(e) The proposed rule shall afford a reasonable period for public comment. Following a review of public comments and any information or data not previously available, the Regional Administrator will publish a final rule if he or she determines that the establishment of the SMZ is supported by the substantial weight of evidence in the administrative record and consistent with the Magnuson-Stevens Act and other applicable law.

Subpart J—Management Measures for the Atlantic Bluefish Fishery

SOURCE: 62 FR 13300, Mar. 20, 1997, unless otherwise noted.

§ 648.160 Fishing year.

The fishing year is from January 1 through December 31.

§ 648.161 Possession limit.

(a) *Possession limit.* (1) No person shall possess more than ten bluefish unless he/she has a permit meeting the requirements of § 648.4(a)(8).

(2) Bluefish caught while in possession of a permit meeting the requirements of § 648.4(a)(8) must be kept separate from the pooled catch and in the possession of the permit holder at all times.

(3) If Atlantic bluefish are filleted into two or more sections, such fillets shall be deemed to be whole Atlantic bluefish using a ratio of 1:2 (two fillets to one whole fish). If Atlantic bluefish are filleted into single (butterfly) fillets, such fillets shall be deemed to be whole Atlantic bluefish.

(4) Atlantic bluefish harvested from party and charter boats or other vessels carrying more than one person may be commingled. Compliance with the daily possession limit will be determined by dividing the number of Atlantic bluefish on board by the number of persons aboard, provided, however, that if a person or persons aboard are

fishing under a permit meeting the requirements of § 648.4(a)(8), his/her catch shall not be counted for determining compliance with the possession limit, if it is maintained in the possession of such person(s). If there is a violation of the possession limit on board a vessel carrying more than one person, the violation shall be deemed to have been committed by the owner and/or operator.

(b) *Adjustment of the possession limit.* After notice and 15 days opportunity for public comment, NMFS may adjust the possession limit within a range of 0 to 15 Atlantic bluefish based on a recommendation of the MAFMC and Commission. NMFS will publish a notice of any proposed adjustment, together with the basis for such adjustment, in the FEDERAL REGISTER. After consideration of any public comments, NMFS may adjust the possession limit by publishing a notice of adjustment in the FEDERAL REGISTER.

§ 648.162 Catch monitoring, commercial controls, and gear restrictions.

(a) The Bluefish Committee will review bluefish catch statistics, a projection of the commercial share for the next fishing year, and the most recent stock assessment prior to August 15th of each year. The Bluefish Committee will report to the MAFMC and the Commission.

(b) The MAFMC and the Commission will review the report of the Bluefish Committee. If the report indicates that the commercial catch for the next fishing year will equal or exceed 20 percent of the total catch (recreational catch plus commercial landings) of Atlantic bluefish, the MAFMC and Commission will propose the commercial controls to be implemented at the start of the upcoming year. If the report indicates that the commercial catch will be greater than 17 percent but less than 20 percent of the total catch of Atlantic bluefish, or that the commercial share for the last full year is 50 percent greater than the previous year's commercial share, the MAFMC and Commission will determine whether commercial controls are necessary. In making such a determination the MAFMC and Commission will consider:

(1) The most recent catch data.
