

(3) No person may ship, transport, offer for sale, sell, or purchase, in interstate or foreign commerce, any whole live American lobster that bears evidence of the forcible removal of extruded eggs from its abdominal appendages as specified in this paragraph (e).

§ 649.21 Gear identification and marking, escape vent, and ghost panel requirements.

(a) *Identification.* All lobster gear deployed in the EEZ or possessed by a person whose vessel is permitted for fishing in the EEZ, and not permanently attached to the vessel, must be legibly and indelibly marked with one of the following codes of identification:

(1) A number assigned by the Regional Director; and/or

(2) Whatever positive identification marking is required by the vessel's home-port state.

(b) *Marking.* In the areas of the EEZ described in paragraph (b)(4) of this section, lobster pot trawls are to be marked as follows:

(1) Lobster pot trawls of three or fewer pots must be marked with a single buoy.

(2) Lobster pot trawls consisting of more than three pots must have a radar reflector and a single flag or pennant on the westernmost end (marking the half compass circle from magnetic south through west, to and including north), while the easternmost end (meaning the half compass circle from magnetic north through east, to and including south) of an American lobster pot trawl must be marked with a radar reflector only. Standard tetrahedral corner radar reflectors (see Figure 1 of this part) of at least 8 inches (20.32 cm) (both in height and width, and made from metal) must be employed.

(3) No American lobster pot trawl shall exceed 1.5 nautical miles (2.78 km) in length, as measured from buoy to buoy.

(4) Gear marking requirements apply in the following areas:

(i) *Gulf of Maine gear area.* All waters of the EEZ north of 42°20' N. lat. seaward of a line drawn 12 nautical miles (22.2 km) from the baseline of the territorial sea;

(ii) *Georges Bank gear Area.* All waters of the EEZ south of 42°20' N. lat. and east of 70°00' W. long. or the outer boundary of the territorial sea, whichever lies farther east;

(iii) *Southern New England gear Area.* All waters of the EEZ west of 70°00' W. long., east of 71°30' W. long. at a depth greater than 25 fathoms (45.72 m); and

(iv) *Mid-Atlantic gear Area.* All waters of the EEZ, west of 71°30' W. long. and north of 36°33' N. lat. at a depth greater than 40 fathoms (73.15 m).

(c) *Escape vents.* All American lobster traps deployed in the EEZ or possessed by a person whose vessel is permitted for fishing in the EEZ, as specified under § 649.4, must be constructed to include one of the following escape vents in the parlor section of the trap. The vent must be located in such a manner that it would not be blocked or obstructed by any portion of the trap, associated gear, or the sea floor in normal use.

(1) The specifications for escape vents are as follows:

(i) A rectangular portal with an unobstructed opening not less than 1⁷/₈ inches (4.76 cm) by 5³/₄ inches (14.61 cm);

(ii) Two circular portals with unobstructed openings not less than 2³/₈ inches (6.03 cm) in diameter.

(2) The Regional Director may, at the request of, or after consultation with, the Lobster Oversight Committee of the Council, approve, and publish in the FEDERAL REGISTER any other type of acceptable escape vent that the Regional Director finds to be consistent with paragraphs (c)(1)(i) and (ii) of this section.

(d) *Ghost panel.* Lobster traps not constructed entirely of wood must contain a ghost panel.

(1) The specifications of this requirement are as follows:

(i) The opening to be covered by the ghost panel must be rectangular and shall not be less than 3³/₄ inches (9.53 cm) by 3³/₄ inches (9.53 cm).

(ii) The panel must be constructed of, or fastened to the trap with, one of the following untreated materials: Wood lath, cotton, hemp, sisal or jute twine not greater than ³/₁₆ inch (0.48 cm) in diameter, or non-stainless, uncoated ferrous metal not greater than ³/₃₂ inch (0.24 cm) in diameter.

(iii) The door of the trap may serve as the ghost panel, if fastened with a material specified in paragraph (d)(1)(ii) of this section.

(iv) The ghost panel must be located in the outer parlor(s) of the trap and not the bottom of the trap.

(2) The Regional Director may, at the request of, or after consultation with, the Lobster Oversight Committee of the Council, approve, and publish in the FEDERAL REGISTER, any other design, mechanism, material, or specification not described in the regulations in this part that serves to create an escape portal not less than 3¾ inches (9.53 cm) by 3¾ inches (9.53 cm).

(e) *Enforcement action.* Unidentified, unmarked, unvented, or improperly vented American lobster traps will be seized and disposed of in accordance with the provisions of part 219 of this title.

§649.22 Experimental fishing exemption.

(a) The Regional Director may exempt any person or vessel from the requirements of this part for the conduct of experimental fishing beneficial to the management of the American lobster resource or fishery.

(b) The Regional Director may not grant such exemption unless it is determined that the purpose, design, and administration of the exemption is consistent with the objectives of the FMP, the provisions of the Magnuson Act, and other applicable law, and that granting the exemption will not:

(1) Have a detrimental effect on the American lobster resource and fishery; or

(2) Create significant enforcement problems.

(c) Each vessel participating in any exempted experimental fishing activity is subject to all provisions of this part, except those necessarily relating to the purpose and nature of the exemption. The exemption will be specified in a letter issued by the Regional Director to each vessel participating in the exempted activity. This letter must be carried aboard the vessel seeking the benefit of such exemption.

§649.23 Restricted gear areas.

(a) *Restricted Gear Area I.* (1) Restricted Gear Area I is defined by straight lines connecting the following points in the order stated:

Point	Latitude	Longitude
Inshore Boundary		
to 120		
69	40°07.9' N.	68°36.0' W.
70	40°07.2' N.	68°38.4' W.
71	40°06.9' N.	68°46.5' W.
72	40°08.7' N.	68°49.6' W.
73	40°08.1' N.	68°51.0' W.
74	40°05.7' N.	68°52.4' W.
75	40°03.6' N.	68°57.2' W.
76	40°03.65' N.	69°00.0' W.
77	40°04.35' N.	69°00.5' W.
78	40°05.2' N.	69°00.5' W.
79	40°05.3' N.	69°01.1' W.
80	40°08.9' N.	69°01.75' W.
81	40°11.0' N.	69°03.8' W.
82	40°11.6' N.	69°05.4' W.
83	40°10.25' N.	69°04.4' W.
84	40°09.75' N.	69°04.15' W.
85	40°08.45' N.	69°03.6' W.
