, and sites, the substantially continuous use of which is necessary for the operation or maintenance of a pipeline, which are located on Federal lands, and which are authorized under the Act, including but not limited to: Supporting structures; airstrips; roads; campsites; pump stations, including associated heliports, structures, yards, and fences; valves, and other control devices; surge and storage tanks; bridges; monitoring and communication devices and structures housing them; terminals, including structures, yards, docks, fences,

and storage tank facilities; retaining walls, berms, dikes, ditches, cuts, and fills; structures and areas for storing supplies and equipment. Related facilities may be connected or nonconnected or contiguous or noncontiguous to the pipe.

(m) *Right-of-way* means the Federal land authorized to be occupied pursuant to a right-of-way grant.

(n) *Right-of-way grant* means a document authorizing a nonpossessory, nonexclusive right to use Federal lands for the limited purpose of construction, operation, maintenance, and termination of a pipeline.

(o) *Secretary* means the Secretary of the Interior.

[44 FR 58129, Oct. 9, 1979, as amended at 45 FR 59880, Sept. 11, 1980]

§ 2880.0-7 Scope.

(a) These regulations apply to any application now on file or hereafter filed with Federal agencies for issuance, modification, or renewal of a right-of-way grant or a temporary use permit, except where the surface of the Federal lands involved in the right-of-way or temporary use permit area is under the jurisdiction of a single Federal agency, including bureaus and agencies within the Department of the Interior, other than the Bureau of Land Management.

(b) In addition, the provisions of § 2883.5 of this title apply to all right-of-way grants and temporary use permits heretofore issued pursuant to section 28 of the Mineral Leasing Act by the Bureau of Land Management, and to permits, grants, and other authorizations heretofore issued by the Secretary or his delegate in connection with the Trans-Alaska Oil Pipeline System (TAPS). Further, the permits, grants and other authorizations heretofore and hereafter issued by the Secretary or his delegate in connection with the Trans-Alaska Pipeline System are subject to § 2883.1-1 of this title.

(c) The regulations of this part do not apply to the reservation of rights-of-way for Federal departments or agencies. Such rights-of-way shall be

Bureau of Land Management, Interior

§ 2881.1-1

reserved in accordance with the regulations in subpart 2800 of this title.

(Sec. 28, Mineral Leasing Act, as amended and supplemented (30 U.S.C. 181 *et seq.*), sec. 203, Trans-Alaska Pipeline Authorization Act (Pub. L. 95-153); Independent Offices Appropriation Act of 1952 (31 U.S.C. 483a))

[44 FR 58129, Oct. 9, 1979, as amended at 49 FR 31209, Aug. 3, 1984; 51 FR 31765, Sept. 5, 1986]

§ 2880.0-9 Information collection.

The information collection requirements contained in part 2880 of Group 2800 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance numbers 1004-0102 and 1004-0107. The information is being collected to permit the authorized officer to determine if use of the public lands should be granted for rights-of-way grants or temporary use permits. The information will be used to make this determination. A response is required to obtain a benefit.

[60 FR 57072, Nov. 13, 1995]

Subpart 2881—Terms and Conditions of Right-of-Way Grants and Temporary Use Permits

§ 2881.1 Nature of interest.

§ 2881.1-1 Nature of right-of-way interest.

(a) The United States retains a right to use a right-of-way and temporary use permit area or authorize the use of it to others in any manner not inconsistent with pipeline construction, operation, maintenance, and termination. The holder of a right-of-way grant or temporary use permit has no right to any of the products of the land including, but not limited to, timber, forage, mineral, and animal resources. The holder may not allow the use of a right-of-way or temporary use permit area by others except its contractors, subcontractors, employees, agents or servants for purposes of construction, operation, maintenance, or termination of the pipeline.

(b) A holder shall not use a right-of-way and temporary use permit area for any purpose other than for the construction, operation, maintenance, and termination of the pipeline specified in

the holder's right-of-way grant. A holder shall not locate or construct any other pipelines, including looping lines, or other improvements within a right-of-way without first securing appropriate authorization therefor.

(c) The width of a right-of-way shall not exceed 50 feet plus the ground occupied by the pipeline (that is, the pipe and related facilities) unless the authorized officer finds and records the reasons for his finding, that a wider right-of-way is necessary for operation and maintenance after construction, or to protect the environment or public safety.

(d) An applicant may apply to the authorized officer for a wider right-of-way in limited areas, if necessary:

(1) For the operation and maintenance of the project after construction;

(2) To protect the environment; or

(3) To provide for the public safety. If the authorized officer finds that the additional width is necessary for one of the above reasons, he may authorize a wider width. Such authorization shall include a written report recording the reasons why the additional width is necessary.

(e) A right-of-way grant issued or renewed under these regulations shall be limited to a reasonable term, not to exceed 30 years. No term shall be longer than is necessary to accomplish the purpose of the grant. The authorized officer shall determine the duration of each right-of-way grant, taking into consideration, among other things:

(1) The cost of the facility,

(2) Its useful life,

(3) Any public purpose it serves, and

(4) Potentially conflicting uses of the land.

(f) Except where a right-of-way grant has terminated by its terms upon the occurrence of a fixed or agreed upon condition, event, or time, it shall be renewed if the pipeline is being operated and maintained in accordance with all provisions of the right-of-way grant, these regulations and the Act. The authorized officer may modify the terms and conditions of the right-of-way grant at the time of renewal.

(g) No purported transfer of an interest in a right-of-way grant, a right-of-way, or any portion of a pipeline system located within a right-of-way,

§ 2881.1-2

43 CFR Ch. II (10-1-99 Edition)

shall be valid without the prior written approval of the authorized officer. Applications for such approval shall be directed to the authorized officer. A transferee shall meet all the requirements of an original pipeline right-of-way grantee is bound by and shall assume all of the transferor's responsibility to the United States with respect to the transferred interest and shall agree to be bound by all terms of any outstanding right-of-way grant or temporary use permit. Applications for a transfer of interest shall be accompanied by a nonrefundable fee of \$50, except that where a holder assigns more than 1 right-of-way grant as part of a single action, the authorized officer, due to economies of scale, may set a fee of less than \$50 per assignment.

[44 FR 58129, Oct. 9, 1979, as amended at 52 FR 25821, July 8, 1987]

§ 2881.1-2 Nature of temporary use permit interest.

(a) A temporary use permit does not grant any interest in land and is revocable at will by the authorized officer.

(b) The area covered by a temporary use permit shall be no greater than is necessary to accommodate the authorized use or to protect the environment or provide for public safety.

(c) The duration of a temporary use permit shall be determined by the authorized officer in a manner that is consistent with construction activities, and is not to exceed that length of time needed to accomplish the purpose for which the permit is sought. The term of a temporary use permit shall not exceed 3 years subject to the provisions of this section.

(d) A temporary use permit may be renewed at the discretion of the authorized officer, but the permittee has no right of renewal. The authorized officer may modify the terms and conditions of the temporary use permit at the time of renewal.

(e) A temporary use permit may be assigned at the discretion of the authorized officer, provided the use for which the permit was issued continues.

§ 2881.1-3 Reservation of rights to the United States.

All rights in Federal lands subject to a right-of-way grant or temporary use

permit not expressly granted are retained by the United States. These rights include, but are not limited to:

(a) A continuing right of access across right-of-way and temporary use permit areas to all Federal lands (including the subsurface and air space);

(b) A continuing right of physical entry to any part of the pipeline system for inspection, monitoring, or for any other purpose or reason consistent with any right or obligation of the United States under any law or regulation; and

(c) The right to make, issue, or grant right-of-way grants, temporary use permits, easements, leases, licenses, contracts, patents, permits and other authorizations to or with third parties for compatible uses on, under, above, or adjacent to the Federal lands subject to a right-of-way grant or temporary use permit.

§ 2881.2 Terms and conditions of interest granted.

(a) An applicant, by accepting a right-of-way grant or a temporary use permit, agrees and consents to comply with and be bound by the following terms and conditions, excepting those which the Secretary may waive in a particular case:

(1) To the extent practicable, all State and Federal laws applicable to the pipeline system construction, operation and maintenance which is authorized and all such additional State and Federal law, along with the implementing regulations, that may be enacted and issued during the term of the grant or permit;

(2) That in the construction, operation and maintenance of the pipeline and related facilities, there shall be no discrimination against any employee or applicant for employment because of race, creed, color, sex or national origin and all subcontracts shall include an identical provision;

(3) To build and repair roads, fences and trails that may be destroyed or damaged by construction, operation or maintenance of the pipeline and related facilities and to build and maintain suitable crossings for roads and trails that intersect the right-of-way and related facilities; and

Bureau of Land Management, Interior

§ 2882.1

(4) To do everything reasonably within his or her power, both independently and upon request of the authorized officer, to prevent and suppress fires on or near the right-of-way and related facilities. This includes making available such construction and maintenance forces as may be reasonably obtained for the suppression of fires.

(b) All right-of-way grants and temporary use permits issued, renewed, or amended under these regulations shall contain such terms, conditions, and stipulations as may be prescribed by the authorized officer regarding extent, duration, survey, location, construction, operation, maintenance, use, and termination. The authorized officer shall impose stipulations which shall include, but shall not be limited to:

(1) Requirements for restoration, revegetation, and curtailment of erosion of the surface of the land;

(2) Requirements to insure that activities in connection with the right-of-way grant or temporary use permit shall not violate applicable air and water quality standards or related facility siting standards established by or pursuant to applicable Federal and State law;

(3) Requirements designed to control or prevent damage to the environment (including damage to fish and wildlife habitat), damage to public or private property, and hazards to public health and safety; and

(4) Requirements to protect the interests of individuals living in the general vicinity of the right-of-way or temporary use permit area who rely on the fish, wildlife, and biotic resources of the area for subsistence purposes.

(c) Right-of-way grants or temporary use permits issued, renewed, or amended under this title shall include requirements which comply with applicable Federal and State law that will protect the safety and health of pipeline workers and the general public, including, but not limited to, protection against the sudden rupture and slow degradation of the pipeline. Applicants and holders shall design, construct, operate, and maintain all facilities in accordance with applicable Federal and

State law governing pipelines and pipeline construction.

[44 FR 58129, Oct. 9, 1979, as amended at 52 FR 25821, July 8, 1987]

§ 2881.3 Unauthorized use, occupancy or development.

Any use, occupancy, or development of the public lands that requires a right-of-way, temporary use permit, or other authorization pursuant to the regulations in this part, and that has not been so authorized, or that is beyond the scope and specific limitations of such authorization, or that causes unnecessary or undue degradation, is prohibited and shall constitute a trespass as defined in § 2800.0-5. Anyone determined by the authorized officer to be in trespass on the public lands shall be notified in writing of such trespass and shall be liable to the United States for all costs and payments determined in the same manner as set forth at § 2801.3, part 2800 of this title.

[54 FR 25855, June 20, 1989]

Subpart 2882—Applications

§ 2882.1 Preapplication activity.

(a) Upon determining that a proposed pipeline project is contemplated which would cross Federal lands under the jurisdiction of the Department of the Interior, or two or more Federal agencies, the proponent of such project is encouraged to promptly notify the appropriate office identified in § 2882.2-2 of this title or the Secretary.

(b) The authorized officer shall provide guidance to the pipeline project proponent as to:

(1) Routing constraints which exist because of current land status as reflected in land use plans and land status records;

(2) Necessary information to be included in applications for right-of-way grants or temporary use permits;

(3) Qualifications required of applicants; and

(4) Identification of on-the-ground investigations which will require temporary use permits.

(c) No right-of-way applications processing work, other than that incurred in the processing of applications for permits for temporary use of public
