1 SEC. 2. FINDINGS.

2 **Congress finds the following:**

3 (1) **Thousands of rescue workers who**
4 **responded to the areas devastated by the**
5 **terrorist attacks of September 11, local**
6 **residents, office and area workers, and**
7 **school children continue to suffer signifi-**
8 **cant medical problems as a result of com-**
9 **promised air quality and the release of**
10 **other toxins from the attack sites.**

11 (2) **In a September 2006 peer-re-**
12 **viewed study conducted by the World**
13 **Trade Center Medical Monitoring Pro-**
14 **gram, of 9,500 World Trade Center re-**
15 **sponders, almost 70 percent of World**
16 **Trade Center responders had a new or**
17 **worsened respiratory symptom that de-**
18 **veloped during or after their time work-**
19 **ing at the World Trade Center; among the**
20 **responders who were asymptomatic be-**
21 **fore 9/11, 61 percent developed res-**
22 **piratory symptoms while working at the**
23 **World Trade Center; close to 60 percent**
24 **still had a new or worsened respiratory**

1 **symptom at the time of their examina-**
2 **tion; one-third had abnormal pulmonary**
3 **function tests; and severe respiratory**
4 **conditions including pneumonia were sig-**
5 **nificantly more common in the 6 months**
6 **after 9/11 than in the prior 6 months.**

7 **(3) An April 2006 study documented**
8 **that, on average, a New York City fire-**
9 **fighter who responded to the World**
10 **Trade Center has experienced a loss of 12**
11 **years of lung capacity.**

12 **(4) A peer-reviewed study of residents**
13 **who lived near the World Trade Center**
14 **titled “The World Trade Center Resi-**
15 **dents’ Respiratory Health Study: New**
16 **Onset Respiratory Symptoms and Pul-**
17 **monary Function”, found that data dem-**
18 **onstrated a three-fold increase in new-**
19 **onset, persistent lower respiratory symp-**
20 **toms in residents near the former World**
21 **Trade Center as compared to a control**
22 **population.**

23 **(5) Previous research on the health**
24 **impacts of the devastation caused by the**
25 **September 11 terrorist attacks has shown**

1 relationships between the air quality
2 from Ground Zero and a host of health
3 impacts, including lower pregnancy
4 rates, higher rates of respiratory and
5 lung disorders, and a variety of post-dis-
6 aster mental health conditions (including
7 posttraumatic stress disorder) in workers
8 and residents near Ground Zero.

9 (6) A variety of tests conducted by
10 independent scientists have concluded
11 that significant WTC contamination set-
12 tled in indoor environments surrounding
13 the disaster site. The Environmental Pro-
14 tection Agency's (EPA) cleanup programs
15 for indoor residential spaces, in 2003 and
16 2005, though limited, are an acknowledg-
17 ment that indoor contamination contin-
18 ued after the WTC attacks.

19 (7) At the request of the Department
20 of Energy, the Davis DELTA Group at the
21 University of California conducted out-
22 door dust sampling in October 2001 at
23 Varick and Houston Streets (approx-
24 imately 1.2 miles north of Ground Zero)
25 and found that the contamination from

1 the World Trade Center “outdid even the
2 worst pollution from the Kuwait oil fields
3 fires”. Further, the United States Geologi-
4 cal Survey (USGS) reported on November
5 27, 2001, that dust samples collected from
6 indoor surfaces registered at levels that
7 were “as caustic as liquid drain clean-
8 ers”.

9 (8) According to both the EPA’s own
10 Inspector General’s (EPA IG) report of
11 August 21, 2003 and General Account-
12 ability Offices’s (GAO) report of Sep-
13 tember 2007, no comprehensive program
14 has ever been conducted in order to char-
15 acterize the full extent of WTC contami-
16 nation, and therefore the full impact of
17 that contamination—geographic or other-
18 wise—remains unknown.

19 (9) Such reports found that there has
20 never been a comprehensive program to
21 remediate WTC toxins from indoor
22 spaces. Thus, area residents, workers and
23 students may continue to be exposed to
24 WTC contamination in their homes, work-
25 places and schools.

1 **(10) Because of the failure to release**
2 **federally appropriated funds for commu-**
3 **nity care, a lack of sufficient outreach,**
4 **the fact that many community members**
5 **are receiving care from physicians out-**
6 **side the current City-funded World Trade**
7 **Center Environmental Health Center pro-**
8 **gram and thus fall outside data collection**
9 **efforts, and other factors, the number of**
10 **community members being treated at the**
11 **World Trade Center Environmental**
12 **Health Center underrepresents the total**
13 **number in the community that have been**
14 **affected by exposure to Ground Zero tox-**
15 **ins.**

16 **(11) Research by Columbia Univer-**
17 **sity's Center for Children's Environ-**
18 **mental Health has shown negative health**
19 **effects on babies born to women living**
20 **within 2 miles of the World Trade Center**
21 **in the month following 9/11.**

22 **(12) Federal funding allocated for the**
23 **monitoring of rescue workers' health is**
24 **not sufficient to ensure the long-term**
25 **study of health impacts of September 11.**

1 **(13) A significant portion of those**
2 **who have developed health problems as**
3 **result of exposures to airborne toxins or**
4 **other hazards resulting from the Sep-**
5 **tember 11, 2001, attacks on the World**
6 **Trade Center have no health insurance,**
7 **have lost their health insurance as a re-**
8 **sult of the attacks, or have inadequate**
9 **health insurance.**

10 **(14) The Federal program to provide**
11 **medical treatments to those who re-**
12 **sponded to the September 11 aftermath,**
13 **and who continue to experience health**
14 **problems as a result, was finally estab-**
15 **lished more than five years after the at-**
16 **tacks, but has no certain long-term fund-**
17 **ing.**

18 **(15) Rescue workers and volunteers**
19 **seeking workers' compensation have re-**
20 **ported that their applications have been**
21 **denied, delayed for months, or redi-**
22 **rected, instead of receiving assistance in**
23 **a timely and supportive manner.**

24 **(16) A February 2007 report released**
25 **by the City of New York estimated that**

1 **approximately 410,000 people were the**
2 **most heavily exposed to the environ-**
3 **mental hazards and trauma of the Sep-**
4 **tember 11 terrorist attacks. More than 30**
5 **percent of the Fire Department of the**
6 **City of New York first responders were**
7 **still experiencing some respiratory symp-**
8 **toms more than five years after the at-**
9 **tacks and according to the report, 59 per-**
10 **cent of those seen by the WTC Environ-**
11 **mental Health Center at Bellevue Hos-**
12 **pital (which serves community members)**
13 **are without insurance and 65 percent**
14 **have incomes less than \$15,000 per year.**
15 **The report also found a need to continue**
16 **and expand mental health services.**

17 **(17) Since the 5th anniversary of the**
18 **attack (September 11, 2006), hundreds of**
19 **workers a month have been signing up**
20 **with the monitoring and treatment pro-**
21 **grams.**

22 **(18) In April 2008, the Department of**
23 **Health and Human Services reported to**
24 **Congress that in fiscal year 2007 11,359**
25 **patients received medical treatment in**

1 **the existing WTC Responder Medical and**
2 **Treatment program for WTC-related**
3 **health problems, and that number of re-**
4 **sponders who need treatment and the se-**
5 **verity of health problems is expected to**
6 **increase.**

7 **(19) The September 11 Victim Com-**
8 **ensation Fund of 2001 was established**
9 **to provide compensation to individuals**
10 **who were physically injured or killed as**
11 **a result of the terrorist-related aircraft**
12 **crashes of September 11, 2001.**

13 **(20) The deadline for filing claims for**
14 **compensation under the Victim Com-**
15 **ensation Fund was December 22, 2003.**

16 **(21) Some individuals did not know**
17 **they were eligible to file claims for com-**
18 **ensation for injuries or did not know**
19 **they had suffered physical harm as a re-**
20 **sult of the terrorist-related aircraft**
21 **crashes until after the December 22, 2003,**
22 **deadline.**

23 **(22) Further research is needed to**
24 **evaluate more comprehensively the ex-**
25 **tent of the health impacts of September**

1 **11, including research for emerging**
2 **health problems such as cancer, which**
3 **have been predicted.**

4 **(23) Research is needed regarding**
5 **possible treatment for the illnesses and**
6 **injuries of September 11.**

7 **(24) The Federal response to medical**
8 **and financial issues arising from the Sep-**
9 **tember 11 response efforts needs a com-**
10 **prehensive, coordinated long-term re-**
11 **sponse in order to meet the needs of all**
12 **the individuals who were exposed to the**
13 **toxins of Ground Zero and are suffering**
14 **health problems from the disaster.**

15 **(25) The failure to extend the ap-**
16 **pointment of Dr. John Howard as Direc-**
17 **tor of the National Institute for Occupa-**
18 **tional Safety and Health in July 2008 is**
19 **not in the interests of the administration**
20 **of such Institute nor the continued oper-**
21 **ation of the World Trade Center Medical**
22 **Monitoring and Treatment Program**
23 **which he has headed, and the Secretary**
24 **of Health and Human Services should re-**
25 **consider extending such appointment.**

13 “(2) WORKERS’ COMPENSATION PAY-
14 MENT.—

15 “(A) IN GENERAL.—Except as pro-
16 vided in subparagraph (B), payment
17 for treatment under subtitle B of a
18 WTC-related condition in an indi-
19 vidual that is work-related shall be

21 that the Secretary determines that
22 payment has been made, or can rea-
23 sonably be expected to be made,
24 under a workers’ compensation law
25 or plan of the United States or a

1 **State, or other work-related injury or**
2 **illness benefit plan of the employer of**
3 **such individual, for such treatment.**
4 **The provisions of clauses (iii), (iv),**
5 **(v), and (vi) of paragraph (2)(B) of**

15 **vidual in the same manner as such**
16 **provisions apply to the reimburse-**
17 **ment of a payment under section**
18 **1862(b)(2) of such Act to the Sec-**
19 **retary, with respect to such a law or**
20 **plan and an individual entitled to**
21 **benefits under title XVIII of such Act.**

22 **“(B) EXCEPTION.—If the WTC Pro-**

24 **City of New York has contributed the**
25 **matching contribution required**

1 under section 3006(a)(3) for a 12-
2 month period (specified by the WTC
3 Program Administrator), subpara-
4 graph (A) shall not apply for that 12-
5 month period with respect to a work-
6 ers' compensation law or plan, includ-
7 ing line of duty compensation, to
8 which the City is obligated to make
9 payments.

10 **“(3) HEALTH INSURANCE COVERAGE.—**

11 **“(A) IN GENERAL.—**In the case of
12 an individual who has a WTC-related
13 condition that is not work-related
14 and has health coverage for such con-
15 dition through any public or private
16 health plan, the provisions of section
17 1862(b) of the Social Security Act (42
18 U.S.C. 1395y(b)) shall apply to such a
19 health plan and such individual in

22 entitled to benefits under title XVIII
23 of such Act pursuant to section
24 226(a). Any costs for items and serv-
25 ices covered under such plan that are

15 reimbursement.

16 “(4) WORK-RELATED DESCRIBED.—For
17 the purposes of this subsection, a WTC-

19 condition that is work-related if—

20 “(A) the condition is diagnosed in
21 an eligible WTC responder, or in an
22 individual who qualifies as an eligible
23 WTC community member on the basis
24 of being a rescue, recovery, or clean-
25 up worker; or

1 **“(B) with respect to the condition**
2 **the individual has filed and had es-**
3 **tablished a claim under a workers’**
4 **compensation law or plan of the**
5 **United States or a State, or other**
6 **work-related injury or illness benefit**
7 **plan of the employer of such indi-**

9 **“(e) QUALITY ASSURANCE AND MONITORING**

13 **Clinical Centers of Excellence shall de-**
14 **velop and implement a quality assurance**
15 **program for the medical monitoring and**
16 **treatment delivered by such Centers of**
17 **Excellence and any other participating**

19 **shall include—**

20 **“(A) adherence to medical moni-**
21 **toring and treatment protocols;**

22 **“(B) appropriate diagnostic and**
23 **treatment referrals for participants;**

24 **“(C) prompt communication of**
25 **test results to participants; and**

1 **“(D) such other elements as the**
2 **Administrator specifies in consulta-**
3 **tion with the Clinical Centers of Ex-**
4 **cellence.**

5 **“(2) FRAUD PREVENTION.—The WTC**
6 **Program Administrator shall develop and**
7 **implement a program to review the pro-**
8 **gram’s health care expenditures to detect**
9 **fraudulent or duplicate billing and pay-**
10 **ment for inappropriate services. Such**
11 **program shall be similar to current meth-**
12 **ods used in connection with the Medicare**
13 **program under title XVIII of the Social**
14 **Security Act. This title is a Federal health**
15 **care program (as defined in section**
16 **1128B(f) of such Act) and is a health plan**
17 **(as defined in section 1128C(c) of such**
18 **Act) for purposes of applying sections**
19 **1128 through 1128E of such Act.**

20 **“(f) WTC PROGRAM ADMINISTRATION.—The**
21 **WTC program shall be administered by the**
22 **Director of the National Institute for Occupa-**
23 **tional Safety and Health, or a designee of**
24 **such Director.**

25 **“(g) ANNUAL PROGRAM REPORT.—**

1 **“(1) IN GENERAL.—Not later than 6**
2 **months after the end of each fiscal year**
3 **in which the WTC program is in oper-**
4 **ation, the WTC Program Administrator**
5 **shall submit an annual report to the Con-**
6 **gress on the operations of this title for**
7 **such fiscal year and for the entire period**
8 **of operation of the program.**

9 **“(2) CONTENTS OF REPORT.—Each an-**
10 **ual report under paragraph (1) shall in-**
11 **clude the following:**

12 **“(A) ELIGIBLE INDIVIDUALS.—Infor-**
13 **mation for each clinical program de-**
14 **scribed in paragraph (3)—**

15 **“(i) on the number of individ-**
16 **uals who applied for certification**
17 **under subtitle B and the number**
18 **of such individuals who were so**
19 **certified;**

20 **“(ii) of the individuals who**
21 **were certified, on the number**
22 **who received medical monitoring**
23 **under the program and the num-**
24 **ber of such individuals who re-**

1 **ceived medical treatment under**
2 **the program;**

3 **“(iii) with respect to individ-**
4 **uals so certified who received**
5 **such treatment, on the WTC-re-**
6 **lated health conditions for which**
7 **they were treated; and**

8 **“(iv) on the projected number**
9 **of individuals who will be cer-**
10 **tified under subtitle B in the suc-**
11 **ceeding fiscal year.**

12 **“(B) MONITORING, INITIAL HEALTH**
13 **EVALUATION, AND TREATMENT COSTS.—**
