

(ii) Notify the Regional Administrator, via their VTS, prior to the vessel's first planned trip in the EEZ, that the vessel is to resume fishing under the vessel's DAS allocation.

(2) *Call-in notification.* (i) Notify the Regional Administrator by calling the Regional Administrator and providing the following information at least 7 days prior to fishing under the exemption: Owner and caller name and address, vessel name and permit number, and beginning and ending dates of the exemption period.

(ii) Remain under the exemption for a minimum of 7 days.

(iii) If, under the exemption for a minimum of 7 days and wishing to withdraw earlier than the designated end of the exemption period, notify the Regional Administrator of early withdrawal from the program by calling the Regional Administrator, providing the vessel's name and permit number and the name and phone number of the caller, and stating that the vessel is withdrawing from the exemption. The vessel may not leave port to fish in the EEZ until 48 hours after notification of early withdrawal is received by the Regional Administrator.

(iv) The Regional Administrator will furnish a phone number for call-ins upon request.

(f) *Additional NE multispecies call-in requirements.*—(1) *Spawning season call-in.* With the exception of vessels issued a valid Small Vessel category permit, vessels subject to the spawning season restriction described in §648.82 must notify the Regional Administrator of the commencement date of their 20-day period out of the NE multispecies fishery through either the VTS system or by calling and providing the following information: Vessel name and permit number, owner and caller name and phone number and the commencement date of the 20-day period.

(2) *Gillnet call-in.* Vessels subject to the gillnet restriction described in §648.82(k)(1)(iv) must notify the Regional Administrator of the commencement date of their time out of the NE multispecies gillnet fishery using the procedure described in paragraph (f)(1) of this section.

(3) *Cod landing limit call-in.* (i) A vessel subject to the cod landing limit re-

striction specified in §648.86(b)(1)(i), that has not exceeded the allowable limit of cod based on the duration of the trip, must enter port and call-out of the DAS program no later than 14 DAS after starting a multispecies DAS trip.

(ii) A vessel subject to the cod landing limit restriction specified in §648.86(b)(1)(i) that exceeds or is expected to exceed the allowable limit of cod based on the duration of the trip must enter port no later than 14 DAS after starting a multispecies DAS trip and must report, upon entering port and before offloading, its hailed weight of cod under the separate call-in system as specified in §648.86(b)(1)(ii)(B). Such vessel must remain in port, unless for transiting purposes as allowed in §648.86(b)(4), until sufficient time has elapsed to account for and justify the amount of cod on board in accordance with §648.86(b)(1)(ii), and may not begin its next fishing trip until such time that the vessel has called-out of the multispecies DAS program to end its trip.

[61 FR 34968, July 3, 1996, as amended at 62 FR 14647, Mar. 27, 1997; 62 FR 15386, Apr. 1, 1997; 62 FR 51381, Oct. 1, 1997; 63 FR 11593, Mar. 10, 1998; 63 FR 15329, Mar. 31, 1998; 63 FR 42592, Aug. 10, 1998]

§648.11 At-sea sea sampler/observer coverage.

(a) The Regional Administrator may request any vessel holding a permit sea scallop; or NE multispecies; or a moratorium permit for summer flounder, or, as of January 1, 1997, mackerel, squid, or butterfish, or scup, or as of June 1, 1997, black sea bass fisheries to carry a NMFS-approved sea sampler/observer. If requested by the Regional Administrator to carry an observer or sea sampler, a vessel may not engage in any fishing operations in the respective fishery unless an observer or sea sampler is on board, or unless the requirement is waived.

(b) If requested by the Regional Administrator to carry an observer or sea sampler, it is the responsibility of the vessel owner to arrange for and facilitate observer or sea sampler placement. Owners of vessels selected for sea sampler/observer coverage must notify the appropriate Regional or Science

and Research Director, as specified by the Regional Administrator, before commencing any fishing trip that may result in the harvest of resources of the respective fishery. Notification procedures will be specified in selection letters to vessel owners.

(c) The Regional Administrator may waive the requirement to carry a sea sampler or observer if the facilities on a vessel for housing the observer or sea sampler, or for carrying out observer or sea sampler functions, are so inadequate or unsafe that the health or safety of the observer or sea sampler, or the safe operation of the vessel, would be jeopardized.

(d) An owner or operator of a vessel on which a NMFS-approved sea sampler/observer is embarked must:

(1) Provide accommodations and food that are equivalent to those provided to the crew.

(2) Allow the sea sampler/observer access to and use of the vessel's communications equipment and personnel upon request for the transmission and receipt of messages related to the sea sampler's/observer's duties.

(3) Provide true vessel locations, by latitude and longitude or loran coordinates, as requested by the observer/sea sampler, and allow the sea sampler/observer access to and use of the vessel's navigation equipment and personnel upon request to determine the vessel's position.

(4) Notify the sea sampler/observer in a timely fashion of when fishing operations are to begin and end.

(5) Allow for the embarking and debarking of the sea sampler/observer, as specified by the Regional Administrator, ensuring that transfers of observers/sea samplers at sea are accomplished in a safe manner, via small boat or raft, during daylight hours as weather and sea conditions allow, and with the agreement of the sea samplers/observers involved.

(6) Allow the sea sampler/observer free and unobstructed access to the vessel's bridge, working decks, holding bins, weight scales, holds, and any other space used to hold, process, weigh, or store fish.

(7) Allow the sea sampler/observer to inspect and copy any the vessel's log, communications log, and records asso-

ciated with the catch and distribution of fish for that trip.

(e) The owner or operator of a vessel issued a summer flounder moratorium permit, or as of January 1, 1997, a scup moratorium permit or, as of June 1, 1997, a black sea bass moratorium permit, if requested by the sea sampler/observer also must:

(1) Notify the sea sampler/observer of any sea turtles, marine mammals, summer flounder, scup, or black sea bass, or other specimens taken by the vessel.

(2) Provide the sea sampler/observer with sea turtles, marine mammals, summer flounder, scup, or black sea bass, or other specimens taken by the vessel.

(f) NMFS may accept observer coverage funded by outside sources if:

(1) All coverage conducted by such observers is determined by NMFS to be in compliance with NMFS' observer guidelines and procedures.

(2) The owner or operator of the vessel complies with all other provisions of this part.

(3) The observer is approved by the Regional Administrator.

[61 FR 34968, July 3, 1996, as amended at 61 FR 43425, Aug. 23, 1996; 61 FR 58465, Nov. 15, 1996]

§ 648.12 Experimental fishing.

The Regional Administrator may exempt any person or vessel from the requirements of subparts B (Atlantic mackerel, squid, and butterfish), D (sea scallop), E (surf clam and ocean quahog), F (NE multispecies), G (summer flounder), H (scup), or I (black sea bass), of this part for the conduct of experimental fishing beneficial to the management of the resources or fishery managed under that subpart. The Regional Administrator shall consult with the Executive Director of the Council regarding such exemptions for the Atlantic mackerel, squid, and butterfish, the summer flounder, the scup, and the black sea bass fisheries.

(a) The Regional Administrator may not grant such an exemption unless he/she determines that the purpose, design, and administration of the exemption is consistent with the management objectives of the respective FMP,
