

(1) Name, address, and telephone number of the person submitting the application.

(2) Name, address, and telephone number of the person on whose behalf the application is submitted.

(3) Date, time, place, and weather conditions of the action that is the subject of the application.

(4) Identification of rail or motor carrier involved, or of operator of motor vehicles involved.

(5) Identification of any public or private authority that investigated the accident/incident involved.

(6) Name, address, and telephone number of any witness to the action that is the subject of the application.

(7) Detailed description of the action that is the subject of the application, including why the person submitting the application thinks that the action merits the extraordinary recognition embodied in the Medal of Honor.

(c) An application and any documentary or other evidence supporting it must be supported by oath or affirmation, or by the signer's acknowledgment that a knowingly false statement is punishable as perjury.

§ 79.5 Investigation.

The Department of Transportation may make any investigation of an application that it deems appropriate, including the taking of testimony under oath or affirmation.

§ 79.7 Award.

If the Secretary of Transportation decides that it is warranted, the Secretary shall award the Medal on behalf of and in the name of the President of the United States.

§ 79.9 Design.

The Department is authorized to adopt and revise the existing designs for the award, rosette, and ribbon provided for by statute.

PART 80—CREDIT ASSISTANCE FOR SURFACE TRANSPORTATION PROJECTS

Sec.

80.1 Purpose.

80.3 Definitions.

80.5 Limitations on assistance.

80.7 Application process.

80.9 Federal requirements.

80.11 Investment-grade ratings.

80.13 Threshold criteria.

80.15 Selection criteria.

80.17 Fees.

80.19 Reporting requirements.

80.21 Use of administrative offset.

AUTHORITY: Secs. 1501 *et seq.*, Pub. L. 105-178, 112 Stat. 107, 241, as amended; 23 U.S.C. 181-189 and 315; 49 CFR 1.48, 1.49, and 1.51.

SOURCE: 64 FR 29750, June 2, 1999, unless otherwise noted.

§ 80.1 Purpose.

This part implements a Federal credit assistance program for surface transportation projects.

§ 80.3 Definitions.

The following definitions apply to this part:

Administrative offset means the right of the government to apply moneys held by the government and otherwise owed to a debtor for the extinguishment of claims due the government from the debtor.

Conditional term sheet means a contractual agreement between the U.S. Department of Transportation (DOT) and the project sponsor (and the lender, if applicable) by which the DOT reserves TIFIA funding for a specific project and commits to providing Federal credit assistance to that project at a future point in time upon satisfaction of specified conditions and subject to the future availability of obligation authority. The DOT will not legally obligate budget authority until those conditions are met. Upon satisfaction of those conditions, the conditional term sheet can be amended and/or restated to trigger an obligation of funds.

Credit agreement means a contractual agreement between the DOT and the project sponsor (and the lender, if applicable) that formalizes the terms and conditions established in the term sheet (or conditional term sheet) and authorizes the execution of a secured loan, loan guarantee, or line of credit.

Eligible project costs mean amounts substantially all of which are paid by, or for the account of, an obligor in connection with a project, including the cost of:

(1) Development phase activities, including planning, feasibility analysis,

§ 80.3

49 CFR Subtitle A (10-1-01 Edition)

revenue forecasting, environmental review, permitting, preliminary engineering and design work, and other pre-construction activities;

(2) Construction, reconstruction, rehabilitation, replacement, and acquisition of real property (including land related to the project and improvements to land), environmental mitigation, construction contingencies, and acquisition of equipment; and

(3) Capitalized interest necessary to meet market requirements, reasonably required reserve funds, capital issuance expenses, and other carrying costs during construction.

Federal credit instrument means a secured loan, loan guarantee, or line of credit authorized to be made available under this subchapter with respect to a project.

Investment-grade rating means a rating category of BBB minus, Baa3, or higher assigned by a rating agency to project obligations offered into the capital markets.

Lender means any non-Federal qualified institutional buyer (as defined in 17 CFR 230.144A(a)), known as Rule 144A(a) of the Securities and Exchange Commission and issued under the Securities Act of 1933 (15 U.S.C. 77a et seq.), including:

(1) A qualified retirement plan (as defined in section 4974(c) of the Internal Revenue Code of 1986, 26 U.S.C. 4974(c)) that is a qualified institutional buyer; and

(2) A governmental plan (as defined in section 414(d) of the Internal Revenue Code of 1986, 26 U.S.C. 414(d)) that is a qualified institutional buyer.

Line of credit means an agreement entered into by the Secretary with an obligor under section 184 of title 23 to provide a direct loan at a future date upon the occurrence of certain events.

Loan guarantee means any guarantee or other pledge by the Secretary to pay all or part of the principal of and interest on a loan or other debt obligation issued by an obligor and funded by a lender.

Local servicer means:

(1) A State infrastructure bank established under title 23; or

(2) A State or local government or any agency of a State or local government that is responsible for servicing a

Federal credit instrument on behalf of the Secretary.

Obligor means a party primarily liable for payment of the principal of or interest on a Federal credit instrument, which party may be a corporation, partnership, joint venture, trust, or governmental entity, agency, or instrumentality.

Project means:

(1) Any surface transportation project eligible for Federal assistance under title 23 or chapter 53 of title 49;

(2) A project for an international bridge or tunnel for which an international entity authorized under Federal or State law is responsible;

(3) A project for intercity passenger bus or rail facilities and vehicles, including facilities and vehicles owned by the National Railroad Passenger Corporation, and components of magnetic levitation transportation systems; and

(4) A project for publicly owned intermodal surface freight transfer facilities, other than seaports and airports, if the facilities are located on or adjacent to National Highway System routes or connections to the National Highway System.

Project obligation means any note, bond, debenture, or other debt obligation issued by an obligor in connection with the financing of a project, other than a Federal credit instrument.

Project sponsor, for the purposes of this part, means an applicant for TIFIA assistance or an obligor, as appropriate.

Rating agency means a bond rating agency identified by the Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization.

Secured loan means a direct loan or other debt obligation issued by an obligor and funded by the Secretary in connection with the financing of a project under section 183 of title 23.

State means any one of the fifty states, the District of Columbia, or Puerto Rico.

Subsidy amount means the amount of budget authority sufficient to cover the estimated long-term cost to the Federal Government of a Federal credit instrument, calculated on a net

present value basis, excluding administrative costs and any incidental effects on governmental receipts or outlays in accordance with the provisions of the Federal Credit Reform Act of 1990 (2 U.S.C. 661 *et seq.*).

Substantial completion means the opening of a project to vehicular or passenger traffic or a comparable event as determined by the Secretary and specified in the credit agreement.

Term sheet means a contractual agreement between the DOT and the project sponsor (and the lender, if applicable) that sets forth the key business terms and conditions of a Federal credit instrument. Execution of this document represents a legal obligation of budget authority.

TIFIA means the Transportation Infrastructure Finance and Innovation Act of 1998, Pub. L. 105-178, 112 Stat. 107, 241 (1998).

[64 FR 29750, June 2, 1999, as amended at 65 FR 44939, July 19, 2000]

§ 80.5 Limitations on assistance.

(a) The total amount of credit assistance offered to any project under this part shall not exceed 33 percent of the anticipated eligible project costs, as measured on an aggregate cash (year-of-expenditure) basis.

(b) Costs incurred prior to a project sponsor's submission of an application for credit assistance may be considered in calculating eligible project costs only upon approval of the Secretary. In addition, applicants shall not include application charges or any other expenses associated with the application process (such as charges associated with obtaining the required preliminary rating opinion letter) among the eligible project costs.

(c) No costs financed internally or with interim funding may be refinanced under this part later than a year following substantial completion of the project.

(d)(1) Within the overall credit assistance limitation of 33 percent of eligible project costs, the Secretary may consider making future-year or multi-year contingent commitments of budget authority and associated credit assistance for projects temporarily lacking certain requirements or with extended construction periods and financing

needs. The TIFIA's effectiveness in stimulating private investment in transportation infrastructure depends, in large part, on investor recognition that TIFIA credit instruments represent solid and reliable Federal commitments. Therefore, the Secretary shall make any future-year or multi-year contingent commitment of funds for a project using a conditional term sheet. The conditional term sheet will resemble the standard term sheet that enables the obligation of budget authority, but will also specify the additional actions necessary to trigger subsequent obligation(s). The conditional term sheet will include fixed dates by which any requirements must be met in order for the reserved funding to be obligated.

(2) Upon execution of the conditional term sheet, the Secretary shall reserve budget authority attributable to the appropriate year(s). This reservation will ensure that a project with a conditional commitment will have a priority claim (along with that of any other projects receiving such contingent commitments) on budget authority becoming available in the specified year(s), provided that the project sponsor satisfies each condition outlined in the conditional term sheet. The Secretary will limit such reservations to not more than 50 percent of the budget authority becoming available in the applicable year(s). If a multi-year contingent commitment is made, each year's loan will be tied to distinct, clearly identified project segments or stages or other milestones as specified in the credit agreement.

(e) The obligor may draw upon the line of credit only if net project revenues (including, among other sources, any debt service reserve fund) are insufficient to pay costs specified in 23 U.S.C. 184(a)(2) under the line of credit, including debt service costs. Debt service costs include direct payments of principal and interest as well as reimbursements for such payments in the form of legally required deposits to a debt service reserve fund.

(f) The Secretary shall not obligate funds in favor of a project that has not received an environmental Categorical Exclusion, Finding of No Significant Impact, or Record of Decision.
