(c) *Displaced owner release.* The displaced owner of a farm may, not later than the final release date established by the State FSA committee for the current year, release in writing to the county FSA committee for the current year, all or any part of the acreage allotment or burley tobacco marketing quota for the farm in a pool under part 718 of this chapter for reapportionment for the current year by the county committee to other farms in the county having allotments or marketing quotas for the same kind of tobacco.

(d) *Reapportionment.* The county FSA committee may reapportion, not later than 30 days after the final date established by the State FSA committee for requesting reapportioned acreage or marketing quota for the current year, the released acreage or quota or any part thereof to other farms in the county on the basis of the past farm acreage or marketings and the past farm acreage allotments or quotas for the same kind of tobacco; land, labor, and equipment available for the production of such kind of tobacco; crop rotation practices; and soil and other physical factors affecting the production of such kind of tobacco.

(3) *Undermarketings while in eminent domain pool.* The pooled quota is considered planted while in the pool. Therefore, for the purpose of deter-
