 - (3) The average fair market rent for a 1-bedroom apartment is more than 60 percent of the

 minimum wage. In comparison, the generally accepted definition of affordability is for a household to
 pay not more than 30 percent of its income on housing.
 - (4) Two full-time workers earning the Federal minimum wage earn an income below the national housing wage for a 1-bedroom apartment, the amount a person needs to earn to afford a 1-bedroom apartment at average rent.
