

determined that notice and public comment are unnecessary because this amendment is nonsubstantive.

List of Subjects in 21 CFR Part 211

Drugs, Labeling, Laboratories, Packaging and containers.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs, 21 CFR part 211 is amended as follows:

PART 211—CURRENT GOOD MANUFACTURING PRACTICE FOR FINISHED PHARMACEUTICALS

1. The authority citation for 21 CFR part 211 continues to read as follows:

Authority: 21 U.S.C. 321, 351, 352, 355, 356, 357, 360b, 371, 374.

§ 211.84 [Corrected]

2. Section 211.84 *Testing and approval or rejection of components, drug product containers, and closures* is amended in paragraph (c)(5) by removing the word "data" and by adding in its place the word "date".

Dated: March 16, 1998.

William K. Hubbard,

Associate Commissioner for Policy Coordination.

BILLING CODE 4160-01-F

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 558

New Animal Drugs For Use In Animal Feeds; Bambermycins; Technical Amendment

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; technical amendment.

SUMMARY: The Food and Drug Administration (FDA) is amending the animal drug regulation for bambermycins to correct several cross-references in that regulation. In approving a new animal drug application (NADA) filed by Hoechst Roussel Vet, FDA failed to amend certain cross-references to conform to amendments in the approval document and to provide certain other cross-references. This document provides for those conforming amendments and cross-references.

EFFECTIVE DATE: March 25, 1998.

FOR FURTHER INFORMATION CONTACT: David L. Gordon, Center for Veterinary

Medicine (HFV-6), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301-594-1739.

SUPPLEMENTARY INFORMATION: In amending the bambermycins regulation to reflect approval of Hoechst Roussel Vet's NADA 141-034 (use of bambermycins Type A medicated articles to make Type C medicated cattle feeds), FDA amended § 558.95 (21 CFR 558.95) by redesignating paragraph (b) as paragraph (d) (see 62 FR 8373, February 25, 1997), but failed to amend the cross-references in paragraph (a). Furthermore, in approving NADA 141-034 to establish several added uses in § 558.95(b)(4) (currently § 558.95(d)(4)) (see 59 FR 15624, April 4, 1994 and 61 FR 43654, August 26, 1996), FDA failed to provide reference in paragraph (a)(5) to uses in paragraphs (b)(4)(ii) and (b)(4)(iii) (current paragraphs (d)(4)(ii) and (d)(4)(iii)). Section 558.95 is amended by revising paragraph (a), by revising the cross-references to paragraphs (d)(1), (d)(2), (d)(3), and (d)(4), as appropriate, and by expanding those references in paragraph (a)(5) to reflect all uses in paragraph (d)(4).

List of Subjects in 21 CFR Part 558

Animal drugs, Animal feeds.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs and redelegated to the Center for Veterinary Medicine, 21 CFR part 558 is amended as follows:

PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

1. The authority citation for 21 CFR part 558 continues to read as follows:

Authority: 21 U.S.C. 360b, 371.

2. Section 558.95 is amended by revising paragraph (a) to read as follows:

§ 558.95 Bambermycins.

(a) *Approvals.* To sponsors identified by drug labeler codes in § 510.600(c) of this chapter for use of bambermycins Type A medicated articles as bambermycins activity per pound in paragraph (d) of this section as follows:

(1) To 012799: 2, 4, and 10 grams for use as in paragraphs (d)(1), (d)(2), (d)(3), and (d)(4) of this section.

(2) To 012799: 0.4 gram for use as in paragraph (d)(2) of this section.

(3) To 011490: 0.4 and 2 grams for use as in paragraph (d)(2) of this section.

(4) To 012286, 016968, and 017790: 0.4 and 2 grams for use as in paragraph (d)(2) and 2 grams for use as in paragraph (d)(3) of this section.

(5) To 012799: 10 grams to make 40 to 800 grams per ton Type B feed for use as in paragraph (d)(4) of this section.

BILLING CODE 4160-01-F

DEPARTMENT OF THE TREASURY

31 CFR Part 2

National Security Information

AGENCY: Department of the Treasury.

ACTION: Final rule.

SUMMARY: This rule revises regulatory text that identifies, by position title, senior Treasury officials authorized to originally or derivatively classify national security information under Executive Order 12958. These designations are now contained in Treasury Order 102-19, which is published in the **Federal Register**. This order will be updated as necessary to revise the designations of officials who have been delegated by the Secretary of the Treasury the authority to classify originally or derivatively national security information.

EFFECTIVE DATE: March 25, 1998.

FOR FURTHER INFORMATION CONTACT:

Robert A. McMenamin, Assistant Director (Information and Physical Security), Department of the Treasury, Office of Security, Room 3210 Annex, 1500 Pennsylvania Avenue, NW, Washington, D.C. 20220, (202) 622-1120.

SUPPLEMENTARY INFORMATION: This rule removes the specific designations of Treasury officials authorized to originally and derivatively classify national security information under Executive Order 12958 and previous Orders. The designation of such officials is now made by a Treasury Order that will be revised from time to time as may be necessary. This rule reduces costs by making it unnecessary to revise periodically the regulations in part 2.

Because this rule relates to agency management and personnel, notice and public procedure and a delayed effective date are not required pursuant to 5 U.S.C. 553(a)(2) and the provisions of Executive Order 12866 do not apply. Because notice and public procedure is not required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) do not apply.

List of Subjects in 31 CFR Part 2

Classified information, Reporting and recordkeeping requirements.

For the reasons set forth above, 31 CFR Part 2 is amended as set forth below.

PART 2—NATIONAL SECURITY INFORMATION

1. The authority citation for part 2 is revised to read as follows:

Authority: 31 U.S.C. 321; E.O. 12958, 60 FR 19825, 3 CFR, 1995 Comp., p. 333.

2. Section 2.2 is revised to read as follows:

§ 2.2 Classification Authority.

Designations of original classification authority for national security information are contained in Treasury Order (TO) 102-19 (or successor order), which is published in the **Federal Register**. The authority to classify inheres within the office and may be exercised by a person acting in that capacity. There may be additional redelegations of original classification authority made pursuant to TO 102-19 (or successor order). Officials with original classification authority may derivatively classify at the same classification level.

3. Section 2.9 is revised to read as follows:

§ 2.9 Derivative Classification Authority.

Designations of derivative classification authority for national security information are contained in Treasury Order 102-19 (or successor order). The authority to derivatively classify inheres within the office and may be exercised by a person acting in that capacity. There may be additional redelegations of derivative classification authority made pursuant to TO 102-19 (or successor order). Officials identified in Treasury Order 102-19 (or successor order) may also administratively control and decontrol sensitive but unclassified information using the legend "Limited Official Use" and may redelegate their authority to control and decontrol. Such redelegations shall be in writing on TD F 71-01.20 "Designation of Controlling/Decontrolling Officials" (or successor form).

Robert E. Rubin,

Secretary of the Treasury.

BILLING CODE 4810-25-M

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52**

[FRL-5977-5]

Approval and Promulgation of Implementation Plans; Colorado; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is promulgating corrections to the State Implementation Plan (SIP) for the State of Colorado. First, EPA is correcting its January 21, 1997 rulemaking in which EPA approved several Colorado new source review (NSR) SIP revisions. Specifically, pursuant to a December 17, 1996 request from the state of Colorado, EPA is removing from the approved SIP two sections of Colorado's prevention of significant deterioration (PSD) rules in Regulation No. 3. EPA is also disapproving a provision in the State's definition of "Federally enforceable" in Regulation No. 3 that EPA inadvertently failed to disapprove in its January 21, 1997 rulemaking. The provision in that definition which is being disapproved states that provisions which are not required by the Federal Clean Air Act (Act) shall not be submitted as part of the SIP and shall not be federally enforceable. This provision is being disapproved because the Act provides that any provision approved by EPA as part of the SIP is federally enforceable unless and until the State requests, and EPA approves, a SIP revision removing such provision.

Second, EPA is correcting an October 5, 1979 rulemaking in which EPA incorrectly listed Colorado House Bill 1109 as being approved as part of the Colorado SIP.

Last, EPA is correcting a September 23, 1980 rulemaking, in which EPA mistakenly replaced a Colorado SIP approval in 40 CFR 52.320 with a Montana SIP approval.

EPA proposed these corrections for public comment on December 17, 1997, and no comments were received within the 30-day public comment period.

EFFECTIVE DATE: This rule is effective on April 24, 1998.

ADDRESSES: Copies of the documents relative to this action are available for inspection during normal business hours at the Air Program, Environmental Protection Agency, Region VIII, 999 18th Street, suite 500, Denver, Colorado 80202-2466 and The Air and Radiation Docket and

Information Center, 401 M Street, SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Vicki Stamper, EPA Region VIII, at (303) 312-6445.

SUPPLEMENTARY INFORMATION: On December 17, 1997, EPA proposed several corrections to previous Colorado SIP approvals (62 FR 66046-49). EPA received no public comments on the proposed actions within the 30-day public comment period. EPA received one comment letter, from the Colorado Air Pollution Control Division (APCD), after the close of the public comment period. EPA discusses the APCD's comment letter in section I.B. of this notice. The APCD's comment letter does not warrant any change to the proposed action. Therefore, EPA is promulgating the corrections to the Colorado SIP as proposed in the December 17, 1997 **Federal Register**. The following provides background information on the specific corrections being made to the Colorado SIP and EPA's justification for these corrections:

I. Corrections to EPA's January 21, 1997 Rulemaking

On January 21, 1997, EPA promulgated approval of five Colorado SIP revisions submitted on November 12, 1993, August 25, 1994, September 29, 1994, November 17, 1994, and January 29, 1996. (See 62 FR 2910-2914.) All of these SIP submittals contained revisions to the State's NSR and PSD provisions in Parts A and B of Colorado Regulation No. 3.

A. Correction to Exclude Sections V.B. and VII.A.5. of Part B of Colorado Regulation No. 3 From the SIP

Although the State's November 12, 1993 submittal discussed above only included a few changes to the State's construction permitting requirements, the State submitted its construction permitting regulations (including its PSD rules) in their entirety because the State had also restructured and renumbered Regulation No. 3 in this submittal. Subsequently, on December 17, 1996, the State submitted a request to exclude two sections of Part B of Regulation No. 3 from its November 12, 1993 SIP submittal, specifically Sections V.B. and VII.A.5. (referred to herein as Sections V.B. and VII.A.5. or as "the two provisions.") On January 21, 1997, EPA's approval of the State's November 12, 1993 SIP submittal was published (62 FR 2910). The approval did not exclude Sections V.B. and VII.A.5.

Section V.B. of Part B of Regulation No. 3 applies the Class I sulfur dioxide PSD increment to certain pristine areas
