(a) The catch sharing plan for area 2A provides a framework that shall be applied to the annual Area 2A total allowable catch (TAC) adopted by the Commission, and shall be implemented through domestic and Commission regulations, which will be published in the FEDERAL REGISTER each year before March 15. The Area 2A CSP allocates halibut among the treaty Indian fishery, segments of the non-Indian commercial fishery, and segments of the recreational fishery.

(1) Each year, before January 1, NMFS will publish a proposal to govern the recreational fishery under the CSP for the following year and will seek public comment.
