[IN84-1b; FRL-6114-9]

Approval and Promulgation of Implementation Plan; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On July 9, 1997, the State of Indiana submitted a State Implementation Plan (SIP) revision request to the United States Environmental Protection Agency for rule changes specific to the power plant at the University of Notre Dame located in Saint Joseph County, Indiana. The submittal provides for revised limits on particulate matter (PM) emissions from 5 boilers. The revised limits are less stringent, overall, than the limits in the current SIP. Air quality modeling has been conducted which shows that the National Ambient Air Quality Standards (NAAQS) will still be protected under the new regulations. The EPA is proposing to approve this request. In the final rules section of this **Federal Register**, the EPA is approving the State's requests as a direct final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. A detailed rationale for approving the State's request is set forth in the direct final rule. The direct final rule will become effective without further notice unless the Agency receives relevant adverse written comments on this proposed rule. Should the Agency receive such comment, it will publish a final rule informing the public that the direct final rule did not take effect and such public comment received will be addressed in a subsequent final rule based on this proposed rule. If no adverse written comments are received, the direct final rule will take effect on the date stated in that document and no further activity will be taken on this proposed rule. EPA does not plan to

institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments on this proposed rule must be received on or before July 31, 1998.

ADDRESSES: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal are available for inspection at: Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: David Pohlman, Environmental Scientist, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3299.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this **Federal Register**.

Dated: June 11, 1998.

Approval and Promulgation of Air Quality State Implementation Plans, Texas; Recodification of, and Revisions to the State Implementation Plan; Chapter 114

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes approval in this action the recodification of and revision to the Texas State Implementation Plan (SIP) for 30 TAC Chapter 114, "Control of Air Pollution from Motor Vehicles." This revision was submitted by the Governor on November 20, 1997, to reformat and renumber existing state Chapter 114 sections into seven new subchapters (A through G) without substantial technical changes.

In the final rules section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

Please see the direct final rule of this action located elsewhere in today's **Federal Register** for a detailed description of the recodification and revision to 30 TAC Chapter 114.

DATES: Comments on this proposed rule must be postmarked by July 31, 1998.

ADDRESSES: Written comments on this action should be addressed to Mr. Thomas H. Diggs, Chief, Air Planning Section, Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733. Copies of the documents about this action are available for public inspection during normal business hours at the above and following location. Persons interested in examining these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.

Approval and Promulgation of State Implementation Plan; Illinois

AGENCY: United States Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

SUMMARY: USEPA is proposing to approve the October 10, 1997, Illinois Environmental Protection Agency (IEPA) request that USEPA change the regulatory status for Riverside Laboratories, Inc.'s (Riverside) Kane County facility, based on Riverside's current compliance with the applicable State Implementation Plan (SIP) rule. In the final rules section of this **Federal Register**, the USEPA is approving the State's request as a direct final rule without prior proposal because USEPA views this action as noncontroversial and anticipates no adverse comments. A detailed rationale for approving the State's request is set forth in the direct final rule. The direct final rule will become effective without further notice unless US EPA receives relevant adverse written comments or a request for a public hearing on this proposed rule. Should USEPA receive such comment, it will publish a final rule informing the public that the direct final rule did not take effect and such public comment received will be addressed in a subsequent final rule based on this proposed rule. If no adverse written comments or request for a public hearing are received, the direct final rule will take effect on the date stated in that document and no further activity will be taken on this proposed rule. USEPA does not plan to institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments or a request for a public hearing on this proposed rule must be received on or before July 31, 1998.

ADDRESSES: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

[Docket No. 98-09]

Update of Existing and Addition of New Filing and Service Fees

AGENCY: Federal Maritime Commission.

ACTION: Proposed rule.

SUMMARY: The Federal Maritime Commission ("Commission") proposes to revise its existing fees filing petitions, complaints, and special docket application; various public information services, such as record searches, document copying and admissions to practice; filing freight forwarder applications; various ATFI related services; passenger vessel performance and casualty certificate applications; and agreements. This proposal will update existing fees to reflect current costs to the Commission. In addition, the Commission proposes to add three new fees for: the publication of the Regulated Persons Index ("RPI") on diskette, the application to amend a passenger vessel operators' Certification of Financial Responsibility for Indemnification of Passengers for Nonperformance of Transportation and Certification of Financial Responsibility to Meet Liability Incurred for Death or Injury to Passengers or Other Persons on

Voyages ("Certificates") for the addition or substitution of a vessel to the applicant's fleet, and the agency's review of corrections of clerical errors in service contracts, as requested by parties to a service contract.

DATES: Comments due July 31, 1998.

ADDRESSES: Comments (Original and fifteen copies) to: Joseph C. Polking, Secretary, Federal Maritime Commission, 800 North Capitol Street, N.W., Washington, D.C. 20573-0001.

FOR FURTHER INFORMATION CONTACT: Sandra L. Kusumoto, Director, Bureau of Administration, Federal Maritime Commission, 800 North Capitol Street, N.W., Washington, D.C. 20573-0001, (202) 523-5866, E-mail: sandrak@fmc.gov.

SUPPLEMENTARY INFORMATION: The Commission is authorized under the Independent Offices Appropriation Act ("IOAA"), 31 U.S.C. § 9701 (1983), to establish fees for services and benefits that it provides to specific recipients. The IOAA provides that each service or thing of value provided by an agency to a person by self-sustaining to the extent possible, and that each charge shall be fair and based on the costs to the Government, the value of the service or thing to the recipient, policy or interest served, and other relevant facts. 31 U.S.C. § 9701.

The primary guidance for implementation of IOAA is Office of Management and Budget ("OMB") Circular A-25, as revised July 8, 1993. OMB Circular A-25 requires that a reasonable charge be made to each recipient for a measurable unit or amount of Government Service from which the recipient derives a benefit, in order that the Government recover the full cost of rendering that service.

OMB Circular A-25 further provides that costs be determined or estimated from the best available records in the agency, and that cost computations shall cover the direct and indirect costs to the Government of carrying out the activity, including but not limited to: (a) Direct and indirect personnel costs, including salaries and fringe benefits such as medical insurance and retirement. (b) Physical overhead, consulting, and other indirect costs including material and supply costs, utilities, insurance, travel and rent. (c) The management and supervisory costs. (d) The costs of enforcement, collection, research, establishment of standards, and regulations, including any required environmental impact statements.

OMB Circular A-25, paragraphs 6d (a), (b), (c), and (d).

OMB Circular A-25 also calls for a periodic reassessment of costs, with
