

§ 100.13

(a) Any alien or the representative of any alien;

(b) Any foreign government or the representative thereof;

(c) Any corporation organized under the laws of any foreign government;

(d) Any corporation of which more than one-fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof, or by any corporation organized under the laws of a foreign country; or

(e) Any corporation directly or indirectly controlled by any other corporation of which more than one-fourth of the capital stock is owned of record or voted by aliens, their representatives, or by a foreign government or representatives thereof, or by any corporation organized under the laws of a foreign country, if the Commission finds that the public interest will be served by the refusal or revocation of such license.

[47 FR 31574, July 21, 1982, as amended at 61 FR 55581, Oct. 28, 1996]

§ 100.13 Application requirements.

(a) Each application for an interim direct broadcast satellite system shall include a showing describing the type of service that will be provided, the technology that will be employed, and all other pertinent information. The application may be presented in narrative format.

(b) Applicants may request specific frequencies and orbital positions. However, frequencies and orbital positions shall not be assigned until completion of the 1983 Region 2 Administrative Radio Conference for the Broadcasting-Satellite Service. The Commission shall generally consider all frequencies and orbital positions to be of equal value, and conflicting requests for frequencies and orbital positions will not necessarily give rise to comparative hearing rights as long as unassigned frequencies and orbital slots remain.

§ 100.15 Licensing procedures.

(a) Each application for an interim direct broadcast satellite system shall be placed on public notice for 45 days, during which time interested parties may file comments and petitions related to the application.

47 CFR Ch. I (10-1-00 Edition)

(b) A 45 day cut-off period shall also be established for the filing of applications to be considered in conjunction with the original application. Additional applications filed before the cut-off date shall be considered to have equal priority with the original application and shall be considered together in the assignment of frequencies and orbital positions. If applications have included requests for particular frequencies or orbital positions, the cut-off date shall be considered in establishing the priority of such requests.

(c) Each application for an interim direct broadcast satellite system, after the public comment period and staff review, shall be acted upon by the Commission to determine if authorization of the proposed system is in the public interest.

§ 100.17 License term.

(a) Licenses for non-broadcast facilities governed by this part will be issued for a period of ten (10) years. Licenses for broadcast facilities governed by this part will be issued for a period of five (5) years.

(b) [Reserved]

[60 FR 65595, Dec. 20, 1995]

§ 100.19 Due diligence requirements.

(a) All persons granted DBS authorizations shall proceed with diligence in constructing DBS systems. Permittees shall be required to complete contracting for construction of the satellite station(s) within one year of the grant of the construction permit. The satellite stations shall also be required to be in operation within six years of the construction permit grant.

(b) In addition to the requirements stated in paragraph (a) of this section, all persons who receive new or additional DBS construction permits after January 19, 1996 shall complete construction of the first satellite in their respective DBS systems within four years of the grant of the construction permit. All satellite stations in such a DBS system shall be in operation within six years of the grant of the construction permit.

(c) DBS permittees and licensees shall be required to proceed consistent with all applicable due diligence obligations, unless otherwise determined
