

(h) *Vessel size endorsements*—(1) *General*. The limited entry permit will be endorsed with the LOA for the size of the vessel that initially qualified for the permit, except:

(i) If the permit was initially issued under section 14.3.2.3.8 of the FMP [re pre-1991 replacement vessels qualifying for “provisional A” permits] for a replacement vessel that was more than 5 ft (1.52 m) longer than the replaced vessel, the permit will be endorsed for the size of the replacement vessel.

(ii) If the permit was initially issued to a replacement trawl vessel that was more than 5 ft (1.52 m) shorter than the replaced vessel, it will be endorsed for the size of the smaller replacement vessel.

(iii) If the permit is registered for use with a trawl vessel that is more than 5 ft (1.52 m) shorter than the size for which the permit is endorsed, it will be endorsed for the size of the smaller vessel.

(iv) When permits are combined into one permit to be registered for use with a vessel requiring a larger size endorsement, the new permit will be endorsed for the size of the larger vessel.

(2) *Limitations of size endorsements*—(i) A limited entry permit endorsed only for gear other than trawl gear may be registered for use with a vessel up to 5 ft (1.52 m) longer than, the same length as, or any length shorter than, the size endorsed on the existing permit without requiring a combination of permits under paragraph (i) of this section or a change in the size endorsement.

(ii) A limited entry permit endorsed for trawl gear may be registered for use with a vessel between 5 ft (1.52 m) shorter and 5 ft (1.52 m) longer than the size endorsed on the existing permit without requiring a combination of permits under paragraph (i) of this section or a change in the size endorsement under paragraph (h)(1)(iii) of this section.

(iii) Two or more limited entry permits with “A” gear endorsements for the same type of limited entry gear may be combined and reissued as a single permit with a larger size endorsement. With respect to permits endorsed for nontrawl limited entry gear, a sablefish endorsement will be issued for the new permit only if all of the per-

mits being combined have sablefish endorsements. If two or more permits with sablefish endorsements are combined, the new permit will receive the same tier assignment as the tier with the largest cumulative landing limit of the permits being combined. The vessel harvest capacity rating for each of the permits being combined is that indicated in Table 2 of this part for the LOA (in feet) endorsed on the respective limited entry permit. Harvest capacity ratings for fractions of a foot in vessel length will be determined by multiplying the fraction of a foot in vessel length by the difference in the two ratings assigned to the nearest integers of vessel length. The length rating for the combined permit is that indicated for the sum of the vessel harvest capacity ratings for each permit being combined. If that sum falls between the sums for two adjacent lengths on Table 2 of this part, the length rating shall be the higher length.

(i) *Limited entry permits indivisible*. Limited entry permits may not be divided for use by more than one vessel.

§ 660.334 Limited entry permits—“A” endorsement.

(a) A limited entry permit with an “A” endorsement entitles the holder to participate in the limited entry fishery for all groundfish species with the type(s) of limited entry gear specified in the endorsement, except for sablefish harvested north of 36° N. lat. during times and with gears for which a sablefish endorsement is required. See § 660.336 for provisions regarding sablefish endorsement requirements.

(b) An “A” endorsement is transferable with the limited entry permit to another person, or a different vessel under the same ownership under § 660.333.

(c) An “A” endorsement expires on failure to renew the limited entry permit to which it is affixed (see § 660.333).
