

5. He has no ability to refund the Kansas ad valorem tax reimbursements.

If the Commission does not grant the relief requested Gower requests relief from the payment of any refunds based on the Big E 1-16 Well and the Keating 2-24 Well because tax reimbursement was received by Quinque on those wells for two of the four years on which Panhandle's Statement of Refunds is based. Gower claims that the two wells were deregulated on January 1, 1985 and therefore the refund should not be owed on reimbursements received at a time when the wells were not regulated. Gower also asks for relief from the payment of interest on any principal amount found to be owed by him.

Any person desiring to be heard or to make any protest with reference to said petition should on or before 15 days after the date of publication in the Federal Register of this notice, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214, 385.211, 385.1105, and 385.1106). Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

The Commission's September 10 order on remand from the D.C. GMC, on behalf of first sellers for whom it operated (Applicants), requests authorization, pursuant to the Commission's January 28 order, that the Commission: (1) Extend the time by 90 days from March 9, 1998, in which to reach an agreement with Northern Natural Gas Company on the correct amount of the potential refund liability of Applicants and submit any unresolved dispute to the Commission; (2) grant an adjustment to its procedures to allow Applicants to defer payment of principal and interest attributable to royalties for one year until March 9, 1999; and (3) grant an adjustment to the Commission's procedures to allow Applicants to place into an escrow account the amount of the refund which appears presently to be in dispute but which may still be resolved by agreement and (i) amounts attributable to royalty refunds which have not been collected from the royalty owners (principal and interest), (ii) principal and interest on amounts attributable to production prior to October 4, 1983, (iii) interest on royalty amounts which have been recovered from the royalty owners (the principal of which was refunded), and (iv) interest on all reimbursed principal amounts determined to be
