Molz Oil Company; Notice of Petition for Adjustment and Request for Extension of Time

March 19, 1998.

Take notice that on March 9, 1998, Molz Oil Company (Molz) filed a petition, pursuant to section 502(c) of the Natural Gas Policy Act of 1978 (NGPA), for an adjustment of the Commission's refund procedures [15 U.S.C. 3142(c)(1982)] with respect to Molz's Kansas ad valorem tax refund liability. Molz's petition is on file with the Commission and open to public inspection.

The Commission's September 10, 1997, order on remand from the D.C. Circuit Court of Appeals,¹ in Docket No. RP97-369-000, *et al.*,² directed first sellers to make Kansas ad valorem tax refunds, with interest, for the period from 1983 to 1988. The Commission clarified the refund procedures in its Order Clarifying Procedures [82 FERC ¶ 61,059 (1988)], stating therein that producers [first sellers] could request additional time to establish the uncollectability of royalty refunds, and that first sellers may file requests for NGPA section 502(c) adjustment relief from the refund requirement and the timing and procedures for implementing the refunds, based on their individual circumstances.

Molz requests, on behalf of first sellers for whom it operated (First Sellers), that the Commission: (1) Extend the time by 90 days from March 9, 1998, in which to obtain the necessary documents and information to determine if the amount of refund set forth in the Statement of Refunds Due [SRD] received from Panhandle Eastern Pipe Line Company [Docket No. RP98-40-000] is correct and to reach an agreement on the amount before submitting the dispute to the Commission; and (2) grant an

adjustment to its procedures to allow First Sellers to place into an escrow account the disputed amount of the refund, and, after the resolution of the dispute, retain in the account (i) principal and interest on amounts attributable to production prior to October 4, 1983, and (ii) interest on all reimbursed principal amounts determined to be refundable as being in excess of maximum lawful prices (excluding interest retained under (i) above). Molz also requests a determination that it is liable solely for its proportionate share of the tax refunds.

Any person desiring to be heard or to make any protest with reference to said petition should on or before 15 days after the date of publication in the **Federal Register** of this notice, file with the Federal Energy Regulatory Commission, 888 First Street, N.W., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214, 385.211, 385.1105, and 385.1106). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.
