

§ 64.1902 Terms and definitions.

Terms used in this part have the following meanings:

Books of account. Books of account refer to the financial accounting system a company uses to record, in monetary terms, the basic transactions of a company. These books of account reflect the company's assets, liabilities, and equity, and the revenues and expenses from operations. Each company has its own separate books of account.

Incumbent Independent Local Exchange Carrier (Incumbent Independent LEC). The term incumbent independent local exchange carrier means, with respect to an area, the independent local exchange carrier that:

(1) On February 8, 1996, provided telephone exchange service in such area; and

(2)(i) On February 8, 1996, was deemed to be a member of the exchange carrier association pursuant to §69.601(b) of this title; or

(ii) Is a person or entity that, on or after February 8, 1996, became a successor or assign of a member described in paragraph (2)(i) of this section. The Commission may also, by rule, treat an independent local exchange carrier as an incumbent independent local exchange carrier pursuant to section 251(h)(2) of the Communications Act of 1934, as amended.

Independent Local Exchange Carrier (Independent LEC). Independent local exchange carriers are local exchange carriers, including GTE, other than the BOCs.

Independent Local Exchange Carrier Affiliate (Independent LEC Affiliate). An independent local exchange carrier affiliate is a carrier that is owned (in whole or in part) or controlled by, or under common ownership (in whole or in part) or control with, an independent local exchange carrier.

In-region service. In-region service means telecommunications service originating in an independent local exchange carrier's local service areas or 800 service, private line service, or their equivalents that:

(1) Terminate in the independent LEC's local exchange areas; and

(2) Allow the called party to determine the interexchange carrier, even if

the service originates outside the independent LEC's local exchange areas.

Local Exchange Carrier. The term local exchange carrier means any person that is engaged in the provision of telephone exchange service or exchange access. Such term does not include a person insofar as such person is engaged in the provision of a commercial mobile service under section 332(c), except to the extent that the Commission finds that such service should be included in the definition of that term.

[64 FR 44425, Aug. 16, 1999]

§ 64.1903 Obligations of all incumbent independent local exchange carriers.

(a) Except as provided in paragraph (c) of this section, an incumbent independent LEC providing in-region, interstate, interexchange services or in-region international interexchange services shall provide such services through an affiliate that satisfies the following requirements:

(1) The affiliate shall maintain separate books of account from its affiliated exchange companies. Nothing in this section requires the affiliate to maintain separate books of account that comply with Part 32 of this title;

(2) The affiliate shall not jointly own transmission or switching facilities with its affiliated exchange companies. Nothing in this section prohibits an affiliate from sharing personnel or other resources or assets with an affiliated exchange company; and

(3) The affiliate shall acquire any services from its affiliated exchange companies for which the affiliated exchange companies are required to file a tariff at tariffed rates, terms, and conditions. Nothing in this section shall prohibit the affiliate from acquiring any unbundled network elements or exchange services for the provision of a telecommunications service from its affiliated exchange companies, subject to the same terms and conditions as provided in an agreement approved under section 252 of the Communications Act of 1934, as amended.

(b) Except as provided in paragraph (b)(1) of this section, the affiliate required in paragraph (a) of this section shall be a separate legal entity from its

affiliated exchange companies. The affiliate may be staffed by personnel of its affiliated exchange companies, housed in existing offices of its affiliated exchange companies, and use its affiliated exchange companies' marketing and other services, subject to paragraph (a)(3) of this section.

(1) For an incumbent independent LEC that provides in-region, interstate domestic interexchange services or in-region international interexchange services using no interexchange switching or transmission facilities or capability of the LEC's own (i.e., "independent LEC reseller,") the affiliate required in paragraph (a) of this section may be a separate corporate division of such incumbent independent LEC. All other provisions of this Subpart applicable to an independent LEC affiliate shall continue to apply, as applicable, to such separate corporate division.

(2) [Reserved]

(c) An incumbent independent LEC that is providing in-region, interstate, domestic interexchange services or in-region international interexchange services prior to April 18, 1997, but is not providing such services through an affiliate that satisfies paragraph (a) of this section as of April 18, 1997, shall comply with the requirements of this section no later than August 30, 1999.

Subpart U—Customer Proprietary Network Information

SOURCE: 63 FR 20338, Apr. 24, 1998, unless otherwise noted.

§ 64.2001 Basis and purpose.

(a) *Basis*. The rules in this subpart are issued pursuant to the Communications Act of 1934, as amended.

(b) *Purpose*. The purpose of the rules in this subpart is to implement section 222 of the Communications Act of 1934, as amended, 47 U.S.C. 222.

§ 64.2003 Definitions.

Terms used in this subpart have the following meanings:

(a) *Affiliate*. An affiliate is an entity that directly or indirectly owns or controls, is owned or controlled by, or is

under common ownership or control with, another entity.

(b) *Customer*. A customer of a telecommunications carrier is a person or entity to which the telecommunications carrier is currently providing service.

(c) *Customer proprietary network information (CPNI)*.

(1) Customer proprietary network information (CPNI) is:

(i) Information that relates to the quantity, technical configuration, type, destination, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the customer-carrier relationship; and

(ii) Information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier.

(2) Customer proprietary network information does not include subscriber list information.

(d) *Customer premises equipment (CPE)*. Customer premises equipment (CPE) is equipment employed on the premises of a person (other than a carrier) to originate, route, or terminate telecommunications.

(e) *Information service*. Information service is the offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via telecommunications, and includes electronic publishing, but does not include any use of any such capability for the management, control, or operation of a telecommunications system or the management of a telecommunications service.

(f) *Local exchange carrier (LEC)*. A local exchange carrier (LEC) is any person that is engaged in the provision of telephone exchange service or exchange access. For purposes of this subpart, such term does not include a person insofar as such person is engaged in the provision of commercial mobile service under 47 U.S.C. 332(c).

(g) *Subscriber list information (SLI)*. Subscriber list information (SLI) is any information:
