109TH CONGRESS 2D SESSION

S. 2308

To amend the Federal Mine Safety and Health Act of 1977 to improve mine safety, and for other purposes.

IN THE SENATE OF THE UNITED STATES

February 16, 2006

Mr. Specter (for himself, Mr. Byrd, Mr. Cochran, Mr. Harkin, Mr. Inouye, Mr. Kennedy, and Mr. Santorum) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To amend the Federal Mine Safety and Health Act of 1977 to improve mine safety, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Mine Safety and
- 5 Health Act of 2006".

SEC. 2. IMPROVED MANDATORY HEALTH AND SAFETY 2 STANDARDS. 3 Section 101 of the Federal Mine Safety and Health Act of 1977 (30 U.S.C. 811) is amended by adding at 5 the end the following: 6 "(f) Establishing Improved Mandatory Health AND SAFETY STANDARDS.—Notwithstanding any other provision of this section regarding the promulgation of 9 mandatory health and safety standards, and in addition to the requirements of any mandatory safety and health 10 11 standard promulgated under this Act, the following shall be mandatory health and safety standards that apply to all coal or other mines: 13 14 "(1) Oxygen stations.—An operator shall 15 strategically locate, within each area of an under-16 ground coal or other mine where miners are work-17 ing, not less than 1 oxygen station that can provide 18 the average number of miners expected to be work-19 ing in such area with not less than a 4-day supply 20 of oxygen. 21 "(2) Wireless emergency tracking de-22 VICES.—An operator shall make available to each 23 miner a wireless emergency tracking device that will 24 enable rescuers to locate the miner in the event of

an accident or emergency.

- 1 "(3) WIRELESS COMMUNICATIONS DEVICES.—
 2 An operator shall require that each miner working
 3 in an underground coal or other mine carry a wire4 less text messaging or other wireless communications
 5 device that will enable rescuers or mine operators to
 6 communicate with the miner.
 - "(4) COMMUNICATIONS AMONG RESCUE WORK-ERS.—In the event of a rescue operation, the operator of a coal or other mine shall ensure that communications relating to the rescue are transmitted only to the individuals participating in the rescue operation.
 - "(5) SECONDARY TELEPHONE SERVICE.—For each area within an underground coal or other mine where a miner is working, an operator shall provide secondary telephone service, or equivalent 2-way communication facilities, between the surface and the underground mine at an entry separate from the location of existing telephone service or equivalent facilities, in order to increase the likelihood of maintaining communications between the miner and surface or rescue personnel in the event of an accident or emergency."

SEC. 3. REPORTS, PLAN REVIEWS, AND CITATIONS.

- 2 (a) Accident Investigations and Internal Re-
- 3 VIEWS.—Section 103 of the Federal Mine Safety and
- 4 Health Act of 1977 (30 U.S.C. 813) is amended—
- (1) in subsection (a), by adding at the end the following: "In the case of an investigation of an acci-dent or other occurrence relating to health or safety in a coal or other mine, the Secretary, or the author-ized representative of the Secretary, shall conduct interviews of the miners regarding the accident or occurrence without having a representative of the operator present."; and
 - (2) in subsection (b), by adding at the end the following: "The Secretary shall promulgate regulations establishing rules for conducting an investigation of any accident relating to health or safety in a coal or other mine and for holding hearings relating to such investigation. Not later than 30 days after completing such investigation or a review regarding the Administration's response to such accident, the Secretary shall submit the report regarding the investigation or review to the Committee on Appropriations and the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Appropriations and the Committee on

- 1 Education and the Workforce of the House of Rep-
- 2 resentatives.".
- 3 (b) Quarterly Review of Certain Plans.—Sec-
- 4 tion 103 of the Federal Mine Safety and Health Act of
- 5 1977 (30 U.S.C. 813) is amended by adding at the end
- 6 the following:
- 7 "(1) Quarterly Review.—Notwithstanding any
- 8 mandatory safety and health standard promulgated under
- 9 this Act, the Secretary or the Secretary's authorized rep-
- 10 resentative shall review the ventilation system and meth-
- 11 ane and dust control plan and the roof control plan of
- 12 an operator at least once every 3 months.".
- 13 (c) Progress Check.—Section 104(a) of the Fed-
- 14 eral Mine Safety and Health Act of 1977 (30 U.S.C.
- 15 814(a)) is amended by adding after the third sentence the
- 16 following: "Not later than 24 hours after an operator has
- 17 received a citation under this subsection, an authorized
- 18 representative of the Secretary shall contact the operator
- 19 to ensure that the operator is taking steps to abate the
- 20 violation in the reasonable time specified in the citation.".
- 21 SEC. 4. EMERGENCY CALL CENTER.
- 22 Section 104 of the Federal Mine Safety and Health
- 23 Act of 1977 (30 U.S.C. 814) is amended by adding at
- 24 the end the following:
- 25 "(1) EMERGENCY CALL CENTER.—

1 "(1) In general.—The Secretary shall estab-2 lish, within the Administration, a central commu-3 nications emergency call center for all coal and other 4 mine operations that shall be staffed and operated 5 24 hours a day, 7 days a week. All calls placed to 6 the emergency call center shall be answered by an 7 individual. 8 "(2) Contact list.—To assist in the oper-9 ation of the emergency call center, the Secretary 10 shall provide the emergency call center with an 11 emergency contact list that contains the contact in-12 formation for all coal or other mines subject to this

4	(7) by inserting after subsection (h) the fol-
5	lowing:
6	"(i) Failure to Inform.—Any operator who fails
7	to inform the Secretary of a disaster relating to a coal
8	or other mine within the 15-minute period following the
9	occurrence of the disaster shall be subject to a civil penalty
10	of not less than \$100,000. The Secretary may waive the
11	penalty under this subsection if the Secretary determines
12	that the failure to inform within the time period was
13	caused by circumstances outside the control of the oper-
14	ator."; and
15	(8) by inserting after subsection (l) (as so re-
16	designated by paragraph (6)) the following:
17	"(m) Minimum Fine or Penalty.—
18	"(1) Serious illness or injury hazard.—A
19	fine or civil penalty assessed under this section for
20	a violation of a mandatory health or safety standard,
21	or other provision of this Act, that could cause seri-
