

more than the monthly support obligation, the State must pay the excess to the State agency responsible for supervising the child's placement and care under section 472(a)(2) of the Act. The State agency must use the money in the manner it determines will serve the best interests of the child including:

(i) Setting aside amounts for the child's future needs; or

(ii) Making all or part of the amount available to the person responsible for meeting the child's daily needs to be used for the child's benefit.

(3) If the amount collected exceeds the amount required to be distributed under paragraphs (b) (1) and (2) of this section, but not the total unreimbursed foster care maintenance payments provided under title IV-E or unreimbursed assistance payments provided under title IV-A, the State shall retain the excess to reimburse itself for these payments. If past assistance or foster care maintenance payments are greater than the total support obligation owed, the maximum amount the State may retain as reimbursement for such payments is the amount of such obligation. If amounts are collected which represent the required support obligation for periods prior to the first month in which the family received assistance under the State's title IV-A plan or foster care maintenance payments under the State's title IV-E plan, such amounts may be retained by the State to reimburse the difference between such support obligation and such payments. Of the amounts retained by the State, the State IV-D agency shall determine the Federal government's share of the amount so that the State may reimburse the Federal government to the extent of its participation in financing the assistance payments and foster care maintenance payments.

(4) Any balance shall be paid to the State agency responsible for supervising the child's placement and care and shall be used to serve the best interests of the child as specified in paragraph (b)(2) of this section.

(5) If an amount collected as support represents payment on the required support obligation for future months, the amount shall be applied to those future months. However, no amounts

shall be applied to future months unless amounts have been collected which fully satisfy the support obligation assigned under sections 408(a)(3) and 471(a)(17) of the Act for the current month and all past months.

(c) When a State ceases making foster care maintenance payments under the State's title IV-E State plan, the assignment of support rights under section 471(a)(17) of the Act terminates except for the amount of any unpaid support that has accrued under the assignment. The IV-D agency shall attempt to collect such unpaid support. Under this requirement, any collection made by the State under this paragraph must be distributed in accordance with paragraph (b)(3) of this section.

**§302.54 Notice of collection of assigned support.**

(a) Effective January 1, 1993, the State plan shall provide that the State has in effect procedures for issuing notices of collections as follows:

(1) The IV-D agency must provide a monthly notice of the amount of support payments collected for each month to individuals who have assigned rights to support under section 408(a)(3) of the Act, unless no collection is made in the month, the assignment is no longer in effect and there are no longer any assigned arrearages, or the conditions in paragraph (c) of this section are met.

(2) The monthly notice must list separately payments collected from each noncustodial parent when more than one noncustodial parent owes support to the family and must indicate the amount of current support collected, the amount of arrearages collected and the amount of support collected which was paid to the family.

(b)(1) The Office may grant a waiver to permit a State to provide quarterly, rather than monthly, notices, if the State:

(i) Until September 30, 1997, does not have an automated system that performs child support enforcement activities consistent with §302.85 or has

**§ 302.55**

an automated system that is unable to generate monthly notices; or

(ii) Uses a toll-free automated voice response system which provides the information required under paragraph (b)(2) of this section.

(2) A quarterly notice must be provided in accordance with conditions set forth in paragraph (b)(1) of this section and such notice must contain the information set forth in paragraph (b)(2) of this section.

**§ 302.55 Incentive payments to States and political subdivisions.**

Effective October 1, 1985, in order for the State to be eligible to receive any incentive payments under §304.12 of this chapter, the State plan shall provide that, if one or more political subdivisions of the State participate in the costs of carrying out the activities under the State plan during any period, each such subdivision shall be entitled to receive an appropriate share of any incentive payments made to the State for such period, as determined by the State in accordance with §303.52 of this chapter, taking into account the efficiency and effectiveness of the political subdivision in carrying out the activities under the State plan.

**§ 302.56 Guidelines for setting child support awards.**

(a) Effective October 13, 1989, as a condition of approval of its State plan, the State shall establish one set of guidelines by law or by judicial or administrative action for setting and modifying child support award amounts within the State.

(b) The State shall have procedures for making the guidelines available to all persons in the State whose duty it is to set child support award amounts.

(c) The guidelines established under paragraph (a) of this section must at a minimum:

**45 CFR Ch. III (10-1-00 Edition)**

(1) Take into consideration all earnings and income of the noncustodial parent;

(2) Be based on specific descriptive and numeric criteria and result in a computation of the support obligation; and

(3) Provide for the child(ren)'s health care needs, through health insurance coverage or other means.

(d) The State must include a copy of the guidelines in its State plan.

(e) The State must review, and revise, if appropriate, the guidelines established under paragraph (a) of this section at least once every four years to ensure that their application results in the determination of appropriate child support award amounts.

(f) Effective October 13, 1989, the State must provide that there shall be a rebuttable presumption, in any judicial or administrative proceeding for the award of child support, that the amount of the award which would result from the application of the guidelines established under paragraph (a) of this section is the correct amount of child support to be awarded.

(g) A written finding or specific finding on the record of a judicial or administrative proceeding for the award of child support that the application of the guidelines established under paragraph (a) of this section would be unjust or inappropriate in a particular case shall be sufficient to rebut the presumption in that case, as determined under criteria established by the State. Such criteria must take into consideration the best interests of the child. Findings that rebut the guidelines shall state the amount of support that would have been required under the guidelines and include a justification of why the order varies from the guidelines.

(h) As part of the review of a State's guidelines required under paragraph (e) of this section, a State must consider economic data on the cost of raising children and analyze case data, gathered through sampling or other methods, on the application of, and deviations from, the guidelines. The analysis of the data must be used in the
