

§ 24.103

prior approval of the owner, the Agency may obtain a right-of-entry for construction purposes before making payment available to an owner.

(k) *Uneconomic remnant*. If the acquisition of only a portion of a property would leave the owner with an uneconomic remnant, the Agency shall offer to acquire the uneconomic remnant along with the portion of the property needed for the project. (See §24.2.)

(l) *Inverse condemnation*. If the Agency intends to acquire any interest in real property by exercise of the power of eminent domain, it shall institute formal condemnation proceedings and not intentionally make it necessary for the owner to institute legal proceedings to prove the fact of the taking of the real property.

(m) *Fair rental*. If the Agency permits a former owner or tenant to occupy the real property after acquisition for a short term or a period subject to termination by the Agency on short notice, the rent shall not exceed the fair market rent for such occupancy.

§ 24.103 Criteria for appraisals.

(a) *Standards of appraisal*. The format and level of documentation for an appraisal depend on the complexity of the appraisal problem. The Agency shall develop minimum standards for appraisals consistent with established and commonly accepted appraisal practice for those acquisitions which, by virtue of their low value or simplicity, do not require the in-depth analysis and presentation necessary in a detailed appraisal. A detailed appraisal shall be prepared for all other acquisitions. A detailed appraisal shall reflect nationally recognized appraisal standards, including, to the extent appropriate, the Uniform Appraisal Standards for Federal Land Acquisition. An appraisal must contain sufficient documentation, including valuation data and the appraiser's analysis of that data, to support his or her opinion of value. At a minimum, a detailed appraisal shall contain the following items:

(1) The purpose and/or the function of the appraisal, a definition of the estate being appraised, and a statement of the

49 CFR Subtitle A (10-1-01 Edition)

assumptions and limiting conditions affecting the appraisal.

(2) An adequate description of the physical characteristics of the property being appraised (and, in the case of a partial acquisition, an adequate description of the remaining property), a statement of the known and observed encumbrances, if any, title information, location, zoning, present use, an analysis of highest and best use, and at least a 5-year sales history of the property.

(3) All relevant and reliable approaches to value consistent with commonly accepted professional appraisal practices. When sufficient market sales data are available to reliably support the fair market value for the specific appraisal problem encountered, the Agency, at its discretion, may require only the market approach. If more than one approach is utilized, there shall be an analysis and reconciliation of approaches to value that are sufficient to support the appraiser's opinion of value.

(4) A description of comparable sales, including a description of all relevant physical, legal, and economic factors such as parties to the transaction, source and method of financing, and verification by a party involved in the transaction.

(5) A statement of the value of the real property to be acquired and, for a partial acquisition, a statement of the value of the damages and benefits, if any, to the remaining real property, where appropriate.

(6) The effective date of valuation, date of appraisal, signature, and certification of the appraiser.

(b) *Influence of the project on just compensation*. To the extent permitted by applicable law, the appraiser shall disregard any decrease or increase in the fair market value of the real property caused by the project for which the property is to be acquired, or by the likelihood that the property would be acquired for the project, other than that due to physical deterioration within the reasonable control of the owner.

(c) *Owner retention of improvements*. If the owner of a real property improvement is permitted to retain it for removal from the project site, the

amount to be offered for the interest in the real property to be acquired shall be not less than the difference between the amount determined to be just compensation for the owner's entire interest in the real property and the salvage value (defined at §24.2) of the retained improvement.

(d) *Qualifications of appraisers.* (1) The Agency shall establish criteria for determining the minimum qualifications of appraisers. Appraiser qualifications shall be consistent with the level of difficulty of the appraisal assignment. The Agency shall review the experience, education, training, and other qualifications of appraisers, including review appraisers, and utilize only those determined to be qualified.

(2) If the appraisal assignment requires the preparation of a detailed appraisal pursuant to §24.103(a), and the Agency uses a contract (fee) appraiser to perform the appraisal, such appraiser shall be certified in accordance with title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) (12 U.S.C. 3331 *et seq.*).

(e) *Conflict of interest.* No appraiser or review appraiser shall have any interest, direct or indirect, in the real property being appraised for the Agency that would in any way conflict with the preparation or review of the appraisal. Compensation for making an appraisal shall not be based on the amount of the valuation. No appraiser shall act as a negotiator for real property which that person has appraised, except that the Agency may permit the same person to both appraise and negotiate an acquisition where the value of the acquisition is \$2,500, or less.

§ 24.104 Review of appraisals.

The Agency shall have an appraisal review process and, at a minimum:

(a) A qualified reviewing appraiser shall examine all appraisals to assure that they meet applicable appraisal requirements and shall, prior to acceptance, seek necessary corrections or revisions.

(b) If the reviewing appraiser is unable to approve or recommend approval

of an appraisal as an adequate basis for the establishment of the offer of just compensation, and it is determined that it is not practical to obtain an additional appraisal, the reviewing appraiser may develop appraisal documentation in accordance with §24.103 to support an approved or recommended value.

(c) The review appraiser's certification of the recommended or approved value of the property shall be set forth in a signed statement which identifies the appraisal reports reviewed and explains the basis for such recommendation or approval. Any damages or benefits to any remaining property shall also be identified in the statement.

§ 24.105 Acquisition of tenant-owned improvements.

(a) *Acquisition of improvements.* When acquiring any interest in real property, the Agency shall offer to acquire at least an equal interest in all buildings, structures, or other improvements located upon the real property to be acquired, which it requires to be removed or which it determines will be adversely affected by the use to which such real property will be put. This shall include any improvement of a tenant-owner who has the right or obligation to remove the improvement at the expiration of the lease term.

(b) *Improvements considered to be real property.* Any building, structure, or other improvement, which would be considered to be real property if owned by the owner of the real property on which it is located, shall be considered to be real property for purposes of this subpart.

(c) *Appraisal and establishment of just compensation for tenant-owned improvements.* Just compensation for a tenant-owned improvement is the amount which the improvement contributes to the fair market value of the whole property or its salvage value, whichever is greater. (Salvage value is defined at §24.2.)

(d) *Special conditions.* No payment shall be made to a tenant-owner for any real property improvement unless:

(1) The tenant-owner, in consideration for the payment, assigns, transfers, and releases to the Agency all of
