

§100.24, only those Alaskans who are residents of rural areas or communities so designated are eligible for subsistence taking of that population, on public lands for subsistence uses, under these regulations. All other individuals are prohibited from taking fish or wildlife from that population under these regulations.

(c) Where customary and traditional use determinations for a fish stock or wildlife population within a specific area have not yet been made by the Board (e.g. "no determination"), all Alaskans who are residents of rural areas or communities are eligible to participate in subsistence taking of that stock or population under these regulations.

(d) This section does not limit the authority of the National Park Service to regulate further the eligibility of those individuals qualified to engage in subsistence uses on National Park Service lands in accordance with specific authority in ANILCA, and National Park Service regulations at 36 CFR part 13.

**§100.6 Licenses, permits, harvest tickets, tags, and reports.**

(a) To take fish and wildlife on public lands for subsistence uses, subsistence users must possess and comply with the provisions of any pertinent permits, harvest tickets, or tags required by the State, or Federal permits, harvest tickets, or tags as required by the Board; and must possess the pertinent valid State hunting, fishing, and trapping licenses unless Federal licenses are required or unless otherwise provided for in these regulations.

(b) To make a fraudulent application for Federal or State licenses, permits, harvest tickets or tags is prohibited.

(c) Harvest tickets, tags, permits, or other required documents must be validated before removing the kill from the harvest site.

(d) Persons engaged in taking fish and wildlife under these regulations must comply with all reporting provisions which the Board may require.

(e) Licenses, permits, harvest tickets, tags or other documents required by this section must be produced by individuals upon the request of a State or Federal law enforcement agent. Per-

sons engaged in taking fish and wildlife under these regulations must allow State or Federal law enforcement agents to inspect any apparatus designed to be used, or capable of being used to take fish or wildlife, or any fish or wildlife in possession.

(f) The Board may implement harvest reporting systems or permit systems where:

(1) The fish and wildlife is taken by an individual who is required to obtain and possess pertinent State harvest permits, tickets, or tags, or Federal permits, harvest tickets, or tags;

(2) A qualified subsistence user may designate another qualified subsistence user to take fish and wildlife on his or her behalf; or

(3) The fish and wildlife is taken by individuals or community representatives permitted a one-time or annual harvest for special purposes including ceremonies and potlatches;

(4) The fish and wildlife is taken by representatives of a community permitted to do so in a manner consistent with the community's customary and traditional practices.

(g) When the taking of fish and wildlife is in accordance with §100.6, the permittee must comply with all of the reporting requirements of the permit. Individuals designated on a permit to take fish and wildlife are required to have that permit in their possession during the taking and to comply with all requirements of the permit, regulations in subpart A §100.6 pertaining to validation and reporting, and to regulations in subpart D pertaining to methods and means, possession and transportation, and utilization.

(h) When a community takes fish and wildlife in accordance with §100.6(f)(3) and (4), the harvest activity must be reported in accordance with regulations specified for that community in subpart D, and as required by any applicable permit conditions. Individuals may be responsible for particular reporting requirements in the conditions permitting a specific community's harvest. Failure to comply with these conditions is a violation of these regulations. Community harvests are reviewed annually under subpart D regulations.
