This Act may be cited as the “United States Olympic Committee Paralympic Program Act of 2008”.

SEC. 2. FINDINGS AND PURPOSE.

(a) **FINDINGS.**—Congress makes the following findings:

(1) In 1998, Congress enacted the Olympic and Amateur Sports Act Amendments of 1998 (33 U.S.C. 101 note), which amended chapter 2205 of title 36, United States Code, and included a statement that the purpose of the Act was “to encourage and provide assistance to amateur athletic programs and competition for amateur athletes with disabilities, including, where feasible, the expansion of opportunities for meaningful participation by such amateur athletes in programs of athletic competition for able-bodied amateur athletes”.

(2) The United States Olympic Committee manages and administers the Paralympic Program for physically disabled athletes.

(3) In 2005, the United States Olympic Committee entered into a memorandum of understanding with the Secretary of Veterans Affairs to expand the Paralympic Program to provide special training and rehabilitation to disabled veterans and disabled members of the Armed Forces as part of their rehabilitation and return to an active lifestyle.

(4) The Paralympic Program has a significant positive effect on the quality of life of such veterans and servicemembers, including helping to improve the mobility, vitality, and physical, psychological, and social well-being of disabled veterans and disabled members of the Armed Forces who participate in the program and reducing the incidence of secondary medical conditions in those participants.

(5) Because of Operation Iraqi Freedom and Operation Enduring Freedom, the number of disabled veterans and disabled members of the Armed Forces has increased substantially and it is therefore necessary to expand the scope and size of the Paralympic Program to provide rehabilitative services through sports to disabled veterans and members of the Armed Forces.

(b) **PURPOSE.**—The purposes of this Act are as follows:

(1) To promote the lifelong health of disabled veterans and disabled members of the Armed Forces through regular participation in physical activity and sports.

(2) To develop a system that promotes disabled sports from the local level through elite levels by creating partnerships among organizations specializing in supporting, training, and promoting programs for disabled athletes.

(3) To provide training and support to local organizations to provide Paralympic sports training to disabled veterans and disabled members of the Armed Forces in their own communities.

(4) To provide support to the United States Olympic Committee for the Paralympic Program to increase the participation of disabled veterans and disabled members of the Armed Forces in sports as part of their rehabilitation.

PURPOSE AND SUMMARY

H.R. 4255, was introduced by Representative Bob Filner of California, the Chairman of the Committee on Veterans' Affairs, on December 4, 2007. As amended, the bill also includes provisions from H.R. 1370, introduced by Representative Steve Buyer of Indiana, the Ranking Member of the Committee on Veterans' Affairs. This legislation, as amended, would authorize the Secretary of the Department of Veterans Affairs (VA) to provide a grant to the United States Olympic Committee (USOC) and its partners with experience in disabled sports to implement the Paralympic Program by developing activities from the local level through elite competition for servicemembers and veterans with physical disabilities.

BACKGROUND AND NEED FOR LEGISLATION

The Olympic and Amateur Sports Act Amendments of 1998 (Public Law 105-277) updated the Amateur Sports Act of 1978 (Public Law 95-606) to reflect developments in amateur athletic programs for disabled athletes that had occurred over the 20-year period between the enactment of these two Acts. It has been a decade since Congress has revisited this law and our nation's current commitment to fighting the Global War on Terror has brought to light the need to reevaluate existing programs to see if they meet the needs of a new generation of disabled veterans and servicemembers.

Thousands of members of the Armed Forces have been wounded during service in Operation Enduring Freedom and Operation Iraqi Freedom. This cost of war has placed a tremendous burden on the rehabilitation facilities of both the Department of Defense and the VA. As the number of disabled individuals has substantially increased over the years, it has become necessary to expand available rehabilitative services to ensure these men and women are afforded the best possible care after their service to our country. The Committee believes that adaptive sports offer an exceptional venue for disabled veterans to improve their rehabilitation outcomes and that a partnership between the VA and the USOC is an ideal way to accomplish that goal.

On November 17, 2005, the USOC and the VA signed a memorandum of understanding to increase participation in sports by disabled veterans and encourage those who qualify to compete for a spot on the U.S. Paralympic Team. The Committee staff has seen firsthand how allowing these men and women to participate in the Paralympic Program has significantly improved their quality of life.

In May 2008, Committee staff toured the USOC facilities and met with instructors, program developers and athletes. Committee staff also visited the U.S. Air Force Academy where the Paralympic Program was conducting training for the shot-put, discus, javelin, short run, and wheelchair competitions. Staff observed the consistently positive attitudes expressed by the disabled veterans participating in the training and several mentioned their desire to attempt to qualify for the U.S. Paralympic Team.

The Paralympic Program is taking seriously injured veterans and helping them to accept their new physical limitations and to explore those limits. The Program teaches veterans that they can live productive lives even though they are injured or disabled. The veterans learn how to use their new equipment, which can range from

a wheelchair to a prosthetic limb and engage in recreational events to help hone their fine motor skills and social events so they can see how others are coping with similar disabilities. Many of the instructors are amputees and have a very positive mental attitude and outlook on life. They make good role models for the recently injured servicemembers. Some of these instructors are still on active duty and take personal time to train these recently injured veterans. Committee staff was very impressed with the program, instructors, and the athletes.

Improving the quality of life for disabled servicemembers and veterans has proven successful in leading to a positive outlook on life and easing the transition to civilian life. The Committee believes that Congress should provide the VA with the needed resources to help meet this growing demand for rehabilitative services. To assist in this effort, H.R. 4255, as amended, authorizes \$8 million annually to fund a grant program whereby VA can assist the USOC in expanding the opportunity for veterans and servicemembers to participate in the Paralympic Program and thereby improve the mobility, vitality, physical and psychological well-being of these brave men and women.

As part of the grant program, the Committee expects the USOC to establish partnership agreements with nationally recognized organizations such as Disabled Sports USA and others. The Committee believes that such agreements will facilitate participation by increased numbers of disabled veterans beginning with local events and progressing through increasingly skilled levels according to the capabilities of the disabled veteran.

H.R. 4255, as amended, would establish the Department of Veterans Affairs Office of National Veterans Sports Programs and Special Events. VA currently has a national office to manage its events such as the National Veterans Wheelchair Games and the National Veterans Winter Sports Clinic in cooperation with veteran service organizations such as the Paralyzed Veterans of America and the Disabled American Veterans. The Committee believes that an office with the goal of promoting rehabilitation through adaptive sports and other types of events is needed to ensure continuation of those events and cooperative opportunities. In addition, while the Paralympic Program has been fruitful, disabled veterans have not competed for membership on the U.S. Paralympic Team in significant numbers. To encourage additional participation of disabled veterans on the U.S. Paralympic Team, the bill authorizes \$2 million to fund a financial assistance program for veterans who participate in events leading to elite competition.

H.R. 4255—United States Olympic Committee Paralympic Program Act of 2008

Summary: H.R. 4255 would authorize the Department of Veterans Affairs (VA) to provide grants to the United States Olympic Committee (USOC) to implement the Paralympic Program for disabled veterans and disabled members of the armed forces. H.R. 4255 also would establish an Office of National Veterans Sports Programs and Special Events within VA. CBO estimates that implementing H.R. 4255 would cost \$10 million in 2009 and \$50 million over the 2009–2013 period, assuming appropriation of the authorized amounts. Enacting the bill would have no effect on direct spending or revenues.

H.R. 4255 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments.

Estimated cost to the Federal Government: The estimated budgetary impact of H.R. 4255 is shown in the following table. The costs of this legislation fall within budget function 700 (veterans benefits and services).

	By fiscal year, in millions of dollars—

Basis of estimate: Section 3 would allow VA to make grants to the USOC to plan, develop, manage, and implement the Paralympic Program for disabled veterans and disabled members of the armed services. VA would be authorized to provide \$8 million in grant money per year to the USOC for those purposes. In order to receive the grant, the USOC would have to apply to VA and outline the activities and objectives it would expect to achieve using

the grant. CBO expects that implementing section 3 would cost \$40 million over the 2009–2013 period, assuming appropriation of the authorized amounts.

Section 4 would establish the Office of National Veterans Sports and Special Events within VA. The goal of this office would be to promote the participation of disabled veterans and disabled members of the armed services in sporting events sponsored by the USOC. Through this office, VA would be authorized to provide a monthly allowance to certain veterans for any month in which they are in training for any USOC event or are residing at the USOC training center. Also, the Veterans Health Administration would be required, whenever possible, to provide recreational and physical therapists and other medical staff to facilitate the participation of veterans in any USOC-sanctioned activity. Under section 4, \$2 million would be authorized annually to run the Office of National Veterans Sports and Special Events. CBO expects that implementing section 4 would cost \$10 million over the 2009–2013 period, assuming appropriation of the authorized amounts.

Intergovernmental and private-sector impact: H.R. 4255 contains no intergovernmental or private-sector mandates as defined in UMRA and would impose no costs on state, local, or tribal governments.

Estimate prepared by: Federal costs: Dwayne M. Wright; Impact on state, local, and tribal governments: Lisa Ramirez-Branum; Impact on the private sector: Daniel Frisk.

Estimate approved by: Theresa Gullo, Deputy Assistant Director for Budget Analysis.

ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act would be created by H.R. 4255.

CONSTITUTIONAL AUTHORITY STATEMENT

Pursuant to clause 3(d)(1) of rule XIII of the Rules of the House of Representatives, the Committee finds that the Constitutional authority for H.R. 4255 is provided by Article I, section 8 of the Constitution of the United States.

APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that the legislation does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

Section 1. Short title

This section would provide the short title of H.R. 4255 as the “United States Olympic Committee Paralympics Program Act of 2008.”

*Section 2. Findings and purpose**Subsection (a) Findings*

This subsection notes that Congress finds that: the United States Olympic Committee manages and administers the Paralympic Program for physically disabled athletes; the United States Olympic Committee entered into a memorandum of understanding with the Secretary of Veterans Affairs to expand the Paralympic Program to provide special training and rehabilitation to disabled members and veterans of the Armed Forces; the Paralympic Program helps rehabilitate disabled members and veterans of the Armed Forces, reducing the incidence of secondary medical conditions in those participants; because of Operation Enduring Freedom and Operation Iraqi Freedom the number of disabled members and veterans has substantially increased; thereby, justifying the expansion of the Paralympic Program.

Subsection (b) Purpose

This subsection states that the purpose of this Act is to promote a healthy lifestyle of disabled veterans and members of the Armed Forces through physical activity and sports; increase outreach efforts for participation in disabled sports; create partnerships among organizations involved in helping disabled athletes; provide training to organizations that offer paralympic sports training to disabled veterans and members of the Armed Forces in their own communities; provide support to the United States Olympic Committee to increase participation in the Paralympic Program.

Section 3. Department of Veterans Affairs provision of assistance to United States Olympic Committee Paralympic Program

This section creates a new section 521A of title 38, United States Code, that would authorize the VA to provide grants to the USOC to implement the Paralympic Program. The VA would be required to conduct oversight of the use of the grant and the USOC would be required to submit an application to the Secretary that outlines the goal and objectives that would be achieved with the grant funds prior to receiving the grant. In addition, the grant application would provide a list of local and national partnerships that would be participating in activities proposed to be funded by the grant and the amount of grant funds that would be distributed to such other groups. Grant monies could only be used to support, supervise, and implement the activities for disabled veterans and members of the Armed Forces for a program approved by the Secretary that provides services and activities for disabled veterans and members of the Armed Forces.

Section 4. Department of Veterans Affairs Office of National Veterans Sports Programs and Special Events

This section would establish an Office of National Veterans Sports Programs and Special Events. The Office Director will report directly to the Assistant Secretary for Public and Intergovernmental Affairs. The Office Director would establish and carry out qualifying programs approved by the Secretary and facilitate and encourage participation of disabled veterans in such programs. Subject to the availability of appropriations for such purpose, the Office Director would be authorized to establish a monthly amount of subsistence allowance for certain veterans competing, or selected, for a spot on the U.S. Paralympic Team.
