

§ 54.611

47 CFR Ch. I (10–1–00 Edition)

as state and federal taxes shall be eligible for universal service support. Charges for termination liability, penalty surcharges, and other charges not included in the cost of taking such service shall not be covered by the universal service support mechanisms.

(1) With one exception, the Administrator shall consider the base rates for telecommunications services elements in rural areas to be reasonably comparable to the base rates charged for similar telecommunications service elements in urban areas in that state, and, therefore, the Administrator shall not include these charges in calculating the support. The Administrator shall include, in the support calculation, all other charges specified, and all actual distance-based charges as follows:

(i) If the requested service distance is less than or equal to the SUD for the state, the distance-based charge for that service can be no higher than the distance-based charge for a similar service over the same distance in the large city nearest to the rural health care provider;

(ii) If the requested service distance is greater than the SUD for the state, but less than the maximum allowable distance, the distance-based charge for that service can be no higher than the distance-based charge for a similar service in the large city nearest to the rural health care provider over the SUD.

(iii) “Distance-based charges” are charges based on a unit of distance, such as mileage-based charges.

(iv) Except with regard to services provided under § 54.621, a telecommunications carrier that provides telecommunications service to a rural health care provider participating in an eligible health care consortium, and the consortium must establish the actual distance-based charges for the health care provider’s portion of the shared telecommunications services.

(2) If a telecommunications carrier, health care provider, and/or consortium of health care providers reasonably determines that the base rates for telecommunications services elements in rural areas are *not* reasonably comparable to the base rates charged for similar telecommunications service

elements in urban areas in that state, the telecommunications carrier, health care provider, and/or consortium of health care providers may request that the Administrator perform a more comprehensive support calculation. The requester shall provide to the Administrator the information to establish both the urban and rural rates consistent with § 54.605 and § 54.607, and submit to the Administrator all of the documentation necessary to substantiate the request.

(i) Except with regard to services provided under § 54.621, a telecommunications carrier that provides telecommunications service to a rural health care provider participating in an eligible health care consortium, and the consortium must establish the applicable rural base rates for telecommunications service elements for the health care provider’s portion of the shared telecommunications services, as well as the applicable urban base rates for the telecommunications service elements.

(b) Absent documentation justifying the amount of universal service support requested for health care providers participating in a consortium, the Administrator shall not allow telecommunications carriers to offset, or receive reimbursement for, the amount eligible for universal service support.

(c) The universal service support mechanisms shall provide support for intrastate telecommunications services, as set forth in § 54.101 paragraph (a), provided to rural health care providers as well as interstate telecommunications services.

[62 FR 32948, June 17, 1997, as amended at 62 FR 41305, Aug. 1, 1997; 63 FR 2131, Jan. 13, 1998; 63 FR 70572, Dec. 21, 1998; 64 FR 66787, Nov. 30, 1999]

§ 54.611 Distributing support.

(a) A telecommunications carrier providing services eligible for support under this subpart to eligible health care providers shall treat the amount eligible for support under this subpart as an offset against the carrier’s universal service support obligation for the year in which the costs for providing eligible services were incurred.

Federal Communications Commission

§ 54.615

(b) If the total amount of support owed to a carrier, as set forth in paragraph (a) of this section, exceeds its universal service obligation, calculated on an annual basis, the carrier may receive a direct reimbursement in the amount of the difference.

(c) Any reimbursement due a carrier shall be made after the offset is credited against that carrier's universal service obligation.

(d) Any reimbursement due a carrier shall be submitted to that carrier no later than the end of the first quarter of the calendar year following the year in which the costs were incurred and the offset against the carrier's universal service obligation was applied.

§ 54.613 Limitations on supported services for rural health care providers.

(a) Upon submitting a bona fide request to a telecommunications carrier, each eligible rural health care provider is entitled to receive the most cost-effective, commercially-available telecommunications service at a rate no higher than the highest urban rate, as defined in this paragraph, at a distance not to exceed the distance between the eligible health care provider's site and the farthest point from that site that is on the jurisdictional boundary of the nearest large city, as defined in § 54.605(c).

(b) This section shall not affect a rural health care provider's ability to obtain supported services under § 54.621.

[64 FR 66787, NOV. 30, 1999]

§ 54.615 Obtaining services.

(a) *Selecting a provider.* In selecting a telecommunications carrier, a health care provider shall consider all bids submitted and select the most cost-effective alternative.

(b) *Receiving supported rate.* Except with regard to services provided under § 54.621, upon receiving a bona fide request for an eligible service from an eligible health care provider, as set forth in paragraph (c) of this section, a telecommunications carrier shall provide the service at a rate no higher than the urban rate, as defined in § 54.605, subject to the limitations set forth in this Subpart.

(c) *Bona fide request.* In order to receive services eligible for universal service support under this subpart, an eligible health care provider must submit a request for services to the telecommunications carrier, Signed by an authorized officer of the health care provider, and shall include that person's certification under oath that:

(1) The requester is a public or non-profit entity that falls within one of the seven categories set forth in the definition of health care provider, listed in § 54.601(a);

(2) The requester is physically located in a rural area, unless the health care provider is requesting services provided under § 54.621;

(3) If the health care provider is requesting services provided under § 54.621, that the requester cannot obtain toll-free access to an Internet service provider;

(4) The requested service or services will be used solely for purposes reasonably related to the provision of health care services or instruction that the health care provider is legally authorized to provide under the law in the state in which such health care services or instruction are provided;

(5) The requested service or services will not be sold, resold or transferred in consideration of money or any other thing of value;

(6) If the service or services are being purchased as part of an aggregated purchase with other entities or individuals, the full details of any such arrangement, including the identities of all co-purchasers and the portion of the service or services being purchased by the health care provider; and

(7) The requester is selecting the most cost-effective method of providing the requested service or services, where the most cost-effective method of providing a service is defined as the method that costs the least after consideration of the features, quality of transmission, reliability, and other factors that the health care provider deems relevant to choosing a method of providing the required health care services.

(d) *Annual renewal.* The certification set forth in paragraph (c) of this section shall be renewed annually.
