Approval and Promulgation of Implementation Plan; Texas; Removal of Perchloroethylene Dry Cleaning Systems Rules

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: This action proposes to approve a revision to Texas Natural Resource Conservation Commission Regulation V (30 TAC Chapter 115) which removes regulations concerning Perchloroethylene Dry Cleaning Systems from the Texas State Implementation Plan (SIP) submitted by the Governor of Texas on November 12, 1997. comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received during the 30-day comment period set forth below will be addressed in a subsequent final rule based on this proposed rule.
