

average prices for NV and compared these to individual U.S. transactions.

Preliminary Results of Review

We preliminarily determine that the following margins exist for the period June 1, 1996 through May 31, 1997:

Avesta21.84 percent
Uddeholm11.17 percent

Parties to this proceeding may request disclosure within five days of publication of this notice and any interested party may request a hearing within 10 days of publication. Any hearing, if requested, will be held 37 days after the date of publication, or the first working day thereafter. Interested parties may submit case briefs and/or written comments no later than 30 days after the date of publication. Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than 35 days after the date of publication. The Department will publish the final results of this administrative review, which will include the results of its analysis of issues raised in any such written comments or at a hearing, within 120 days after the publication of this notice.

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. Because the inability to link sales with specific entries prevents calculation of duties on an entry-by-entry basis, we have calculated an importer-specific *ad valorem* assessment rate for the merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales made during the POR to the total entered value of the sales used to calculate these duties. This rate will be assessed uniformly on all entries of that particular importer made during the POR. The Department will issue appraisal instructions directly to Customs. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the determination and for future deposits of estimated duties.

Furthermore, the following deposit requirements will be effective upon completion of the final results of these administrative reviews for all shipments of stainless steel plate from Sweden entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of these administrative reviews, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate for reviewed firms will be the rate established in the final results of administrative review,

except if the rate is less than 0.50 percent, and therefore, *de minimis* within the meaning of 19 CFR 353.106, in which case the cash deposit rate will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original less-than-fair-value (LTFV) investigation or a previous review, the cash deposit will continue to be the most recent rate published in the final determination or final results for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, or the original investigation, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in the final results of these reviews, or the LTFV investigation; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the original fair value investigation, the cash deposit rate will be 4.46%.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during these review periods. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 30, 1998.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 98-004R. Applicant: University of California at Los Angeles, Plasma Physics Laboratory, 405 Hilgard Avenue, P.O. Box 951547, Los Angeles, CA 90095-1547. Instrument: YAG Pumped Dye Laser. Manufacturer: Spectron Laser Systems, United Kingdom. Intended Use: Original notice of this resubmitted application was published in the **Federal Register** of February 18, 1998.

Docket Number: 98-032. Applicant: Massachusetts Institute of Technology, Center for Cancer Research, 77 Massachusetts Avenue, Cambridge, MA 02139. Instrument: Fish Tank System. Manufacturer: Klaus-Jurgen Schwarz, Germany. Intended Use: The instrument will be used for the study of the early development of the zebrafish embryo in order to identify genes that are required for a fish egg to develop normally into a perfect living fish embryo and ultimately into an adult fish. It is expected that the genes identified will help in understanding what goes wrong in human development that can lead to birth defects. Application accepted by Commissioner of Customs: June 19, 1998.

Frank W. Creel,

Director, Statutory Import Programs Staff.
