

improvement placed upon the land, according to the market price therefor, or for similar work or improvements prevailing in the vicinity, and not the amount alleged by a claimant to have been expended nor the mere proof of expenditures, as exhibited by checks or other vouchers. (Bradley v. Vasold, 36 L.D. 106.)

(c) *Expenditures not acceptable.* (1) Expenditures for cultivation after the soil has been first prepared may not be accepted, because the claimant is supposed to be compensated for such work by the crops to be reaped as a result of cultivation. Expenditures for surveying the claim in order to locate the corners of same may not be accepted. The cost of tools, implements, wagons, and repairs to same, used in construction work, may not be computed in cost of construction. Expenditures for material of any kind will not be allowed unless such material has actually been installed or employed in and for the purpose for which it was purchased. For instances, if credit is asked for posts and wire for fences or for pump or other well machinery, it must be shown that the fence has been actually constructed or the well machinery actually put in place. No expenditures can be credited on annual proofs upon a desert-land entry unless made on account of that particular entry, and expenditures once credited can not be again applied. This rule applies to second entries as well as to original entries, and a claimant who relinquishes his entry and makes second entry of the same land under the Act of September 5, 1914, cannot receive credit on annual proofs upon the second entry for expenditures made on account of the former entry. (41 L.D. 601 and 42 L.D. 523.)

(2) Expenditures for the clearing of the land will not receive credit in cases where the vegetation or brush claimed to have been cleared away has not been actually removed by the roots. Therefore, expenditures for clearing, where as a matter of fact there has been only crushing, or rolling, or what is known in some localities as railing the land will not be accepted.

(3) No expenditures for stock or interest in an irrigation company, through which water is to be secured

for irrigating the land, will be accepted as satisfactory annual expenditure until a field examiner, or other authorized officer, has submitted a report as to the resources and reliability of the company, including its actual water right, and such report has been favorably acted upon by the Bureau of Land Management. The stock purchased must carry the right to water, and it must be shown that payment in cash has been made at least to the extent of the amount claimed as expenditure for the purchase of such stock in connection with the annual proof submitted, and such stock must be actually owned by the claimants at the time of the submission of final proof.

(d) *Procedure where proof is not made when due.* Authorizing officers will examine their records frequently for the purpose of ascertaining whether all annual proofs due on pending desert-land entries have been made, and in every case where the claimant is in default in that respect they will send him notice and allow him 60 days in which to submit such proof. If the proof is not furnished as required the entry will be canceled. During the pendency of a Government proceeding initiated by such notice the entry will be protected against a private contest charging failure to make the required expenditures, and such contest will neither defeat the claimant's right to equitably perfect the entry as to the matter of expenditures during the 60 days allowed in the notice nor secure to the contestant a preference right in event the entry be canceled for default under said notice.

(e) *Desert land entry in more than one district.* When a desert-land entry embraces land in more than one district, the required annual proofs may be filed in either district, provided proper reference is made to the portion of the entry in the adjoining district, and the entryman must notify the authorized officer of the adjoining district by letter of the date when the annual proof is filed.

(f) *Extensions of time.* (1) The law makes no provision for extensions of time in which to file annual proof becoming due subsequent to December 31, 1936, on desert-land entries not embraced within the exterior boundaries
