the administering authority shall conduct a review under this subsection to establish an individual weighted average dumping margin or an individual countervailing duty rate (as the case may be) for such exporter or producer.

"(ii) TIME FOR REVIEW UNDER CLAUSE (i).—The administering authority shall commence a review under clause (i) in the calendar month beginning after—

"(I) the end of the 6-month period beginning on the date of the countervailing duty or antidumping duty order under review, or

"(II) the end of any 6-month period occurring thereafter,

if the request for the review is made during that 6-month period.

"(iii) POSTING BOND OR SECURITY.—The administering authority shall, at the time a review under this subparagraph is initiated, direct the Customs Service to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise.

"(iv) TIME LIMITS.—The administering authority shall make a preliminary determination in a review conducted under this subparagraph within 180 days after the date on which the review is initiated, and a final determination within 90 days after the date the preliminary determination is issued, except that if the administering authority concludes that the case is extraordinarily complicated, it may extend the 180-day period to 300 days and may extend the 90-day period to 150 days.

"(C) RESULTS OF DETERMINATIONS.—The determination under this paragraph shall be the basis for the assessment of countervailing or antidumping duties on entries of merchandise covered by the determination and for deposits of estimated duties.

"(3) TIME LIMITS.—

"(A) PRELIMINARY AND FINAL DETERMINATIONS.—The administering authority shall make a preliminary determination under subparagraph (A), (B), or (C) of paragraph (1) within 245 days after the last day of the month in which occurs the anniversary of the date of publication of the order, finding, or suspension agreement for which the review under paragraph (1) is requested, and a final determination under paragraph (1) within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within the foregoing time, the administering authority may extend that 245-day period to 365 days and may extend that 120-day period to 180 days. The administering authority may extend the time for making a final determination without extending the time for making a preliminary determination, if such final determination is made not later than 300 days after the date on which the preliminary determination is published.

"(B) LIQUIDATION OF ENTRIES.—If the administering authority orders any liquidation of entries pursuant to a review under paragraph (1), such liquidation shall be made promptly and, to the greatest extent practicable, within 90 days after the instructions to Customs are issued. In any case in which liquidation has not occurred within that 90-day period, the Secretary of the Treasury shall, upon the request of the affected party, provide an explanation thereof.

"(C) EFFECT OF PENDING REVIEW UNDER SECTION 516A.—In a case in which a final determination under paragraph (1) is under review under section 516A and a liquidation of entries covered by the determination is enjoined under section 516A(c)(2) or suspended under section 516A(g)(5)(C), the administering authority shall, within 10 days after the final disposition of the review under section

516A, transmit to the Federal Register for publication the final disposition and issue instructions to the Customs Service with respect to the liquidation of entries pursuant to the review. In such a case, the 90-day period referred to in subparagraph (B) shall begin on the day on which the administering authority issues such instructions.

"(4) ABSORPTION OF ANTIDUMPING DUTIES.—During any review under this subsection initiated 2 years or 4 years after the publication of an antidumping duty order under section 736(a), the administering authority, if requested, shall determine whether antidumping duties have been absorbed by a foreign producer or exporter subject to the order if the subject merchandise is sold in the United States through an importer who is affiliated with such foreign producer or exporter. The administering authority shall notify the Commission of its findings regarding such duty absorption for the Commission to consider in conducting a review under subsection (c).

"(b) REVIEWS BASED ON CHANGED CIRCUMSTANCES.—

"(1) IN GENERAL.—Whenever the administering authority or the Commission receives information concerning, or a request from an interested party for a review of—

"(A) a final affirmative determination that resulted in an antidumping duty order under this title or a finding under the Antidumping Act, 1921, or in a countervailing duty order under this title or section 303,

"(B) a suspension agreement accepted under section 704 or 734, or

"(C) a final affirmative determination resulting from an investigation continued pursuant to section 704(g) or 734(g),

which shows changed circumstances sufficient to warrant a review of such determination or agreement, the administering authority or the Commission (as the case may be) shall conduct a review of the determination or agreement after publishing notice of the review in the Federal Register.

"(2) COMMISSION REVIEW.—In conducting a review under this subsection, the Commission shall—

"(A) in the case of a countervailing duty order or antidumping duty order or finding, determine whether revocation of the order or finding is likely to lead to continuation or recurrence of material injury,

"(B) in the case of a determination made pursuant to section 704(h)(2) or 734(h)(2), determine whether the suspension agreement continues to eliminate completely the injurious effects of imports of the subject merchandise, and

"(C) in the case of an affirmative determination resulting from an investigation continued under section 704(g) or 734(g), determine whether termination of the suspended investigation is likely to lead to continuation or recurrence of material injury.

"(3) BURDEN OF PERSUASION.—During a review conducted by the Commission under this subsection—

"(A) the party seeking revocation of an order or finding described in paragraph (1)(A) shall have the burden of persuasion with respect to whether there are changed circumstances sufficient to warrant such revocation, and

"(B) the party seeking termination of a suspended investigation or a suspension agreement shall have the burden of persuasion with respect to whether there are changed circumstances sufficient to warrant such termination.

"(4) LIMITATION ON PERIOD FOR REVIEW.—In the absence of good cause shown—

"(A) the Commission may not review a determination made under section 705(b) or 735(b), or an investigation suspended under section 704 or 734, and

"(B) the administering authority may not review a determination made under section 705(a) or 735(a), or an investigation suspended under section 704 or 734,

less than 24 months after the date of publication of notice of that determination or suspension.

"(c) FIVE-YEAR REVIEW.—

"(1) IN GENERAL.—Notwithstanding subsection (b) and except in the case of a transition order defined in paragraph (6), 5 years after the date of publication of—

"(A) a countervailing duty order (other than a countervailing duty order to which subparagraph (B) applies or which was issued without an affirmative determination of injury by the Commission under section 303), an antidumping duty order, or a notice of suspension of an investigation, described in subsection (a)(1),

"(B) a notice of injury determination under section 753 with respect to a countervailing duty order, or

"(C) a determination under this section to continue an order or suspension agreement,

the administering authority and the Commission shall conduct a review to determine, in accordance with section 752, whether revocation of the countervailing or antidumping duty order or termination of the investigation suspended under section 704 or 734 would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

"(2) NOTICE OF INITIATION OF REVIEW.—Not later than 30 days before the fifth anniversary of the date described in paragraph (1), the administering authority shall publish in the Federal Register a notice of initiation of a review under this subsection and request that interested parties submit—

"(A) a statement expressing their willingness to participate in the review by providing information requested by the administering authority and the Commission,

"(B) a statement regarding the likely effects of revocation of the order or termination of the suspended investigation, and

"(C) such other information or industry data as the administering authority or the Commission may specify.

"(3) RESPONSES TO NOTICE OF INITIATION.—

"(A) NO RESPONSE.—If no interested party responds to the notice of initiation under this subsection, the administering authority shall issue a final determination, within 90 days after the initiation of a review, revoking the order or terminating the suspended investigation to which such notice relates. For purposes of this paragraph, an interested

party means a party described in section 771(9) (C), (D), (E), (F), or (G).

"(B) INADEQUATE RESPONSE.—If interested parties provide inadequate responses to a notice of initiation, the administering authority, within 120 days after the initiation of the review, or the Commission, within 150 days after such initiation, may issue, without further investigation, a final determination based on the facts available, in accordance with section 776.

"(4) WAIVER OF PARTICIPATION BY CERTAIN INTERESTED PARTIES.—

"(A) IN GENERAL.—An interested party described in section 771(9) (A) or (B) may elect not to participate in a review conducted by the administering authority under this subsection and to participate only in the review conducted by the Commission under this subsection.

"(B) EFFECT OF WAIVER.—In a review in which an interested party waives its participation pursuant to this paragraph, the administering authority shall conclude that revocation of the order or termination of the investigation would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) with respect to that interested party.

"(5) CONDUCT OF REVIEW.—

"(A) TIME LIMITS FOR COMPLETION OF REVIEW.—Unless the review has been completed pursuant to paragraph (3) or paragraph (4) applies, the administering authority shall make its final determination pursuant to section 752 (b) or (c) within 240 days after the date on which a review is initiated under this subsection. If the administering authority makes a final affirmative determination, the Commission shall make its final determination pursuant to section 752(a) within 360 days after the date on which a review is initiated under this subsection.

"(B) EXTENSION OF TIME LIMIT.—The administering authority or the Commission (as the case may be) may extend the period of time for making their respective determinations under this subsection by not more than 90 days, if the administering authority or the Commission (as the case may be) determines that the review is extraordinarily complicated. In a review in which the administering authority extends the time for making a final determination, but the Commission does not extend the time for making a determination, the Commission's determination shall be made not later than 120 days after the date on which the final determination of the administering authority is published.

"(C) EXTRAORDINARILY COMPLICATED.—For purposes of this subsection, the administering authority or the Commission (as the case may be) may treat a review as extraordinarily complicated if—

"(i) there is a large number of issues,

"(ii) the issues to be considered are complex,

"(iii) there is a large number of firms involved,

"(iv) the orders or suspended investigations have been grouped as described in subparagraph (D), or

"(v) it is a review of a transition order.

"(D) GROUPED REVIEWS.—The Commission, in consultation with the administering authority, may group orders or suspended investigations for review if it considers that such grouping is appropriate and will promote administrative efficiency. Where orders or suspended investigations have been grouped, the Commission shall, subject to subparagraph (B), make its final determination under this subsection not later than 120 days after the date that the administering authority publishes notice of its final determination with respect to the last order or agreement in the group.

"(6) SPECIAL TRANSITION RULES.—

"(A) SCHEDULE FOR REVIEWS OF TRANSITION ORDERS.—

"(i) INITIATION.—The administering authority shall begin its review of transition orders in the 42d calendar month after the date such orders are issued. A review of all transition orders shall be initiated not later than the 5th anniversary after the date such orders are issued.

"(ii) COMPLETION.—A review of a transition order shall be completed not later than 18 months after the date such review is initiated. Reviews of all transition orders shall be completed not later than 18 months after the 5th anniversary of the date such orders are issued.

"(iii) SUBSEQUENT REVIEWS.—The time limits set forth in clauses (i) and (ii) shall be applied to all subsequent 5-year reviews of transition orders by substituting 'date of the determination to continue such orders' for 'date such orders are issued'.

"(iv) REVOCATION AND TERMINATION.—No transition order may be revoked under this subsection before the date that is 5 years after the date the WTO Agreement enters into force with respect to the United States.

"(B) SEQUENCE OF TRANSITION REVIEWS.—The administering authority, in consultation with the Commission, shall determine such sequence of review of transition orders as it deems appropriate to promote administrative efficiency. To the extent practicable, older orders shall be reviewed first.

"(C) DEFINITION OF TRANSITION ORDER.—For purposes of this section, the term 'transition order' means—

"(i) a countervailing duty order under this title or under section 303,

"(ii) an antidumping duty order under this title or a finding under the Antidumping Act, 1921, or

"(iii) a suspension of an investigation under section 704 or 734,

which is in effect on the date the WTO Agreement enters into force with respect to the United States.

"(D) ISSUE DATE FOR TRANSITION ORDERS.—For purposes of this subsection, a transition order shall be treated as issued on the date the WTO Agreement enters into force with respect to the United States, if such order is based on an investigation conducted by both the administering authority and the Commission.

"(d) REVOCATION OF ORDER OR FINDING; TERMINATION OF SUSPENDED INVESTIGATION.—

"(1) IN GENERAL.—The administering authority may revoke, in whole or in part, a countervailing duty order or an antidumping duty order or finding, or terminate a suspended investigation, after review under subsection (a) or (b). The administering authority shall not revoke, in whole or in part, a countervailing duty order or terminate a suspended investigation on the basis of any export taxes, duties, or other charges levied on the export of the subject merchandise to the United States which are specifically intended to offset the countervailable subsidy received.

"(2) FIVE-YEAR REVIEWS.—In the case of a review conducted under subsection (c), the administering authority shall revoke a countervailing duty order or an antidumping duty order or finding, or terminate a suspended investigation, unless—

"(A) the administering authority makes a determination that dumping or a countervailable subsidy, as the case may be, would be likely to continue or recur, and

"(B) the Commission makes a determination that material injury would be likely to continue or recur as described in section 752(a).

"(3) APPLICATION OF REVOCATION OR TERMINATION.—A determination under this section to revoke an order or finding or terminate a suspended investigation shall apply with respect to unliquidated entries of the subject merchandise which are entered, or withdrawn from warehouse, for consumption on or after the date determined by the administering authority.

"(e) HEARINGS.—Whenever the administering authority or the Commission conducts a review under this section, it shall, upon the request of an interested party, hold a hearing in accordance with section 774(b) in connection with that review.

"(f) DETERMINATION THAT BASIS FOR SUSPENSION NO LONGER EXISTS.—If the determination of the Commission under subsection (b)(2)(B) is negative, the suspension agreement shall be treated as not accepted, beginning on the date of publication of the Commission's determination, and the administering authority and the Commission shall proceed, under section 704(i) or 734(i), as if the suspension agreement had been violated on that date, except that no duty under any order subsequently issued shall be assessed on merchandise entered, or withdrawn from warehouse, for consumption before that date.

"(g) CORRECTION OF MINISTERIAL ERRORS.—The administering authority shall establish procedures for the correction of ministerial errors in final determinations within a reasonable time after the determinations are issued under this section. Such procedures shall ensure opportunity for interested parties to present their views regarding any such errors. As used in this subsection, the term 'ministerial error' includes errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.".

(b) REVIEW OF DETERMINATIONS.—

(1) IN GENERAL.—Section 516A(a)(1) (19 U.S.C. 1516A(a)(1)) is amended by striking "or" at the end of subparagraph (B), by inserting "or" at the end of subparagraph (C), and by insert-

ing immediately after subparagraph (C) the following new subparagraph:

"(D) a final determination by the administering authority or the Commission under section 751(c)(3),".

(2) TECHNICAL AMENDMENTS.—Section 516A(b)(1) (19 U.S.C. 1516a(b)(1)) is amended—

(A) in subparagraph (A), by striking "under paragraph (1) of subsection (a)" and inserting "under subparagraph (A), (B), or (C) of subsection (a)(1)", and

(B) in subparagraph (B)—

(i) by striking "(B) in an action" and inserting "(B)(i) in an action",

(ii) by striking the end period and inserting ", or", and

(iii) by adding at the end the following:

"(ii) in an action brought under paragraph (1)(D) of subsection (a), to be arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law.".

(c) CONFORMING AMENDMENT.—Section 504 (19 U.S.C. 1504) is amended—

(1) in subsection (a), by inserting "except as provided in section 751(a)(3)," before "an entry of merchandise not liquidated", and

(2) in subsection (d), by striking "When a suspension" and inserting "Except as provided in section 751(a)(3), when a suspension".

SEC. 221. REVIEW DETERMINATIONS.

(a) IN GENERAL.—Chapter 1 of subtitle C of title VII (19 U.S.C. 1675) is amended by adding at the end the following new section:

"SEC. 752. SPECIAL RULES FOR SECTION 751(b) AND 751(c) REVIEWS.

"(a) DETERMINATION OF LIKELIHOOD OF CONTINUATION OR RECURRENCE OF MATERIAL INJURY.—

"(1) IN GENERAL.—In a review conducted under section 751 (b) or (c), the Commission shall determine whether revocation of an order, or termination of a suspended investigation, would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. The Commission shall consider the likely volume, price effect, and impact of imports of the subject merchandise on the industry if the order is revoked or the suspended investigation is terminated. The Commission shall take into account—

"(A) its prior injury determinations, including the volume, price effect, and impact of imports of the subject merchandise on the industry before the order was issued or the suspension agreement was accepted,

"(B) whether any improvement in the state of the industry is related to the order or the suspension agreement,

"(C) whether the industry is vulnerable to material injury if the order is revoked or the suspension agreement is terminated, and

"(D) in an antidumping proceeding under section 751(c), the findings of the administering authority regarding duty absorption under section 751(a)(4).

"(2) VOLUME.—In evaluating the likely volume of imports of the subject merchandise if the order is revoked or the sus-

pended investigation is terminated, the Commission shall consider whether the likely volume of imports of the subject merchandise would be significant if the order is revoked or the suspended investigation is terminated, either in absolute terms or relative to production or consumption in the United States. In so doing, the Commission shall consider all relevant economic factors, including—

"(A) any likely increase in production capacity or existing unused production capacity in the exporting country,

"(B) existing inventories of the subject merchandise, or likely increases in inventories,

"(C) the existence of barriers to the importation of such merchandise into countries other than the United States, and

"(D) the potential for product-shifting if production facilities in the foreign country, which can be used to produce the subject merchandise, are currently being used to produce other products.

"(3) PRICE.—In evaluating the likely price effects of imports of the subject merchandise if the order is revoked or the suspended investigation is terminated, the Commission shall consider whether—

"(A) there is likely to be significant price underselling by imports of the subject merchandise as compared to domestic like products, and

"(B) imports of the subject merchandise are likely to enter the United States at prices that otherwise would have a significant depressing or suppressing effect on the price of domestic like products.

"(4) IMPACT ON THE INDUSTRY.—In evaluating the likely impact of imports of the subject merchandise on the industry if the order is revoked or the suspended investigation is terminated, the Commission shall consider all relevant economic factors which are likely to have a bearing on the state of the industry in the United States, including, but not limited to—

"(A) likely declines in output, sales, market share, profits, productivity, return on investments, and utilization of capacity,

"(B) likely negative effects on cash flow, inventories, employment, wages, growth, ability to raise capital, and investment, and

"(C) likely negative effects on the existing development and production efforts of the industry, including efforts to develop a derivative or more advanced version of the domestic like product.

The Commission shall evaluate all relevant economic factors described in this paragraph within the context of the business cycle and the conditions of competition that are distinctive to the affected industry.

"(5) BASIS FOR DETERMINATION.—The presence or absence of any factor which the Commission is required to consider under this subsection shall not necessarily give decisive guidance with respect to the Commission's determination of whether material injury is likely to continue or recur within a reasonably foreseeable time if the order is revoked or the suspended investigation is terminated. In making that determination, the

Commission shall consider that the effects of revocation or termination may not be imminent, but may manifest themselves only over a longer period of time.

"(6) MAGNITUDE OF MARGIN OF DUMPING AND NET COUNTERVAILABLE SUBSIDY; NATURE OF COUNTERVAILABLE SUBSIDY.—In making a determination under section 751 (b) or (c), the Commission may consider the magnitude of the margin of dumping or the magnitude of the net countervailable subsidy. If a countervailable subsidy is involved the Commission shall consider information regarding the nature of the countervailable subsidy and whether the subsidy is a subsidy described in Article 3 or 6.1 of the Subsidies Agreement.

"(7) CUMULATION.—For purposes of this subsection, the Commission may cumulatively assess the volume and effect of imports of the subject merchandise from all countries with respect to which reviews under section 751 (b) or (c) were initiated on the same day, if such imports would be likely to compete with each other and with domestic like products in the United States market. The Commission shall not cumulatively assess the volume and effects of imports of the subject merchandise in a case in which it determines that such imports are likely to have no discernible adverse impact on the domestic industry.

"(8) SPECIAL RULE FOR REGIONAL INDUSTRIES.—In a review under section 751 (b) or (c) involving a regional industry, the Commission may base its determination on the regional industry defined in the original investigation under this title, another region that satisfies the criteria established in section 771(4)(C), or the United States as a whole. In determining if a regional industry analysis is appropriate for the determination in the review, the Commission shall consider whether the criteria established in section 771(4)(C) are likely to be satisfied if the order is revoked or the suspended investigation is terminated.

"(b) DETERMINATION OF LIKELIHOOD OF CONTINUATION OR RECURRENCE OF A COUNTERVAILABLE SUBSIDY.—

"(1) IN GENERAL.—In a review conducted under section 751(c), the administering authority shall determine whether revocation of a countervailing duty order or termination of a suspended investigation under section 704 would be likely to lead to continuation or recurrence of a countervailable subsidy. The administering authority shall consider—

"(A) the net countervailable subsidy determined in the investigation and subsequent reviews, and

"(B) whether any change in the program which gave rise to the net countervailable subsidy described in subparagraph (A) has occurred that is likely to affect that net countervailable subsidy.

"(2) CONSIDERATION OF OTHER FACTORS.—If good cause is shown, the administering authority shall also consider—

"(A) programs determined to provide countervailable subsidies in other investigations or reviews under this title, but only to the extent that such programs—

"(i) can potentially be used by the exporters or producers subject to the review under section 751(c), and

"(ii) did not exist at the time that the countervailing duty order was issued or the suspension agreement was accepted, and

"(B) programs newly alleged to provide countervailable subsidies but only to the extent that the administering authority makes an affirmative countervailing duty determination with respect to such programs and with respect to the exporters or producers subject to the review.

"(3) NET COUNTERVAILABLE SUBSIDY.—The administering authority shall provide to the Commission the net countervailable subsidy that is likely to prevail if the order is revoked or the suspended investigation is terminated. The administering authority shall normally choose a net countervailable subsidy that was determined under section 705 or subsection (a) or (b)(1) of section 751.

"(4) SPECIAL RULE.—

"(A) TREATMENT OF ZERO AND DE MINIMIS RATES.—A net countervailable subsidy described in paragraph (1)(A) that is zero or de minimis shall not by itself require the administering authority to determine that revocation of a countervailing duty order or termination of a suspended investigation would not be likely to lead to continuation or recurrence of a countervailable subsidy.

"(B) APPLICATION OF DE MINIMIS STANDARDS.—For purposes of this paragraph, the administering authority shall apply the de minimis standards applicable to reviews conducted under subsections (a) and (b)(1) of section 751.

"(c) DETERMINATION OF LIKELIHOOD OF CONTINUATION OR RECURRENCE OF DUMPING.—

"(1) IN GENERAL.—In a review conducted under section 751(c), the administering authority shall determine whether revocation of an antidumping duty order or termination of a suspended investigation under section 734 would be likely to lead to continuation or recurrence of sales of the subject merchandise at less than fair value. The administering authority shall consider—

"(A) the weighted average dumping margins determined in the investigation and subsequent reviews, and

"(B) the volume of imports of the subject merchandise for the period before and the period after the issuance of the antidumping duty order or acceptance of the suspension agreement.

"(2) CONSIDERATION OF OTHER FACTORS.—If good cause is shown, the administering authority shall also consider such other price, cost, market, or economic factors as it deems relevant.

"(3) MAGNITUDE OF THE MARGIN OF DUMPING.—The administering authority shall provide to the Commission the magnitude of the margin of dumping that is likely to prevail if the order is revoked or the suspended investigation is terminated. The administering authority shall normally choose a margin that was determined under section 735 or under subsection (a) or (b)(1) of section 751.

"(4) SPECIAL RULE.—

"(A) TREATMENT OF ZERO OR DE MINIMIS MARGINS.—A dumping margin described in paragraph (1)(A) that is zero or de minimis shall not by itself require the admin-

istering authority to determine that revocation of an antidumping duty order or termination of a suspended investigation would not be likely to lead to continuation or recurrence of sales at less than fair value.

"(B) APPLICATION OF DE MINIMIS STANDARDS.—For purposes of this paragraph, the administering authority shall apply the de minimis standards applicable to reviews conducted under subsections (a) and (b) of section 751.".

(b) AFFIRMATIVE DETERMINATIONS BY DIVIDED COMMISSION.—Section 771(11) (19 U.S.C. 1677(11)) is amended by inserting ", including a determination under section 751," after "determination by the Commission".

(c) CONFORMING AMENDMENT.—The table of contents for title VII is amended by inserting after the item relating to section 751 the following:

"Sec. 752. Special rules for section 751(b) and 751(c) reviews.".

SEC. 222. DEFINITIONS.

(a) INDUSTRY.—

(1) IN GENERAL.—Subparagraphs (A) and (B) of section 771(4) (19 U.S.C. 1677(4) (A) and (B)) are amended to read as follows:

"(A) IN GENERAL.—The term 'industry' means the producers as a whole of a domestic like product, or those producers whose collective output of a domestic like product constitutes a major proportion of the total domestic production of the product.

"(B) RELATED PARTIES.—

"(i) If a producer of a domestic like product and an exporter or importer of the subject merchandise are related parties, or if a producer of the domestic like product is also an importer of the subject merchandise, the producer may, in appropriate circumstances, be excluded from the industry.

"(ii) For purposes of clause (i), a producer and an exporter or importer shall be considered to be related parties, if—

"(I) the producer directly or indirectly controls the exporter or importer,

"(II) the exporter or importer directly or indirectly controls the producer,

"(III) a third party directly or indirectly controls the producer and the exporter or importer, or

"(IV) the producer and the exporter or importer directly or indirectly control a third party and there is reason to believe that the relationship causes the producer to act differently than a nonrelated producer.

For purposes of this subparagraph, a party shall be considered to directly or indirectly control another party if the party is legally or operationally in a position to exercise restraint or direction over the other party.".

(2) REGIONAL INDUSTRY.—Section 771(4)(C) (19 U.S.C. 1677(4)(C)) is amended by adding at the end the following new sentence: "The term 'regional industry' means the domestic

producers within a region who are treated as a separate industry under this subparagraph.".

(b) IMPACT ON AFFECTED DOMESTIC INDUSTRY.—

(1) IN GENERAL.—Section 771(7)(C)(iii) (19 U.S.C. 1677(7)(C)(iii)) is amended—

(A) by striking "and" at the end of subclause (III), and

(B) by striking the period at the end of subclause (IV) and inserting ", and

"(V) in a proceeding under subtitle B, the magnitude of the margin of dumping.".

(2) CAPTIVE PRODUCTION.—Section 771(7)(C) (19 U.S.C. 1677(7)(C)) is amended by striking clause (iv) and inserting the following:

"(iv) CAPTIVE PRODUCTION.—If domestic producers internally transfer significant production of the domestic like product for the production of a downstream article and sell significant production of the domestic like product in the merchant market, and the Commission finds that—

"(I) the domestic like product produced that is internally transferred for processing into that downstream article does not enter the merchant market for the domestic like product,

"(II) the domestic like product is the predominant material input in the production of that downstream article, and

"(III) the production of the domestic like product sold in the merchant market is not generally used in the production of that downstream article,

then the Commission, in determining market share and the factors affecting financial performance set forth in clause (iii), shall focus primarily on the merchant market for the domestic like product.".

(3) TECHNICAL CORRECTION.—Section 771(7)(C)(iii) is amended by striking "subparagraph (B)(iii)" and inserting "subparagraph (B)(i)(III)".

(c) DETERMINATION OF THREAT OF INJURY.—Clauses (i) and (ii) of section 771(7)(F) (19 U.S.C. 1677(7)(F) (i) and (ii)) are amended to read as follows:

"(i) IN GENERAL.—In determining whether an industry in the United States is threatened with material injury by reason of imports (or sales for importation) of the subject merchandise, the Commission shall consider, among other relevant economic factors—

"(I) if a countervailable subsidy is involved, such information as may be presented to it by the administering authority as to the nature of the subsidy (particularly as to whether the countervailable subsidy is a subsidy described in Article 3 or 6.1 of the Subsidies Agreement), and whether imports of the subject merchandise are likely to increase,

"(II) any existing unused production capacity or imminent, substantial increase in production capacity in the exporting country indicating the likelihood of substantially increased imports of the

subject merchandise into the United States, taking into account the availability of other export markets to absorb any additional exports,

"(III) a significant rate of increase of the volume or market penetration of imports of the subject merchandise indicating the likelihood of substantially increased imports,

"(IV) whether imports of the subject merchandise are entering at prices that are likely to have a significant depressing or suppressing effect on domestic prices, and are likely to increase demand for further imports,

"(V) inventories of the subject merchandise,

"(VI) the potential for product-shifting if production facilities in the foreign country, which can be used to produce the subject merchandise, are currently being used to produce other products,

"(VII) in any investigation under this title which involves imports of both a raw agricultural product (within the meaning of paragraph (4)(E)(iv)) and any product processed from such raw agricultural product, the likelihood that there will be increased imports, by reason of product shifting, if there is an affirmative determination by the Commission under section 705(b)(1) or 735(b)(1) with respect to either the raw agricultural product or the processed agricultural product (but not both),

"(VIII) the actual and potential negative effects on the existing development and production efforts of the domestic industry, including efforts to develop a derivative or more advanced version of the domestic like product, and

"(IX) any other demonstrable adverse trends that indicate the probability that there is likely to be material injury by reason of imports (or sale for importation) of the subject merchandise (whether or not it is actually being imported at the time).

"(ii) BASIS FOR DETERMINATION.—The Commission shall consider the factors set forth in clause (i) as a whole in making a determination of whether further dumped or subsidized imports are imminent and whether material injury by reason of imports would occur unless an order is issued or a suspension agreement is accepted under this title. The presence or absence of any factor which the Commission is required to consider under clause (i) shall not necessarily give decisive guidance with respect to the determination. Such a determination may not be made on the basis of mere conjecture or supposition.".

(d) NEGLIGIBLE IMPORTS.—Section 771 (19 U.S.C. 1677) is amended—

(1) in paragraph (7) by striking clause (v) of subparagraph (C), and

(2) by adding at the end the following:

"(24) NEGLIGIBLE IMPORTS.—

"(A) IN GENERAL.—

"(i) LESS THAN 3 PERCENT.—Except as provided in clauses (ii) and (iv), imports from a country of merchandise corresponding to a domestic like product identified by the Commission are 'negligible' if such imports account for less than 3 percent of the volume of all such merchandise imported into the United States in the most recent 12-month period for which data are available that precedes—

"(I) the filing of the petition under section 702(b) or 732(b), or

"(II) the initiation of the investigation, if the investigation was initiated under section 702(a) or 732(a).

"(ii) EXCEPTION.—Imports that would otherwise be negligible under clause (i) shall not be negligible if the aggregate volume of imports of the merchandise from all countries described in clause (i) with respect to which investigations were initiated on the same day exceeds 7 percent of the volume of all such merchandise imported into the United States during the applicable 12-month period.

"(iii) DETERMINATION OF AGGREGATE VOLUME.—In determining aggregate volume under clause (ii) or (iv), the Commission shall not consider imports from any country specified in paragraph (7)(G)(ii).

"(iv) NEGLIGIBILITY IN THREAT ANALYSIS.—Notwithstanding clauses (i) and (ii), the Commission shall not treat imports as negligible if it determines that there is a potential that imports from a country described in clause (i) will imminently account for more than 3 percent of the volume of all such merchandise imported into the United States, or that the aggregate volumes of imports from all countries described in clause (ii) will imminently exceed 7 percent of the volume of all such merchandise imported into the United States. The Commission shall consider such imports only for purposes of determining threat of material injury.

"(B) NEGLIGIBILITY FOR CERTAIN COUNTRIES IN COUNTERVAILING DUTY INVESTIGATIONS.—In the case of an investigation under section 701, subparagraph (A) shall be applied to imports of subject merchandise from developing countries by substituting '4 percent' for '3 percent' in subparagraph (A)(i) and by substituting '9 percent' for '7 percent' in subparagraph (A)(ii).

"(C) COMPUTATION OF IMPORT VOLUMES.—In computing import volumes for purposes of subparagraphs (A) and (B), the Commission may make reasonable estimates on the basis of available statistics.

"(D) REGIONAL INDUSTRIES.—In an investigation in which the Commission makes a regional industry determination under paragraph (4)(C), the Commission's examination under subparagraphs (A) and (B) shall be based upon the volume of subject merchandise exported for sale in the regional market in lieu of the volume of all subject merchandise imported into the United States.".

(e) CUMULATION.—Section 771(7) (19 U.S.C. 1677(7)) is amended—

(1) in subparagraph (F) by striking clause (iv), and

(2) by adding at the end the following:

"(G) CUMULATION FOR DETERMINING MATERIAL INJURY.—

"(i) IN GENERAL.—For purposes of clauses (i) and (ii) of subparagraph (C), and subject to clause (ii), the Commission shall cumulatively assess the volume and effect of imports of the subject merchandise from all countries with respect to which—

"(I) petitions were filed under section 702(b) or 732(b) on the same day,

"(II) investigations were initiated under section 702(a) or 732(a) on the same day, or

"(III) petitions were filed under section 702(b) or 732(b) and investigations were initiated under section 702(a) or 732(a) on the same day,

if such imports compete with each other and with domestic like products in the United States market.

"(ii) EXCEPTIONS.—The Commission shall not cumulatively assess the volume and effect of imports under clause (i)—

"(I) with respect to which the administering authority has made a preliminary negative determination, unless the administering authority subsequently made a final affirmative determination with respect to those imports before the Commission's final determination is made;

"(II) from any country with respect to which the investigation has been terminated;

"(III) from any country designated as a beneficiary country under the Caribbean Basin Economic Recovery Act (19 U.S.C. 2701 et seq.) for purposes of making a determination with respect to that country, except that the volume and effect of imports of the subject merchandise from such country may be cumulatively assessed with imports of the subject merchandise from any other country designated as such a beneficiary country to the extent permitted by clause (i); or

"(IV) from any country that is a party to an agreement with the United States establishing a free trade area, which entered into force and effect before January 1, 1987, unless the Commission determines that a domestic industry is materially injured or threatened with material injury by reason of imports from that country.

"(iii) RECORDS IN FINAL INVESTIGATIONS.—In each final determination in which it cumulatively assesses the volume and effect of imports under clause (i), the Commission shall make its determinations based on the record compiled in the first investigation in which it makes a final determination, except that when the administering authority issues its final determination in a subsequently completed investigation, the Commission shall permit the parties in the subsequent

investigation to submit comments concerning the significance of the administering authority's final determination, and shall include such comments and the administering authority's final determination in the record for the subsequent investigation.

"(iv) REGIONAL INDUSTRY DETERMINATIONS.—In an investigation which involves a regional industry, and in which the Commission decides that the volume and effect of imports should be cumulatively assessed under this subparagraph, such assessment shall be based upon the volume and effect of imports into the region or regions determined by the Commission. The provisions of clause (iii) shall apply to such investigations.

"(H) CUMULATION FOR DETERMINING THREAT OF MATERIAL INJURY.—To the extent practicable and subject to subparagraph (G)(ii), for purposes of clause (i)(III) and (IV) of subparagraph (F), the Commission may cumulatively assess the volume and price effects of imports of the subject merchandise from all countries with respect to which—

"(i) petitions were filed under section 702(b) or 732(b) on the same day,

"(ii) investigations were initiated under section 702(a) or 732(a) on the same day, or

"(iii) petitions were filed under section 702(b) or 732(b) and investigations were initiated under section 702(a) or 732(a) on the same day,

if such imports compete with each other and with domestic like products in the United States market.".

(f) CONSIDERATION OF POST-PETITION INFORMATION.—Section 771(7) (19 U.S.C. 1677(7)), is amended by adding at the end the following:

"(I) CONSIDERATION OF POST-PETITION INFORMATION.—The Commission shall consider whether any change in the volume, price effects, or impact of imports of the subject merchandise since the filing of the petition in an investigation under subtitle A or B is related to the pendency of the investigation and, if so, the Commission may reduce the weight accorded to the data for the period after the filing of the petition in making its determination of material injury, threat of material injury, or material retardation of the establishment of an industry in the United States.".

(g) INTERESTED PARTY.—Section 771(9) (19 U.S.C. 1677(9)) is amended—

(1) in subparagraph (A), by inserting "producers, exporters, or" before "importers", and

(2) in subparagraph (B), inserting "or from which such merchandise is exported" after "manufactured".

(h) ORDINARY COURSE OF TRADE.—Section 771(15) (19 U.S.C. 1677(15)) is amended—

(1) by striking "merchandise which is the subject of an investigation" and inserting "subject merchandise"; and

(2) by adding at the end the following: "The administering authority shall consider the following sales and transactions, among others, to be outside the ordinary course of trade:

"(A) Sales disregarded under section 773(b)(1).

"(B) Transactions disregarded under section 773(f)(2).".

SEC. 223. EXPORT PRICE AND CONSTRUCTED EXPORT PRICE.

Section 772 (19 U.S.C. 1677a) is amended to read as follows:

"SEC. 772. EXPORT PRICE AND CONSTRUCTED EXPORT PRICE.

"(a) EXPORT PRICE.—The term 'export price' means the price at which the subject merchandise is first sold (or agreed to be sold) before the date of importation by the producer or exporter of the subject merchandise outside of the United States to an unaffiliated purchaser in the United States or to an unaffiliated purchaser for exportation to the United States, as adjusted under subsection (c).

"(b) CONSTRUCTED EXPORT PRICE.—The term 'constructed export price' means the price at which the subject merchandise is first sold (or agreed to be sold) in the United States before or after the date of importation by or for the account of the producer or exporter of such merchandise or by a seller affiliated with the producer or exporter, to a purchaser not affiliated with the producer or exporter, as adjusted under subsections (c) and (d).

"(c) ADJUSTMENTS FOR EXPORT PRICE AND CONSTRUCTED EXPORT PRICE.—The price used to establish export price and constructed export price shall be—

"(1) increased by—

"(A) when not included in such price, the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the subject merchandise in condition packed ready for shipment to the United States,

"(B) the amount of any import duties imposed by the country of exportation which have been rebated, or which have not been collected, by reason of the exportation of the subject merchandise to the United States, and

"(C) the amount of any countervailing duty imposed on the subject merchandise under subtitle A to offset an export subsidy, and

"(2) reduced by—

"(A) except as provided in paragraph (1)(C), the amount, if any, included in such price, attributable to any additional costs, charges, or expenses, and United States import duties, which are incident to bringing the subject merchandise from the original place of shipment in the exporting country to the place of delivery in the United States, and

"(B) the amount, if included in such price, of any export tax, duty, or other charge imposed by the exporting country on the exportation of the subject merchandise to the United States, other than an export tax, duty, or other charge described in section 771(6)(C).

"(d) ADDITIONAL ADJUSTMENTS TO CONSTRUCTED EXPORT PRICE.—For purposes of this section, the price used to establish constructed export price shall also be reduced by—

"(1) the amount of any of the following expenses generally incurred by or for the account of the producer or exporter, or the affiliated seller in the United States, in selling the subject merchandise (or subject merchandise to which value has been added)—

"(A) commissions for selling the subject merchandise in the United States;

"(B) expenses that result from, and bear a direct relationship to, the sale, such as credit expenses, guarantees and warranties;

"(C) any selling expenses that the seller pays on behalf of the purchaser; and

"(D) any selling expenses not deducted under subparagraph (A), (B), or (C);

"(2) the cost of any further manufacture or assembly (including additional material and labor), except in circumstances described in subsection (e); and

"(3) the profit allocated to the expenses described in paragraphs (1) and (2).

"(e) SPECIAL RULE FOR MERCHANDISE WITH VALUE ADDED AFTER IMPORTATION.—Where the subject merchandise is imported by a person affiliated with the exporter or producer, and the value added in the United States by the affiliated person is likely to exceed substantially the value of the subject merchandise, the administering authority shall determine the constructed export price for such merchandise by using one of the following prices if there is a sufficient quantity of sales to provide a reasonable basis for comparison and the administering authority determines that the use of such sales is appropriate:

"(1) The price of identical subject merchandise sold by the exporter or producer to an unaffiliated person.

"(2) The price of other subject merchandise sold by the exporter or producer to an unaffiliated person.

If there is not a sufficient quantity of sales to provide a reasonable basis for comparison under paragraph (1) or (2), or the administering authority determines that neither of the prices described in such paragraphs is appropriate, then the constructed export price may be determined on any other reasonable basis.

"(f) SPECIAL RULE FOR DETERMINING PROFIT.—

"(1) IN GENERAL.—For purposes of subsection (d)(3), profit shall be an amount determined by multiplying the total actual profit by the applicable percentage.

"(2) DEFINITIONS.—For purposes of this subsection:

seller affiliated with the producer or exporter with respect to the production and sale of such merchandise:

"(i) The expenses incurred with respect to the subject merchandise sold in the United States and the foreign like product sold in the exporting country if such expenses were requested by the administering authority for the purpose of establishing normal value and constructed export price.

"(ii) The expenses incurred with respect to the narrowest category of merchandise sold in the United States and the exporting country which includes the subject merchandise.

"(iii) The expenses incurred with respect to the narrowest category of merchandise sold in all countries which includes the subject merchandise.

"(D) TOTAL ACTUAL PROFIT.—The term 'total actual profit' means the total profit earned by the foreign producer, exporter, and affiliated parties described in subparagraph (C) with respect to the sale of the same merchandise for which total expenses are determined under such subparagraph.".

SEC. 224. NORMAL VALUE.

Section 773 (19 U.S.C. 1677b) is amended to read as follows:

"SEC. 773. NORMAL VALUE.

"(a) DETERMINATION.—In determining under this title whether subject merchandise is being, or is likely to be, sold at less than fair value, a fair comparison shall be made between the export price or constructed export price and normal value. In order to achieve a fair comparison with the export price or constructed export price, normal value shall be determined as follows:

"(1) DETERMINATION OF NORMAL VALUE.—

"(A) IN GENERAL.—The normal value of the subject merchandise shall be the price described in subparagraph (B), at a time reasonably corresponding to the time of the sale used to determine the export price or constructed export price under section 772(a) or (b).

"(B) PRICE.—The price referred to in subparagraph (A) is—

"(i) the price at which the foreign like product is first sold (or, in the absence of a sale, offered for sale) for consumption in the exporting country, in the usual commercial quantities and in the ordinary course of trade and, to the extent practicable, at the same level of trade as the export price or constructed export price, or

"(ii) in a case to which subparagraph (C) applies, the price at which the foreign like product is so sold (or offered for sale) for consumption in a country other than the exporting country or the United States, if—

"(I) such price is representative,

"(II) the aggregate quantity (or, if quantity is not appropriate, value) of the foreign like product sold by the exporter or producer in such other country is 5 percent or more of the aggregate quantity (or value) of the subject merchandise sold in

the United States or for export to the United States, and

"(III) the administering authority does not determine that the particular market situation in such other country prevents a proper comparison with the export price or constructed export price.

"(C) THIRD COUNTRY SALES.—This subparagraph applies when—

"(i) the foreign like product is not sold (or offered for sale) for consumption in the exporting country as described in subparagraph (B)(i),

"(ii) the administering authority determines that the aggregate quantity (or, if quantity is not appropriate, value) of the foreign like product sold in the exporting country is insufficient to permit a proper comparison with the sales of the subject merchandise to the United States, or

"(iii) the particular market situation in the exporting country does not permit a proper comparison with the export price or constructed export price.

For purposes of clause (ii), the aggregate quantity (or value) of the foreign like product sold in the exporting country shall normally be considered to be insufficient if such quantity (or value) is less than 5 percent of the aggregate quantity (or value) of sales of the subject merchandise to the United States.

"(2) FICTITIOUS MARKETS.—No pretended sale or offer for sale, and no sale or offer for sale intended to establish a fictitious market, shall be taken into account in determining normal value. The occurrence of different movements in the prices at which different forms of the foreign like product are sold (or, in the absence of sales, offered for sale) in the exporting country after the issuance of an antidumping duty order may be considered by the administering authority as evidence of the establishment of a fictitious market for the foreign like product if the movement in such prices appears to reduce the amount by which the normal value exceeds the export price (or the constructed export price) of the subject merchandise.

"(3) EXPORTATION FROM AN INTERMEDIATE COUNTRY.—Where the subject merchandise is exported to the United States from an intermediate country, normal value shall be determined in the intermediate country, except that normal value may be determined in the country of origin of the subject merchandise if—

"(A) the producer knew at the time of the sale that the subject merchandise was destined for exportation;

"(B) the subject merchandise is merely transshipped through the intermediate country;

"(C) sales of the foreign like product in the intermediate country do not satisfy the conditions of paragraph (1)(C); or

"(D) the foreign like product is not produced in the intermediate country.

"(4) USE OF CONSTRUCTED VALUE.—If the administering authority determines that the normal value of the subject merchandise cannot be determined under paragraph (1)(B)(i), then,

notwithstanding paragraph (1)(B)(ii), the normal value of the subject merchandise may be the constructed value of that merchandise, as determined under subsection (e).

"(5) INDIRECT SALES OR OFFERS FOR SALE.—If the foreign like product is sold or, in the absence of sales, offered for sale through an affiliated party, the prices at which the foreign like product is sold (or offered for sale) by such affiliated party may be used in determining normal value.

"(6) ADJUSTMENTS.—The price described in paragraph (1)(B) shall be—

"(A) increased by the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the subject merchandise in condition packed ready for shipment to the United States;

"(B) reduced by—

"(i) when included in the price described in paragraph (1)(B), the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the foreign like product in condition packed ready for shipment to the place of delivery to the purchaser,

"(ii) the amount, if any, included in the price described in paragraph (1)(B), attributable to any additional costs, charges, and expenses incident to bringing the foreign like product from the original place of shipment to the place of delivery to the purchaser, and

"(iii) the amount of any taxes imposed directly upon the foreign like product or components thereof which have been rebated, or which have not been collected, on the subject merchandise, but only to the extent that such taxes are added to or included in the price of the foreign like product, and

"(C) increased or decreased by the amount of any difference (or lack thereof) between the export price or constructed export price and the price described in paragraph (1)(B) (other than a difference for which allowance is otherwise provided under this section) that is established to the satisfaction of the administering authority to be wholly or partly due to—

"(i) the fact that the quantities in which the subject merchandise is sold or agreed to be sold to the United States are greater than or less than the quantities in which the foreign like product is sold, agreed to be sold, or offered for sale,

"(ii) the fact that merchandise described in subparagraph (B) or (C) of section 771(16) is used in determining normal value, or

"(iii) other differences in the circumstances of sale.

"(7) ADDITIONAL ADJUSTMENTS.—

"(A) LEVEL OF TRADE.—The price described in paragraph (1)(B) shall also be increased or decreased to make due allowance for any difference (or lack thereof) between the export price or constructed export price and the price described in paragraph (1)(B) (other than a difference for which allowance is otherwise made under this section) that is shown to be wholly or partly due to a difference in level of trade between the export price or constructed

export price and normal value, if the difference in level of trade—

"(i) involves the performance of different selling activities; and

"(ii) is demonstrated to affect price comparability, based on a pattern of consistent price differences between sales at different levels of trade in the country in which normal value is determined.

In a case described in the preceding sentence, the amount of the adjustment shall be based on the price differences between the two levels of trade in the country in which normal value is determined.

"(B) CONSTRUCTED EXPORT PRICE OFFSET.—When normal value is established at a level of trade which constitutes a more advanced stage of distribution than the level of trade of the constructed export price, but the data available do not provide an appropriate basis to determine under subparagraph (A)(ii) a level of trade adjustment, normal value shall be reduced by the amount of indirect selling expenses incurred in the country in which normal value is determined on sales of the foreign like product but not more than the amount of such expenses for which a deduction is made under section 772(d)(1)(D).

"(8) ADJUSTMENTS TO CONSTRUCTED VALUE.—Constructed value as determined under subsection (e), may be adjusted, as appropriate, pursuant to this subsection.

"(b) SALES AT LESS THAN COST OF PRODUCTION.—

"(1) DETERMINATION; SALES DISREGARDED.—Whenever the administering authority has reasonable grounds to believe or suspect that sales of the foreign like product under consideration for the determination of normal value have been made at prices which represent less than the cost of production of that product, the administering authority shall determine whether, in fact, such sales were made at less than the cost of production. If the administering authority determines that sales made at less than the cost of production—

"(A) have been made within an extended period of time in substantial quantities, and

"(B) were not at prices which permit recovery of all costs within a reasonable period of time,

such sales may be disregarded in the determination of normal value. Whenever such sales are disregarded, normal value shall be based on the remaining sales of the foreign like product in the ordinary course of trade. If no sales made in the ordinary course of trade remain, the normal value shall be based on the constructed value of the merchandise.

"(2) DEFINITIONS AND SPECIAL RULES.—For purposes of this subsection—

"(A) REASONABLE GROUNDS TO BELIEVE OR SUSPECT.—There are reasonable grounds to believe or suspect that sales of the foreign like product were made at prices that are less than the cost of production of the product, if—

"(i) in an investigation initiated under section 732 or a review conducted under section 751, an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 771(9) provides information, based upon observed prices or constructed prices or costs, that

sales of the foreign like product under consideration for the determination of normal value have been made at prices which represent less than the cost of production of the product; or

"(ii) in a review conducted under section 751 involving a specific exporter, the administering authority disregarded some or all of the exporter's sales pursuant to paragraph (1) in the investigation or if a review has been completed, in the most recently completed review.

"(B) EXTENDED PERIOD OF TIME.—The term 'extended period of time' means a period that is normally 1 year, but not less than 6 months.

"(C) SUBSTANTIAL QUANTITIES.—Sales made at prices below the cost of production have been made in substantial quantities if—

"(i) the volume of such sales represents 20 percent or more of the volume of sales under consideration for the determination of normal value, or

"(ii) the weighted average per unit price of the sales under consideration for the determination of normal value is less than the weighted average per unit cost of production for such sales.

"(D) RECOVERY OF COSTS.—If prices which are below the per unit cost of production at the time of sale are above the weighted average per unit cost of production for the period of investigation or review, such prices shall be considered to provide for recovery of costs within a reasonable period of time.

"(3) CALCULATION OF COST OF PRODUCTION.—For purposes of this subtitle, the cost of production shall be an amount equal to the sum of—

"(A) the cost of materials and of fabrication or other processing of any kind employed in producing the foreign like product, during a period which would ordinarily permit the production of that foreign like product in the ordinary course of business;

"(B) an amount for selling, general, and administrative expenses based on actual data pertaining to production and sales of the foreign like product by the exporter in question; and

"(C) the cost of all containers and coverings of whatever nature, and all other expenses incidental to placing the foreign like product in condition packed ready for shipment.

For purposes of subparagraph (A), if the normal value is based on the price of the foreign like product sold for consumption in a country other than the exporting country, the cost of materials shall be determined without regard to any internal tax in the exporting country imposed on such materials or their disposition which are remitted or refunded upon exportation.

"(c) NONMARKET ECONOMY COUNTRIES.—

"(1) IN GENERAL.—If—

"(A) the subject merchandise is exported from a nonmarket economy country, and

"(B) the administering authority finds that available information does not permit the normal value of the subject merchandise to be determined under subsection (a),

the administering authority shall determine the normal value of the subject merchandise on the basis of the value of the factors of production utilized in producing the merchandise and to which shall be added an amount for general expenses and profit plus the cost of containers, coverings, and other expenses. Except as provided in paragraph (2), the valuation of the factors of production shall be based on the best available information regarding the values of such factors in a market economy country or countries considered to be appropriate by the administering authority.

"(2) EXCEPTION.—If the administering authority finds that the available information is inadequate for purposes of determining the normal value of subject merchandise under paragraph (1), the administering authority shall determine the normal value on the basis of the price at which merchandise that is—

"(A) comparable to the subject merchandise, and

"(B) produced in one or more market economy countries that are at a level of economic development comparable to that of the nonmarket economy country,

is sold in other countries, including the United States.

"(3) FACTORS OF PRODUCTION.—For purposes of paragraph (1), the factors of production utilized in producing merchandise include, but are not limited to—

"(A) hours of labor required,

"(B) quantities of raw materials employed,

"(C) amounts of energy and other utilities consumed, and

"(D) representative capital cost, including depreciation.

"(4) VALUATION OF FACTORS OF PRODUCTION.—The administering authority, in valuing factors of production under paragraph (1), shall utilize, to the extent possible, the prices or costs of factors of production in one or more market economy countries that are—

"(A) at a level of economic development comparable to that of the nonmarket economy country, and

"(B) significant producers of comparable merchandise.

"(d) SPECIAL RULE FOR CERTAIN MULTINATIONAL CORPORATIONS.—Whenever, in the course of an investigation under this title, the administering authority determines that—

"(1) subject merchandise exported to the United States is being produced in facilities which are owned or controlled, directly or indirectly, by a person, firm, or corporation which also owns or controls, directly or indirectly, other facilities for the production of the foreign like product which are located in another country or countries,

"(2) subsection (a)(1)(C) applies, and

"(3) the normal value of the foreign like product produced in one or more of the facilities outside the exporting country is higher than the normal value of the foreign like product produced in the facilities located in the exporting country,

it shall determine the normal value of the subject merchandise by reference to the normal value at which the foreign like product is sold in substantial quantities from one or more facilities outside

the exporting country. The administering authority, in making any determination under this paragraph, shall make adjustments for the difference between the cost of production (including taxes, labor, materials, and overhead) of the foreign like product produced in facilities outside the exporting country and costs of production of the foreign like product produced in facilities in the exporting country, if such differences are demonstrated to its satisfaction. For purposes of this subsection, in determining the normal value of the foreign like product produced in a country outside of the exporting country, the administering authority shall determine its price at the time of exportation from the exporting country and shall make any adjustments required by subsection (a) for the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the merchandise in condition packed ready for shipment to the United States by reference to such costs in the exporting country.

"(e) CONSTRUCTED VALUE.—For purposes of this title, the constructed value of imported merchandise shall be an amount equal to the sum of—

"(1) the cost of materials and fabrication or other processing of any kind employed in producing the merchandise, during a period which would ordinarily permit the production of the merchandise in the ordinary course of business;

"(2)(A) the actual amounts incurred and realized by the specific exporter or producer being examined in the investigation or review for selling, general, and administrative expenses, and for profits, in connection with the production and sale of a foreign like product, in the ordinary course of trade, for consumption in the foreign country, or

"(B) if actual data are not available with respect to the amounts described in subparagraph (A), then—

"(i) the actual amounts incurred and realized by the specific exporter or producer being examined in the investigation or review for selling, general, and administrative expenses, and for profits, in connection with the production and sale, for consumption in the foreign country, of merchandise that is in the same general category of products as the subject merchandise,

"(ii) the weighted average of the actual amounts incurred and realized by exporters or producers that are subject to the investigation or review (other than the exporter or producer described in clause (i)) for selling, general, and administrative expenses, and for profits, in connection with the production and sale of a foreign like product, in the ordinary course of trade, for consumption in the foreign country, or

"(iii) the amounts incurred and realized for selling, general, and administrative expenses, and for profits, based on any other reasonable method, except that the amount allowed for profit may not exceed the amount normally realized by exporters or producers (other than the exporter or producer described in clause (i)) in connection with the sale, for consumption in the foreign country, of merchandise that is in the same general category of products as the subject merchandise; and

"(3) the cost of all containers and coverings of whatever nature, and all other expenses incidental to placing the subject

merchandise in condition packed ready for shipment to the United States.

For purposes of paragraph (1), the cost of materials shall be determined without regard to any internal tax in the exporting country imposed on such materials or their disposition which are remitted or refunded upon exportation of the subject merchandise produced from such materials.

"(f) SPECIAL RULES FOR CALCULATION OF COST OF PRODUCTION AND FOR CALCULATION OF CONSTRUCTED VALUE.—For purposes of subsections (b) and (e).—

"(1) COSTS.—

"(A) IN GENERAL.—Costs shall normally be calculated based on the records of the exporter or producer of the merchandise, if such records are kept in accordance with the generally accepted accounting principles of the exporting country (or the producing country, where appropriate) and reasonably reflect the costs associated with the production and sale of the merchandise. The administering authority shall consider all available evidence on the proper allocation of costs, including that which is made available by the exporter or producer on a timely basis, if such allocations have been historically used by the exporter or producer, in particular for establishing appropriate amortization and depreciation periods, and allowances for capital expenditures and other development costs.

"(B) NONRECURRING COSTS.—Costs shall be adjusted appropriately for those nonrecurring costs that benefit current or future production, or both.

"(C) STARTUP COSTS.—

"(i) IN GENERAL.—Costs shall be adjusted appropriately for circumstances in which costs incurred during the time period covered by the investigation or review are affected by startup operations.

"(ii) STARTUP OPERATIONS.—Adjustments shall be made for startup operations only where—

"(I) a producer is using new production facilities or producing a new product that requires substantial additional investment, and

"(II) production levels are limited by technical factors associated with the initial phase of commercial production.

For purposes of subclause (II), the initial phase of commercial production ends at the end of the startup period. In determining whether commercial production levels have been achieved, the administering authority shall consider factors unrelated to startup operations that might affect the volume of production processed, such as demand, seasonality, or business cycles.

"(iii) ADJUSTMENT FOR STARTUP OPERATIONS.—The adjustment for startup operations shall be made by substituting the unit production costs incurred with respect to the merchandise at the end of the startup period for the unit production costs incurred during the startup period. If the startup period extends beyond the period of the investigation or review under this title, the administering authority shall use the most recent cost of production data that it reasonably can

obtain, analyze, and verify without delaying the timely completion of the investigation or review. For purposes of this subparagraph, the startup period ends at the point at which the level of commercial production that is characteristic of the merchandise, producer, or industry concerned is achieved.

"(2) TRANSACTIONS DISREGARDED.—A transaction directly or indirectly between affiliated persons may be disregarded if, in the case of any element of value required to be considered, the amount representing that element does not fairly reflect the amount usually reflected in sales of merchandise under consideration in the market under consideration. If a transaction is disregarded under the preceding sentence and no other transactions are available for consideration, the determination of the amount shall be based on the information available as to what the amount would have been if the transaction had occurred between persons who are not affiliated.

"(3) MAJOR INPUT RULE.—If, in the case of a transaction between affiliated persons involving the production by one of such persons of a major input to the merchandise, the administering authority has reasonable grounds to believe or suspect that an amount represented as the value of such input is less than the cost of production of such input, then the administering authority may determine the value of the major input on the basis of the information available regarding such cost of production, if such cost is greater than the amount that would be determined for such input under paragraph (2).".

SEC. 225. CURRENCY CONVERSION.

(a) IN GENERAL.—Subtitle D of title VII (19 U.S.C. 1677 et seq.) is amended by inserting after section 773 the following new section:

"(a) IN GENERAL.—In an antidumping proceeding under this title, the administering authority shall convert foreign currencies into United States dollars using the exchange rate in effect on the date of sale of the subject merchandise, except that, if it is established that a currency transaction on forward markets is directly linked to an export sale under consideration, the exchange rate specified with respect to such currency in the forward sale agreement shall be used to convert the foreign currency. Fluctuations in exchange rates shall be ignored.

"(b) SUSTAINED MOVEMENT IN FOREIGN CURRENCY VALUE.—In an investigation under subtitle B, if there is a sustained movement in the value of the foreign currency relative to the United States dollar, the administering authority shall allow exporters at least 60 days to adjust their export prices to reflect such sustained movement.".

(b) CONFORMING AMENDMENT.—The table of contents for title VII is amended by inserting after the item relating to section 773 the following new item:

"(II) a statement that the information is not susceptible to summary accompanied by a statement of the reasons in support of the contention, and

"(ii) either—

"(I) a statement which permits the administering authority or the Commission to release under administrative protective order, in accordance with subsection (c), the information submitted in confidence, or

"(A) the administering authority shall include in a final determination described in paragraph (1) an explanation of the basis for its determination that addresses relevant arguments, made by interested parties who are parties to the investigation or review (as the case may be), concerning the establishment of dumping or a countervailable subsidy, or the suspension of the investigation, with respect to which the determination is made; and

"(B) the Commission shall include in a final determination of injury an explanation of the basis for its determination that addresses relevant arguments that are made by interested parties who are parties to the investigation or review (as the case may be) concerning volume, price effects, and impact on the industry of imports of the subject merchandise.".

SEC. 229. SAMPLING AND AVERAGING; DETERMINATION OF WEIGHTED AVERAGE DUMPING MARGIN.

(a) IN GENERAL.—Section 777A (19 U.S.C. 1677f–1) is amended to read as follows:

"SEC. 777A. SAMPLING AND AVERAGING; DETERMINATION OF WEIGHTED AVERAGE DUMPING MARGIN.

"(a) IN GENERAL.—For purposes of determining the export price (or constructed export price) under section 772 or the normal value under section 773, and in carrying out reviews under section 751, the administering authority may—

"(1) use averaging and statistically valid samples, if there is a significant volume of sales of the subject merchandise or a significant number or types of products, and

"(2) decline to take into account adjustments which are insignificant in relation to the price or value of the merchandise.

"(b) SELECTION OF AVERAGES AND SAMPLES.—The authority to select averages and statistically valid samples shall rest exclusively with the administering authority. The administering authority shall, to the greatest extent possible, consult with the exporters and producers regarding the method to be used to select exporters, producers, or types of products under this section.

"(c) DETERMINATION OF DUMPING MARGIN.—

"(1) GENERAL RULE.—In determining weighted average dumping margins under section 733(d), 735(c), or 751(a), the administering authority shall determine the individual weighted average dumping margin for each known exporter and producer of the subject merchandise.

"(2) EXCEPTION.—If it is not practicable to make individual weighted average dumping margin determinations under para-

graph (1) because of the large number of exporters or producers involved in the investigation or review, the administering authority may determine the weighted average dumping margins for a reasonable number of exporters or producers by limiting its examination to—

"(A) a sample of exporters, producers, or types of products that is statistically valid based on the information available to the administering authority at the time of selection, or

"(B) exporters and producers accounting for the largest volume of the subject merchandise from the exporting country that can be reasonably examined.

"(d) DETERMINATION OF LESS THAN FAIR VALUE.—

"(1) INVESTIGATIONS.—

"(A) IN GENERAL.—In an investigation under subtitle B, the administering authority shall determine whether the subject merchandise is being sold in the United States at less than fair value—

"(i) by comparing the weighted average of the normal values to the weighted average of the export prices (and constructed export prices) for comparable merchandise, or

"(ii) by comparing the normal values of individual transactions to the export prices (or constructed export prices) of individual transactions for comparable merchandise.

"(B) EXCEPTION.—The administering authority may determine whether the subject merchandise is being sold in the United States at less than fair value by comparing the weighted average of the normal values to the export prices (or constructed export prices) of individual transactions for comparable merchandise, if—

"(i) there is a pattern of export prices (or constructed export prices) for comparable merchandise that differ significantly among purchasers, regions, or periods of time, and

"(ii) the administering authority explains why such differences cannot be taken into account using a method described in paragraph (1)(A)(i) or (ii).

"(2) REVIEWS.—In a review under section 751, when comparing export prices (or constructed export prices) of individual transactions to the weighted average price of sales of the foreign like product, the administering authority shall limit its averaging of prices to a period not exceeding the calendar month that corresponds most closely to the calendar month of the individual export sale.".

(b) DUMPING MARGIN; WEIGHTED AVERAGE DUMPING MARGIN.—Section 771 (19 U.S.C. 1677), as amended by section 222(i), is amended by adding at the end the following new paragraph:

"(35) DUMPING MARGIN; WEIGHTED AVERAGE DUMPING MARGIN.—

"(A) DUMPING MARGIN.—The term 'dumping margin' means the amount by which the normal value exceeds the export price or constructed export price of the subject merchandise.

"(B) WEIGHTED AVERAGE DUMPING MARGIN.—The term 'weighted average dumping margin' is the percentage deter-

mined by dividing the aggregate dumping margins determined for a specific exporter or producer by the aggregate export prices and constructed export prices of such exporter or producer.

"(C) MAGNITUDE OF THE MARGIN OF DUMPING.—The magnitude of the margin of dumping used by the Commission shall be—

"(i) in making a preliminary determination under section 733(a) in an investigation (including any investigation in which the Commission cumulatively assesses the volume and effect of imports under paragraph (7)(G)(i)), the dumping margin or margins published by the administering authority in its notice of initiation of the investigation;

"(ii) in making a final determination under section 735(b), the dumping margin or margins most recently published by the administering authority prior to the closing of the Commission's administrative record;

"(iii) in a review under section 751(b)(2), the most recent dumping margin or margins determined by the administering authority under section 752(c)(3), if any, or under section 733(b) or 735(a); and

"(iv) in a review under section 751(c), the dumping margin or margins determined by the administering authority under section 752(c)(3).".

"(i) is subject to such order or finding, or

"(ii) is produced in the foreign country with respect to which such order or finding applies,

"(C) the process of assembly or completion in the foreign country referred to in subparagraph (B) is minor or insignificant,

"(D) the value of the merchandise produced in the foreign country to which the antidumping duty order applies is a significant portion of the total value of the merchandise exported to the United States, and

"(E) the administering authority determines that action is appropriate under this paragraph to prevent evasion of such order or finding,

the administering authority, after taking into account any advice provided by the Commission under subsection (e), may include such imported merchandise within the scope of such order or finding at any time such order or finding is in effect.

"(3) FACTORS TO CONSIDER.—In determining whether to include merchandise assembled or completed in a foreign country in a countervailing duty order or an antidumping duty order or finding under paragraph (1), the administering authority shall take into account such factors as—

"(A) the pattern of trade, including sourcing patterns,

"(B) whether the manufacturer or exporter of the merchandise described in paragraph (1)(B) is affiliated with the person who uses the merchandise described in paragraph (1)(B) to assemble or complete in the foreign country the merchandise that is subsequently imported into the United States, and

"(C) whether imports into the foreign country of the merchandise described in paragraph (1)(B) have increased after the initiation of the investigation which resulted in the issuance of such order or finding.".

lish an individual countervailable subsidy rate or an individual weighted average dumping margin for any exporter or producer not initially selected for individual examination under such sections who submits to the administering authority the information requested from exporters or producers selected for examination, if—

"(1) such information is so submitted by the date specified—

"(A) for exporters and producers that were initially selected for examination, or

"(B) for the foreign government, in a countervailing duty case where the administering authority has determined a single country-wide rate; and

"(2) the number of exporters or producers who have submitted such information is not so large that individual examination of such exporters or producers would be unduly burdensome and inhibit the timely completion of the investigation.

"(b) CERTIFICATION OF SUBMISSIONS.—Any person providing factual information to the administering authority or the Commission in connection with a proceeding under this title on behalf of the petitioner or any other interested party shall certify that such information is accurate and complete to the best of that person's knowledge.

"(1) terminate an investigation under subtitle A or B with respect to a domestic like product if, prior to publication of an order under section 706 or 736, the administering authority determines that producers accounting for substantially all of the production of that domestic like product have expressed a lack of interest in issuance of an order; and

"(2) revoke an order issued under section 706 or 736 with respect to a domestic like product, or terminate an investigation suspended under section 704 or 734 with respect to a domestic

like product, if the administering authority determines that producers accounting for substantially all of the production of that domestic like product, have expressed a lack of interest in the order or suspended investigation.

the administering authority and the Commission shall, subject to section 782(d), use the facts otherwise available in reaching the applicable determination under this title.

"(b) ADVERSE INFERENCES.—If the administering authority or the Commission (as the case may be) finds that an interested party has failed to cooperate by not acting to the best of its ability to comply with a request for information from the administering authority or the Commission, the administering authority or the Commission (as the case may be), in reaching the applicable determination under this title, may use an inference that is adverse to the interests of that party in selecting from among the facts otherwise available. "(2) a final determination in the investigation under this title,

"(3) any previous review under section 751 or determination under section 753, or

Subtitle B—Subsidies Provisions

PART 1—COUNTERVAILABLE SUBSIDIES

SEC. 251. COUNTERVAILABLE SUBSIDY.

(a) IN GENERAL.—Section 771 (19 U.S.C. 1677) is amended by striking paragraph (5) and inserting the following:

"(5) COUNTERVAILABLE SUBSIDY.—

"(A) IN GENERAL.—Except as provided in paragraph (5B), a countervailable subsidy is a subsidy described in this paragraph which is specific as described in paragraph (5A).

"(B) SUBSIDY DESCRIBED.—A subsidy is described in this paragraph in the case in which an authority—

"(i) provides a financial contribution,

"(ii) provides any form of income or price support within the meaning of Article XVI of the GATT 1994, or

"(iii) makes a payment to a funding mechanism to provide a financial contribution, or entrusts or directs a private entity to make a financial contribution, if providing the contribution would normally be vested in the government and the practice does not differ in substance from practices normally followed by governments,

to a person and a benefit is thereby conferred. For purposes of this paragraph and paragraphs (5A) and (5B), the term 'authority' means a government of a country or any public entity within the territory of the country.

"(C) OTHER FACTORS.—The determination of whether a subsidy exists shall be made without regard to whether the recipient of the subsidy is publicly or privately owned and without regard to whether the subsidy is provided directly or indirectly on the manufacture, production, or export of merchandise. The administering authority is not required to consider the effect of the subsidy in determining whether a subsidy exists under this paragraph.

"(D) FINANCIAL CONTRIBUTION.—The term 'financial contribution' means—

"(i) the direct transfer of funds, such as grants, loans, and equity infusions, or the potential direct transfer of funds or liabilities, such as loan guarantees,

"(ii) foregoing or not collecting revenue that is otherwise due, such as granting tax credits or deductions from taxable income,

"(iii) providing goods or services, other than general infrastructure, or

"(iv) purchasing goods.

"(E) BENEFIT CONFERRED.—A benefit shall normally be treated as conferred where there is a benefit to the recipient, including—

"(i) in the case of an equity infusion, if the investment decision is inconsistent with the usual investment practice of private investors, including the practice regarding the provision of risk capital, in the country in which the equity infusion is made,

"(ii) in the case of a loan, if there is a difference between the amount the recipient of the loan pays on the loan and the amount the recipient would pay on a comparable commercial loan that the recipient could actually obtain on the market,

"(iii) in the case of a loan guarantee, if there is a difference, after adjusting for any difference in guarantee fees, between the amount the recipient of the guarantee pays on the guaranteed loan and the amount the recipient would pay for a comparable commercial loan if there were no guarantee by the authority, and

"(iv) in the case where goods or services are provided, if such goods or services are provided for less than adequate remuneration, and in the case where goods are purchased, if such goods are purchased for more than adequate remuneration.

For purposes of clause (iv), the adequacy of remuneration shall be determined in relation to prevailing market conditions for the good or service being provided or the goods being purchased in the country which is subject to the investigation or review. Prevailing market conditions include price, quality, availability, marketability, transportation, and other conditions of purchase or sale.

"(F) CHANGE IN OWNERSHIP.—A change in ownership of all or part of a foreign enterprise or the productive assets of a foreign enterprise does not by itself require a determination by the administering authority that a past countervailable subsidy received by the enterprise no longer continues to be countervailable, even if the change in ownership is accomplished through an arm's length transaction.

"(5A) SPECIFICITY.—

"(A) IN GENERAL.—A subsidy is specific if it is an export subsidy described in subparagraph (B) or an import substitution subsidy described in subparagraph (C), or if it is determined to be specific pursuant to subparagraph (D).

"(B) EXPORT SUBSIDY.—An export subsidy is a subsidy that is, in law or in fact, contingent upon export performance, alone or as 1 of 2 or more conditions.

"(C) IMPORT SUBSTITUTION SUBSIDY.—An import substitution subsidy is a subsidy that is contingent upon the use of domestic goods over imported goods, alone or as 1 of 2 or more conditions.

"(D) DOMESTIC SUBSIDY.—In determining whether a subsidy (other than a subsidy described in subparagraph (B) or (C)) is a specific subsidy, in law or in fact, to an enterprise or industry within the jurisdiction of the authority providing the subsidy, the following guidelines shall apply:

"(i) Where the authority providing the subsidy, or the legislation pursuant to which the authority operates, expressly limits access to the subsidy to an enterprise or industry, the subsidy is specific as a matter of law.

"(ii) Where the authority providing the subsidy, or the legislation pursuant to which the authority operates, establishes objective criteria or conditions governing the eligibility for, and the amount of, a subsidy, the subsidy is not specific as a matter of law, if—

"(I) eligibility is automatic,

"(II) the criteria or conditions for eligibility are strictly followed, and

"(III) the criteria or conditions are clearly set forth in the relevant statute, regulation, or other official document so as to be capable of verification.

For purposes of this clause, the term 'objective criteria or conditions' means criteria or conditions that are neutral and that do not favor one enterprise or industry over another.

"(iii) Where there are reasons to believe that a subsidy may be specific as a matter of fact, the subsidy is specific if one or more of the following factors exist:

"(I) The actual recipients of the subsidy, whether considered on an enterprise or industry basis, are limited in number.

"(II) An enterprise or industry is a predominant user of the subsidy.

"(III) An enterprise or industry receives a disproportionately large amount of the subsidy.

"(IV) The manner in which the authority providing the subsidy has exercised discretion in the decision to grant the subsidy indicates that an enterprise or industry is favored over others.

In evaluating the factors set forth in subclauses (I), (II), (III), and (IV), the administering authority shall take into account the extent of diversification of economic activities within the jurisdiction of the authority providing the subsidy, and the length of time during which the subsidy program has been in operation.

"(iv) Where a subsidy is limited to an enterprise or industry located within a designated geographical region within the jurisdiction of the authority providing the subsidy, the subsidy is specific.

For purposes of this paragraph and paragraph (5B), any reference to an enterprise or industry is a reference to a foreign enterprise or foreign industry and includes a group of such enterprises or industries.

"(5B) CATEGORIES OF NONCOUNTERVAILABLE SUBSIDIES.—

"(A) IN GENERAL.—Notwithstanding the provisions of paragraphs (5) and (5A), in the case of merchandise imported from a Subsidies Agreement country, a subsidy shall be treated as noncountervailable if the administering authority determines in an investigation under subtitle A or a review under subtitle C that the subsidy meets all of the criteria described in subparagraph (B), (C), or (D), as the case may be, or the provisions of subparagraph (E)(i) apply.

"(B) RESEARCH SUBSIDY.—

"(i) IN GENERAL.—Except for a subsidy provided on the manufacture, production, or export of civil aircraft, a subsidy for research activities conducted by

a person, or by a higher education or research establishment on a contract basis with a person, shall be treated as noncountervailable, if the subsidy covers not more than 75 percent of the costs of industrial research or not more than 50 percent of the costs of precompetitive development activity, and such subsidy is limited exclusively to—

"(I) the costs of researchers, technicians, and other supporting staff employed exclusively in the research activity,

"(II) the costs of instruments, equipment, land, or buildings that are used exclusively and permanently (except when disposed of on a commercial basis) for the research activity,

"(III) the costs of consultancy and equivalent services used exclusively for the research activity, including costs for bought-in research, technical knowledge, and patents,

"(IV) additional overhead costs incurred directly as a result of the research activity, and

"(V) other operating costs (such as materials and supplies) incurred directly as a result of the research activity.

"(ii) DEFINITIONS.—For purposes of this subparagraph—

"(I) INDUSTRIAL RESEARCH.—The term 'industrial research' means planned search or critical investigation aimed at the discovery of new knowledge, with the objective that such knowledge may be useful in developing new products, processes, or services, or in bringing about a significant improvement to existing products, processes, or services.

"(II) PRECOMPETITIVE DEVELOPMENT ACTIVITY.—The term 'precompetitive development activity' means the translation of industrial research findings into a plan, blueprint, or design for new, modified, or improved products, processes, or services, whether intended for sale or use, including the creation of a first prototype that would not be capable of commercial use. The term also may include the conceptual formulation and design of products, processes, or services alternatives and initial demonstration or pilot projects, if these same projects cannot be converted or used for industrial application or commercial exploitation. The term does not include routine or periodic alterations to existing products, production lines, manufacturing processes, services, or other ongoing operations even if those alterations may represent improvements.

"(iii) CALCULATION RULES.—

"(I) IN GENERAL.—In the case of a research activity that spans both industrial research and precompetitive development activity, the allowable level of the noncountervailable subsidy shall not exceed 62.5 percent of the costs set forth in

subclauses (I), (II), (III), (IV), and (V) of clause (i).

"(II) TOTAL ELIGIBLE COSTS.—The allowable level of a noncountervailable subsidy described in clause (i) shall be based on the total eligible costs incurred over the duration of a particular project.

"(C) SUBSIDY TO DISADVANTAGED REGIONS.—

"(i) IN GENERAL.—A subsidy provided, pursuant to a general framework of regional development, to a person located in a disadvantaged region within a country shall be treated as noncountervailable, if it is not specific (within the meaning of paragraph (5A)) within eligible regions and if the following conditions are met:

"(I) Each region identified as disadvantaged within the territory of a country is a clearly designated, contiguous geographical area with a definable economic and administrative identity.

"(II) Each region is considered a disadvantaged region on the basis of neutral and objective criteria indicating that the region is disadvantaged because of more than temporary circumstances, and such criteria are clearly stated in the relevant statute, regulation, or other official document so as to be capable of verification.

"(III) The criteria described in subclause (II) include a measurement of economic development.

"(IV) Programs provided within a general framework of regional development include ceilings on the amount of assistance that can be granted to a subsidized project. Such ceilings are differentiated according to the different levels of development of assisted regions, and are expressed in terms of investment costs or costs of job creation. Within such ceilings, the distribution of assistance is sufficiently broad and even to avoid the predominant use of a subsidy by, or the provision of disproportionately large amounts of a subsidy to, an enterprise or industry as described in paragraph (5A)(D).

"(ii) MEASUREMENT OF ECONOMIC DEVELOPMENT.—For purposes of clause (i), the measurement of economic development shall be based on one or more of the following factors:

"(I) Per capita income, household per capita income, or per capita gross domestic product that does not exceed 85 percent of the average for the country subject to investigation or review.

"(II) An unemployment rate that is at least 110 percent of the average unemployment rate for the country subject to investigation or review.

The measurement of economic development shall cover a 3-year period, but may be a composite measurement and may include factors other than those set forth in this clause.

"(iii) DEFINITIONS.—For purposes of this subparagraph—

"(I) GENERAL FRAMEWORK OF REGIONAL DEVELOPMENT.—The term 'general framework of regional development' means that the regional subsidy programs are part of an internally consistent and generally applicable regional development policy, and that regional development subsidies are not granted in isolated geographical points having no, or virtually no, influence on the development of a region.

"(II) NEUTRAL AND OBJECTIVE CRITERIA.—The term 'neutral and objective criteria' means criteria that do not favor certain regions beyond what is appropriate for the elimination or reduction of regional disparities within the framework of the regional development policy.

"(D) SUBSIDY FOR ADAPTATION OF EXISTING FACILITIES TO NEW ENVIRONMENTAL REQUIREMENTS.—

"(i) IN GENERAL.—A subsidy that is provided to promote the adaptation of existing facilities to new environmental requirements that are imposed by statute or by regulation, and that result in greater constraints and financial burdens on the recipient of the subsidy, shall be treated as noncountervailable, if the subsidy—

"(I) is a one-time nonrecurring measure,

"(II) is limited to 20 percent of the cost of adaptation,

"(III) does not cover the cost of replacing and operating the subsidized investment, a cost that must be fully borne by the recipient,

"(IV) is directly linked and proportionate to the recipient's planned reduction of nuisances and pollution, and does not cover any manufacturing cost savings that may be achieved, and

"(V) is available to all persons that can adopt the new equipment or production processes.

"(ii) EXISTING FACILITIES.—For purposes of this subparagraph, the term 'existing facilities' means facilities that have been in operation for at least 2 years before the date on which the new environmental requirements are imposed.

"(E) NOTIFIED SUBSIDY PROGRAM.—

"(i) GENERAL RULE.—If a subsidy is provided pursuant to a program that has been notified in accordance with Article 8.3 of the Subsidies Agreement, the subsidy shall be treated as noncountervailable and shall not be subject to investigation or review under this title.

"(ii) EXCEPTION.—Notwithstanding clause (i), a subsidy shall be treated as countervailable if—

"(I) the Trade Representative notifies the administering authority that a determination has been made pursuant to Article 8.4 or 8.5 of the Subsidies Agreement that the subsidy, or the program pursuant to which the subsidy was provided, does not satisfy the conditions and criteria of Article 8.2 of the Subsidies Agreement; and

"(II) the subsidy is specific within the meaning of paragraph (5A).

"(F) CERTAIN SUBSIDIES ON AGRICULTURAL PRODUCTS.—Domestic support measures that are provided with respect to products listed in Annex 1 to the Agreement on Agriculture, and that the administering authority determines conform fully to the provisions of Annex 2 to that Agreement, shall be treated as noncountervailable. Upon request by the administering authority, the Trade Representative shall provide advice regarding the interpretation and application of Annex 2.

"(G) PROVISIONAL APPLICATION.—

"(i) Subparagraphs (B), (C), (D), and (E) shall not apply on or after the first day of the month that is 66 months after the WTO Agreement enters into force, unless the provisions of such subparagraphs are extended pursuant to section 282(c) of the Uruguay Round Agreements Act.

"(ii) Subparagraph (F) shall not apply to imports from a WTO member country at the end of the 9-year period beginning on January 1, 1995. The Trade Representative shall determine the precise termination date for each WTO member country in accordance with paragraph (i) of Article 1 of the Agreement on Agriculture and such date shall be notified to the administering authority.".

Section 701 (a), (b), and (c) (19 U.S.C. 1671 (a), (b), and (c)) are amended to read as follows:

"(a) GENERAL RULE.—If—

"(2) in the case of merchandise imported from a Subsidies Agreement country, the Commission determines that—

"(A) an industry in the United States—

"(i) is materially injured, or

"(ii) is threatened with material injury, or

"(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of that merchandise or by reason of sales (or the likelihood of sales) of that merchandise for importation, then there shall be imposed upon such merchandise a countervailing duty, in addition to any other duty imposed, equal to the amount of the net countervailable subsidy. For purposes of this subsection and section 705(b)(1), a reference to the sale of merchandise includes the entering into of any leasing arrangement regarding the merchandise that is equivalent to the sale of the merchandise.

"(b) SUBSIDIES AGREEMENT COUNTRY.—For purposes of this title, the term 'Subsidies Agreement country' means—

"(1) a WTO member country,

"(2) a country which the President has determined has assumed obligations with respect to the United States which are substantially equivalent to the obligations under the Subsidies Agreement, or

"(ii) nondiscriminatory prohibitions or restrictions on importation which are designed to prevent deceptive or unfair practices.

"(A) GENERAL RULE.—In making a determination under this subsection, the administering authority shall disregard any de minimis countervailable subsidy. For purposes of the preceding sentence, a countervailable subsidy is de minimis if the administering authority determines that the aggregate of the net countervailable subsidies is less than 1 percent ad valorem or the equivalent specific rate for the subject merchandise.

"(B) EXCEPTION FOR DEVELOPING COUNTRIES.—In the case of subject merchandise imported from a Subsidies Agreement country (other than a country to which subparagraph (C) applies) designated by the Trade Representative as a developing country in accordance with section 771(36), a countervailable subsidy is de minimis if the administering authority determines that the aggregate of the net countervailable subsidies does not exceed 2 percent ad valorem or the equivalent specific rate for the subject merchandise.

"(i) a least developed country, as determined by the Trade Representative in accordance with section 771(36), or

"(ii) a developing country with respect to which the Trade Representative has notified the administering authority that the country has eliminated its export subsidies on an expedited basis within the meaning of Article 27.11 of the Subsidies Agreement,

subparagraph (B) shall be applied by substituting '3 percent' for '2 percent'.

"(D) LIMITATIONS ON APPLICATION OF SUBPARAGRAPH (C).—

"(i) IN GENERAL.—In the case of a country described in subparagraph (C)(i), the provisions of subparagraph (C) shall not apply after the date that is 8 years after the date the WTO Agreement enters into force.

"(ii) SPECIAL RULE FOR SUBPARAGRAPH (C)(ii) COUNTRIES.—In the case of a country described in subparagraph (C)(ii), the provisions of subparagraph (C) shall not apply after the earlier of—

"(B) shall order the posting of a cash deposit, bond, or other security, as the administering authority deems appropriate, for each entry of the subject merchandise in an amount based on the estimated individual countervailable subsidy rate, the estimated all-others rate, or the estimated country-wide subsidy rate, whichever is applicable,".

''(ii) EXCEPTION.—If the countervailable subsidy rates established for all exporters and producers individually investigated are zero or de minimis rates, or are determined entirely under section 776, the administering authority may use any reasonable method to establish an all-others rate for exporters and producers not individually investigated, including averaging the weighted average countervailable subsidy rates determined for the exporters and producers individually investigated.

''(B) COUNTRY-WIDE SUBSIDY RATE.—The administering authority may calculate a single country-wide subsidy rate,

applicable to all exporters and producers, if the administering authority limits its examination pursuant to section 777A(e)(2)(B). "(c) FILING OF NOTICE OF INTENT TO ENFORCE RESTORED COPYRIGHT AGAINST RELIANCE PARTIES.—On or after the date of restoration, any person who owns a copyright in a restored work or an exclusive right therein may file with the Copyright Office a notice of intent to enforce that person's copyright or exclusive right or may serve such a notice directly on a reliance party. Acceptance of a notice by the Copyright Office is effective as to any reliance parties but shall not create a presumption of the validity of any of the facts stated therein. "(d) REMEDIES FOR INFRINGEMENT OF RESTORED COPYRIGHTS.—

"(1) ENFORCEMENT OF COPYRIGHT IN RESTORED WORKS IN THE ABSENCE OF A RELIANCE PARTY.—As against any party who is not a reliance party, the remedies provided in chapter 5 of this title shall be available on or after the date of restoration of a restored copyright with respect to an act of infringement of the restored copyright that is commenced on or after the date of restoration.

a reliance party may continue to exploit that work for the duration of the restored copyright if the reliance party pays to the owner of the restored copyright reasonable compensation for conduct which would be subject to a remedy for infringement but for the provisions of this paragraph.

"(B) In the absence of an agreement between the parties, the amount of such compensation shall be determined by an action in United States district court, and shall reflect any harm to the actual or potential market for or value of the restored work from the reliance party's continued exploitation of the work, as well as compensation for the relative contributions of expression of the author of the restored work and the reliance party to the derivative work.

"(4) COMMENCEMENT OF INFRINGEMENT FOR RELIANCE PARTIES.—For purposes of section 412, in the case of reliance parties, infringement shall be deemed to have commenced before registration when acts which would have constituted infringement had the restored work been subject to copyright were commenced before the date of restoration.

If the notice is signed by an agent, the agency relationship must have been constituted in a writing signed by the owner before the filing of the notice. The Copyright Office may specifically require in regulations other information to be included in the notice, but failure to provide such other information shall not invalidate the notice or be a basis for refusal to list the restored work in the Federal Register.

"(ii) If a work in which copyright is restored has no formal title, it shall be described in the notice of intent in detail sufficient to identify it.

"(iii) Minor errors or omissions may be corrected by further notice at any time after the notice of intent is filed. Notices of corrections for such minor errors or omissions shall be accepted after the period established in subsection (d)(2)(A)(i). Notices shall be published in the Federal Register pursuant to subparagraph (B).

"(B)(i) The Register of Copyrights shall publish in the Federal Register, commencing not later than 4 months after the date of restoration for a particular nation and every 4 months thereafter for a period of 2 years, lists identifying restored works and the ownership thereof if a notice of intent to enforce a restored copyright has been filed.

"(ii) Not less than 1 list containing all notices of intent to enforce shall be maintained in the Public Information Office of the Copyright Office and shall be available for public inspection and copying during regular business hours pursuant to sections 705 and 708. Such list shall also be published in the Federal Register on an annual basis for the first 2 years after the applicable date of restoration.

"(C) The Register of Copyrights is authorized to fix reasonable fees based on the costs of receipt, processing, recording, and publication of notices of intent to enforce a restored copyright and corrections thereto.

"(D)(i) Not later than 90 days before the date the Agreement on Trade-Related Aspects of Intellectual Property referred to in section 101(d)(15) of the Uruguay Round Agreements Act enters into force with respect to the United States, the Copyright Office shall issue and publish in the Federal Register

"(2) NOTICES OF INTENT SERVED ON A RELIANCE PARTY.—(A) Notices of intent to enforce a restored copyright may be served on a reliance party at any time after the date of restoration of the restored copyright.

"(B) Notices of intent to enforce a restored copyright served on a reliance party shall be signed by the owner or the owner's agent, shall identify the restored work and the work in which the restored work is used, if any, in detail sufficient to identify them, and shall include an English translation of the title, any other alternative titles known to the owner by which the work may be identified, the use or uses to which the owner objects, and an address and telephone number at which the reliance party may contact the owner. If the notice is signed by an agent, the agency relationship must have been constituted in writing and signed by the owner before service of the notice.

"(3) EFFECT OF MATERIAL FALSE STATEMENTS.—Any material false statement knowingly made with respect to any restored copyright identified in any notice of intent shall make void all claims and assertions made with respect to such restored copyright.

"(f) IMMUNITY FROM WARRANTY AND RELATED LIABILITY.—

"(1) IN GENERAL.—Any person who warrants, promises, or guarantees that a work does not violate an exclusive right granted in section 106 shall not be liable for legal, equitable, arbitral, or administrative relief if the warranty, promise, or guarantee is breached by virtue of the restoration of copyright under this section, if such warranty, promise, or guarantee is made before January 1, 1995.

"(2) PERFORMANCES.—No person shall be required to perform any act if such performance is made infringing by virtue of the restoration of copyright under the provisions of this section, if the obligation to perform was undertaken before January 1, 1995.

"(g) PROCLAMATION OF COPYRIGHT RESTORATION.—Whenever the President finds that a particular foreign nation extends, to works by authors who are nationals or domiciliaries of the United States, restored copyright protection on substantially the same basis as provided under this section, the President may by proclamation extend restored protection provided under this section to any work—

"(B) APPLICABLE NUMBER OF PERCENTAGE POINTS.—

"(i) INITIAL FUNDED CURRENT LIABILITY PERCENTAGE OF 75 PERCENT OR LESS.—Except as provided in clause (ii), for plans with an initial funded current liability percentage of 75 percent or less, the applicable number of percentage points for the applicable plan year is:

"(13) RECOVERY OF VALUE OF PUBLIC SPECTRUM IN CONNECTION WITH PIONEER PREFERENCES.—

"(A) IN GENERAL.—Notwithstanding paragraph (6)(G), the Commission shall not award licenses pursuant to a preferential treatment accorded by the Commission to persons who make significant contributions to the development of a new telecommunications service or technology, except in accordance with the requirements of this paragraph.

"(B) RECOVERY OF VALUE.—The Commission shall recover for the public a portion of the value of the public spectrum resource made available to such person by requiring such person, as a condition for receipt of the license, to agree to pay a sum determined by—

"(i) identifying the winning bids for the licenses that the Commission determines are most reasonably comparable in terms of bandwidth, scope of service area, usage restrictions, and other technical characteristics to the license awarded to such person, and excluding licenses that the Commission determines are subject to bidding anomalies due to the award of preferential treatment;

"(ii) dividing each such winning bid by the population of its service area (hereinafter referred to as the per capita bid amount);

"(iii) computing the average of the per capita bid amounts for the licenses identified under clause (i);

"(iv) reducing such average amount by 15 percent; and

"(v) multiplying the amount determined under clause (iv) by the population of the service area of the license obtained by such person.

"(C) INSTALLMENTS PERMITTED.—The Commission shall require such person to pay the sum required by subparagraph (B) in a lump sum or in guaranteed installment payments, with or without royalty payments, over a period of not more than 5 years.

"(D) RULEMAKING ON PIONEER PREFERENCES.—Except with respect to pending applications described in clause (iv) of this subparagraph, the Commission shall prescribe regulations specifying the procedures and criteria by which the Commission will evaluate applications for preferential treatment in its licensing processes (by precluding the filing of mutually exclusive applications) for persons who make significant contributions to the development of a new service or to the development of new technologies that substantially enhance an existing service. Such regulations shall—

"(i) specify the procedures and criteria by which the significance of such contributions will be determined, after an opportunity for review and verification by experts in the radio sciences drawn from among persons who are not employees of the Commission or by any applicant for such preferential treatment;

"(ii) include such other procedures as may be necessary to prevent unjust enrichment by ensuring that the value of any such contribution justifies any reduction in the amounts paid for comparable licenses under this subsection;

"(iii) be prescribed not later than 6 months after the date of enactment of this paragraph;

"(iv) not apply to applications that have been accepted for filing on or before September 1, 1994; and

"(v) cease to be effective on the date of the expiration of the Commission's authority under subparagraph (F).

"(E) IMPLEMENTATION WITH RESPECT TO PENDING APPLICATIONS.—In applying this paragraph to any broadband licenses in the personal communications service awarded pursuant to the preferential treatment accorded by the Federal Communications Commission in the Third Report and Order in General Docket 90–314 (FCC 93–550, released February 3, 1994)—

"(i) the Commission shall not reconsider the award of preferences in such Third Report and Order, and the Commission shall not delay the grant of licenses based on such awards more than 15 days following the date of enactment of this paragraph, and the award of such preferences and licenses shall not be subject to administrative or judicial review;

"(ii) the Commission shall not alter the bandwidth or service areas designated for such licenses in such Third Report and Order;

"(iii) except as provided in clause (v), the Commission shall use, as the most reasonably comparable licenses for purposes of subparagraph (B)(i), the broadband licenses in the personal communications service for blocks A and B for the 20 largest markets

(ranked by population) in which no applicant has obtained preferential treatment;

"(iv) for purposes of subparagraph (C), the Commission shall permit guaranteed installment payments over a period of 5 years, subject to—

"(I) the payment only of interest on unpaid balances during the first 2 years, commencing not later than 30 days after the award of the license (including any preferential treatment used in making such award) is final and no longer subject to administrative or judicial review, except that no such payment shall be required prior to the date of completion of the auction of the comparable licenses described in clause (iii); and

"(II) payment of the unpaid balance and interest thereon after the end of such 2 years in accordance with the regulations prescribed by the Commission; and

"(v) the Commission shall recover with respect to broadband licenses in the personal communications service an amount under this paragraph that is equal to not less than $400,000,000, and if such amount is less than $400,000,000, the Commission shall recover an amount equal to $400,000,000 by allocating such amount among the holders of such licenses based on the population of the license areas held by each licensee.

The Commission shall not include in any amounts required to be collected under clause (v) the interest on unpaid balances required to be collected under clause (iv).

"(F) EXPIRATION.—The authority of the Commission to provide preferential treatment in licensing procedures (by precluding the filing of mutually exclusive applications) to persons who make significant contributions to the development of a new service or to the development of new technologies that substantially enhance an existing service shall expire on September 30, 1998.

"(G) EFFECTIVE DATE.—This paragraph shall be effective on the date of its enactment and apply to any licenses issued on or after August 1, 1994, by the Federal Communications Commission pursuant to any licensing procedure
