rights and is, in most cases, for a limited period which is specified in regulations or in the document that segregates the lands. Where there is an administrative appeal or review action on an application pursuant to part 4 or other subparts of this title, the segregative period continues in effect until publication of an opening order.

(b) Opening orders may be issued at any time but are required when the opening date is not specified in the document creating the segregation, or when an action is taken to terminate the segregative effect and open the lands prior to the specified opening date.

§ 2091.1 Action on applications and mining claims.

(a) Except where the law and regulations provide otherwise, all applications shall be accepted for filing. However, applications which are accepted for filing shall be rejected and cannot be held pending possible future availability of the lands or interests in lands, except those that apply to selections made by the State of Alaska under section 906(e) of the Alaska National Interest Land Conservation Act and selections made by Alaska Native Corporations under section 3(e) of the Alaska Native Claims Settlement Act, when approval of the application is prevented by:

- (1) A withdrawal, reservation, classification, or management decision applicable to the lands;
- (2) An allowed entry or selection of lands;
- (3) A lease which grants the lessee exclusive use of the lands;
- (4) Classifications existing under appropriate law;
- (5) Segregation due to an application previously filed under appropriate law and regulations;
- (6) Segregation resulting from a notice of realty action previously published in the FEDERAL REGISTER under appropriate regulations; and
- (7) The fact that, for any reason, the lands have not been made subject to, restored or opened to operation of the public land laws, including the mineral laws.

(b) Lands may not be appropriated under the mining laws prior to the date

and time of restoration and opening. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. 38, vests no rights against the United States. Actions required to establish a mining claim location and to initiate a right of possession are governed by State laws where those laws are not in conflict with Federal law. The Bureau of Land Management does not intervene in disputes between rival locators over possessory rights because Congress has provided for the resolution of these matters in local courts.

§ 2091.2–1 Segregation.

The publication of a Notice of Realty Action in the FEDERAL REGISTER segregates lands that are available for disposal under:

(b) The sales provisions of section 203 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1713) for a period of 270 days (See part 2710).

(a) The segregative effect of a Notice of Realty Action automatically terminates either:

(1) At the end of the periods set out in § 2091.2–1 of this title (See part 2740); or

(2) As of the date specified in an opening order published in the FEDERAL REGISTER; or

§ 2091.3-1 Segregation.

(b) The filing of an application for lands for selection by a State (exclusive of Alaska) segregates the lands included in the application for a period of 2 years from the date the application is filed. (See subparts 2621 and 2622)

(c) The filing of an application and publication of the notice of the filing of an application in the FEDERAL REGISTER for the purchase of Federally-owned mineral interests under section 209 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1719) segregates the lands for a period of 2 years from the date of the publication of the notice of filing of the application with the authorized officer. (See part 2720)

(d) The filing of an application for an airport lease under the Act of May 24, 1928, as amended (49 U.S.C. Appendix 211-213), or the filing of a request for an airport conveyance under the Airport and Airway Improvement Act of 1982 (49 U.S.C. 2215), segregates the lands as of the date of filing with the authorized officer. (See part 2640 and subpart 2911)

[52 FR 12175, Apr. 15, 1987; 52 FR 13563, Apr. 23, 1987, as amended at 58 FR 60917, Nov. 18, 1993]

§ 2091.3-2 Opening.

(a) If a proposal or an application described in § 2091.3-1 of this part is not denied, modified, or otherwise terminated prior to the end of the segregative periods set out in § 2091.3-1 of this part, the segregative effect of the proposal or application automatically ter-

(1) Issuance of a patent or other document of conveyance to the affected lands; or

(2) The expiration of the applicable segregation period set out in § 2091.3-1 of this part.

(b) If the proposal or application described in § 2091.3-1 of this part is denied, modified, or otherwise terminated prior to the end of the segregation periods, the lands shall be opened promptly by publication in the FEDERAL REGISTER of an opening order specifying the date and time of opening.

(c) Upon conveyance of public lands under section 206 of the Federal Land Policy and Management Act, mineral interests reserved by the United States shall not be open to the operation of the mining laws pending the issuance of such regulations as the Secretary may prescribe.

(d) Subject to valid existing rights, non-Federal lands acquired through exchange by the United States shall be segregated automatically from appropriation under the public land laws and mineral laws for 90 days after acceptance of title by the United States, and the public land records shall be noted accordingly. Except to the extent otherwise provided by law, the lands shall be open to the operation of the public land laws and mineral laws at midnight 90 days after the day title was accepted unless otherwise segregated pursuant to part 2300 of this title.
