

funds toward the requests for internal connections submitted by schools and libraries eligible for an 80 percent discount, then for a 70 percent discount, and shall continue committing funds for internal connections in the same manner to the applicants at each descending discount level until there are no funds remaining.

NOTE TO PARAGRAPH (C)(L)(III): To the extent that there are single discount percentage levels associated with "shared services" under §54.505(b)(4), the Administrator shall allocate funds for internal connections beginning at the ninety percent discount level, then for the eighty-nine percent discount, then for the eighty-eight percent discount, and shall continue committing funds for internal connections in the same manner to the applicants at each descending discount level until there are no funds remaining.

(iv) If the remaining funds are not sufficient to support all of the funding requests within a particular discount level, Schools and Libraries Corporation shall divide the total amount of remaining support available by the amount of support requested within the particular discount level to produce a pro-rata factor. Schools and Libraries Corporation shall reduce the support level for each applicant within the particular discount level, by multiplying each applicant's requested amount of support by the pro-rata factor.

(v) Schools and Libraries Corporation shall commit funds to all applicants consistent with the calculations described herein.

(2) *Rules of priority.* When expenditures in any funding year reach the level where only \$250 million remains before the cap will be reached, funds shall be distributed in accordance to the following rules of priority:

(i) The Administrator or the Administrator's subcontractor shall post a message on the Administrator's website, notify the Commission, and take reasonable steps to notify the educational and library communities that commitments for the remaining \$250 million of support will only be made to the most economically disadvantaged schools and libraries (those in the two most disadvantaged categories) for the next 30 days or the remainder of the funding year, whichever is shorter.

(ii) The most economically disadvantaged schools and libraries (those in the two most disadvantaged categories) that have not received discounts from the universal service support mechanism in the previous or current funding years shall have exclusive rights to secure commitments for universal service support under this subpart for a 30-day period or the remainder of the funding year, whichever is shorter. If such schools and libraries have received universal service support only for basic telephone service in the previous or current funding years, they shall remain eligible for the highest priority once spending commitments leave only \$250 million remaining before the funding cap is reached.

(iii) Other economically disadvantaged schools and libraries (those in the two most disadvantaged categories) that have received discounts from the universal service support mechanism in the previous or current funding years shall have the next highest priority, if additional funds are available at the end of the 30-day period or the funding year, whichever is shorter.

(iv) After all requests submitted by schools and libraries described in paragraphs (g)(2) and (g)(3) of this section during the 30-day period have been met, the Administrator shall allocate the remaining available funds to all other eligible schools and libraries in the order in which their requests have been received by the Administrator, until the \$250 million is exhausted or the funding year ends.

to enable the Administrator, to estimate funding demand for the following year.

(b) *Reduction in percentage discounts.* If the estimates schools and libraries make of their future funding needs lead the Administrator to predict that total funding requests for a funding year will exceed the available funding, the Administrator shall calculate the percentage reduction to all schools and libraries, except those in the two most disadvantaged categories, necessary to permit all requests in the next funding year to be fully funded.

(c) *Remaining funds.* If funds remain under the cap at the end of the funding year in which discounts have been reduced below those set in the matrices, the Administrator shall consult with the Commission to establish the best way to distribute those funds.
