

their eggs from any person not authorized by a valid permit issued pursuant to this part to dispose of such birds or their eggs.

(2) All live migratory waterfowl possessed in captivity under authority of a valid waterfowl sale and disposal permit shall have been, prior to 6 weeks of age, physically marked as defined in § 21.13(b). All offspring of such birds hatched, reared, and retained in captivity shall be so marked prior to attaining 6 weeks of age. The preceding does not apply to captive adult geese, swans, and brant which were marked previous to March 1, 1967, by a “V” notch in the web of one foot, nor to such birds held in captivity at public zoological parks, and public scientific or educational institutions.

(3) Such properly marked birds may be killed, in any number, at any time or place, by any means except shooting. Such birds may be killed by shooting only in accordance with all the applicable hunting regulations governing the taking of like species from the wild.

(4) At all times during possession, transportation, and storage until the raw carcasses of such birds are finally processed immediately prior to cooking, smoking, or canning, the marked foot or wing must remain attached to each carcass: *Provided*, That permittees who are also authorized to sell game under a State license, permit or authorization may remove the marked foot or wing from the raw carcasses if the number of his State license, permit, or authorization has first been legibly stamped in ink on the back of each carcass and on the wrapping or container in which each carcass is maintained, or each carcass is identified by a State band on leg or wing pursuant to requirements of his State license, permit, or authorization.

(5) Such properly marked birds, alive or dead, or their eggs may be disposed of in any number, at any time or place, to any person: *Provided*, That all such birds shall be physically marked prior to sale or disposal regardless of whether or not they have attained 6 weeks of age: *And provided further*, That on each date that any such birds or their eggs, are transferred to another person, the permittee must complete a Form 3–186,

Notice of Waterfowl Sale or Transfer, indicating all information required by the form and the method or methods by which individual birds are marked as required by § 21.25(c)(2). (Service will provide supplies of form.) The permittee will furnish the original of completed Form 3–186 to the person acquiring the birds or eggs; retain one copy in his files as a record of his operations; attach one copy to the shipping container for the birds or eggs, or include the copy in shipping documents which accompany the shipment; and, on or before the last day of each month, mail two copies of each form completed during that month to the office of the Fish and Wildlife Service which issued his permit.

(6) Permittees shall submit an annual report within 10 days following the 31st day of December of each calendar year to the office of the Fish and Wildlife Service which issued the permit. The information provided shall give the total number of waterfowl by species in possession on that date and the method or methods by which individual birds are marked as required by the provisions of this part 21.

(d) *Term of permit.* A waterfowl sale and disposal permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

#### § 21.26 [Reserved]

#### § 21.27 Special purpose permits.

Permits may be issued for special purpose activities related to migratory birds, their parts, nests, or eggs, which are otherwise outside the scope of the standard form permits of this part. A special purpose permit for migratory bird related activities not otherwise provided for in this part may be issued to an applicant who submits a written application containing the general information and certification required by part 13 and makes a sufficient showing of benefit to the migratory bird resource, important research reasons,

reasons of human concern for individual birds, or other compelling justification.

(a) *Permit requirement.* A special purpose permit is required before any person may lawfully take, salvage, otherwise acquire, transport, or possess migratory birds, their parts, nests, or eggs for any purpose not covered by the standard form permits of this part. In addition, a special purpose permit is required before any person may sell, purchase, or barter captive-bred, migratory game birds, other than waterfowl, that are marked in compliance with §21.13(b) of this part.

(b) *Application procedures.* Submit application for special purpose permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in §13.12(a) of this subchapter, and the following additional information:

(1) A detailed statement describing the project or activity which requires issuance of a permit, purpose of such project or activity, and a delineation of the area in which it will be conducted. (Copies of supporting documents, research proposals, and any necessary State permits should accompany the application);

(2) Numbers and species of migratory birds involved where same can reasonably be determined in advance; and

(3) Statement of disposition which will be made of migratory birds involved in the permit activity.

(c) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, special purpose permits shall be subject to the following conditions:

(1) Permittees shall maintain adequate records describing the conduct of the permitted activity, the numbers and species of migratory birds acquired and disposed of under the permit, and inventorying and identifying all migratory birds held on December 31 of each calendar year. Records shall be maintained at the address listed on the permit; shall be in, or reproducible in English; and shall be available for inspection by Service personnel during regular business hours. A permittee

may be required by the conditions of the permit to file with the issuing office an annual report of operation. Annual reports, if required, shall be filed no later than January 31 of the calendar year following the year for which the report is required. Reports, if required, shall describe permitted activities, numbers and species of migratory birds acquired and disposed of, and shall inventory and describe all migratory birds possessed under the special purpose permit on December 31 of the reporting year.

(2) Permittees shall make such other reports as may be requested by the issuing officer.

(3) All live, captive-bred, migratory game birds possessed under authority of a valid special purpose permit shall be physically marked as defined in §21.13(b) of this part.

(4) No captive-bred migratory game bird may be sold or bartered unless marked in accordance with §21.13(b) of this part.

(5) No permittee may take, purchase, receive or otherwise acquire, sell, barter, transfer, or otherwise dispose of any captive-bred migratory game bird unless such permittee submits a Service form 3-186A (Migratory Bird Acquisition/Disposition Report), completed in accordance with the instructions on the form, to the issuing office within five (5) days of such transaction.

(6) No permittee, who is authorized to sell or barter migratory game birds pursuant to a permit issued under this section, may sell or barter such birds to any person unless that person is authorized to purchase and possess such migratory game birds under a permit issued pursuant to this part and part 13, or as permitted by regulations in this part.

(d) *Term of permit.* A special purpose permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.
