several resource areas, which are not required to be reexamined as part of the planning process.

(2) Analysis requirements, planning procedures and other written information and instructions required to be considered in the planning process.

(3) Guidance developed at the State Director level, with necessary and appropriate governmental coordination as prescribed by §1610.3 of this title. Such guidance shall be reconsidered by the State Director at any time during the planning process that the State Director level guidance is found, through public involvement or other means, to be inappropriate when applied to a specific area being planned.

(b) A resource management plan shall be prepared and maintained on a resource area basis, unless the State Director authorizes a more appropriate area.

(c) An interdisciplinary approach shall be used in the preparation, amendment and revision of resource management plans as provided in 40 CFR 1502.6. The disciplines of the preparers shall be appropriate to the values involved and the issues identified during the issue identification and environmental impact statement scoping stage of the planning process. The District or Area Manager may use any necessary combination of Bureau of Land Management staff, consultants, contractors, other governmental personnel, and advisors to achieve an interdisciplinary approach.

§ 1610.2 Public participation.

(a) The public shall be provided opportunities to meaningfully participate in and comment on the preparation of plans, amendments and related guidance and be given early notice of planning activities. Public involvement in the resource management planning process shall conform to the requirements of the National Environmental Policy Act and associated implementing regulations.

(b) The Director shall, early in each fiscal year, publish a planning schedule advising the public of the status of each plan in process of preparation or to be started during that fiscal year, the major action on each plan during that fiscal year and projected new

planning starts for the 3 succeeding fiscal years. The notice shall call for public comments on projected new planning starts so that such comments can be considered in refining priorities for those years.

(c) Upon starting the preparation, amendment or revision of resource management plans, public participation shall be initiated by a notice published in the FEDERAL REGISTER and appropriate media, including newspapers of general circulation in the State, adjoining States where the District Manager deems it appropriate, and the District. This notice may also constitute the scoping notice required by regulation for the National Environmental Policy Act (40 CFR 1501.7). This notice shall include the following:

(1) Description of the proposed planning action;

(2) Identification of the geographic area for which the plan is to be prepared;

(3) The general types of issues anticipated;

(4) The disciplines to be represented and used to prepare the plan;

(5) The kind and extent of public participation opportunities to be provided;

(6) The times, dates and locations scheduled or anticipated for any public meetings, hearings, conferences or other gatherings, as known at the time;

(7) The name, title, address and telephone number of the Bureau of Land Management official who may be contacted for further information; and

(8) The location and availability of documents relevant to the planning process.

(d) A list of individuals and groups known to be interested in or affected by a resource management plan shall be maintained by the District Manager and those on the list shall be notified of public participation activities. Individuals or groups may ask to be placed on this list. Public participation activities conducted by the Bureau of Land Management shall be documented by a record or summary of the principal issues discussed and comments made.

The documentation together with a list of attendees shall be available to the
