

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) being Reviewed by the Federal Communications Commission

July 30, 1998

SUMMARY: The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments October 6, 1998. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060-0541.

Title: Transmittal Sheet for Phase 2 Cellular Applications for Unserved Areas.

Form Number: FCC 464-A.

Type of Review: Revision of a currently approved collection.

Respondents: Businesses or other for-profit entities; Small businesses or organizations.

Number of Respondents: 600.

Estimated Time Per Response: 10 minutes (0.166 hours).

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 100 hours.

Estimated Cost To Respondents: \$0.

Needs and Uses: The information collected will be used by the Commission to determine whether the applicant is qualified legally, technically, and financially to be licensed as a cellular operator. Without such information, the Commission could not determine whether to issue licenses to the applicants that provide telecommunication services to the public and therefore fulfill its statutory responsibilities in accordance with the Communications Act of 1934, as amended. The transmittal sheet, filed in conjunction with FCC Form 600, facilitates application intake and other processing functions. The applicant must certify on the form that the application is complete in every respect and contains all the information required by the Commission's cellular rules. The data collected are required by the Communications Act of 1934, as amended and Commission Rules 22.105.

The form has been revised to delete the payment information previously required. Any payment to the FCC now requires the filing of a Fee Remittance Advice, FCC Form 159, which duplicates this information. Additionally, we have re-evaluated the number of receipts which reflects a significant decrease from 10,000 to 600 respondents. This is attributed to the majority of the cellular market being filled and applications being filed relate to maintenance of those licenses. The burden per respondent remains at 10 minutes, making the total annual burden an estimated 100 hours. *OMB Approval Number:* 3060-0054.

Title: Application for Exemption From Ship Station Requirements.

Form Number: FCC 820.

Type of Review: Revision to a currently approved collection.

Respondents: Businesses or other for-profit entities; Small businesses or organizations; Individuals or households.

Number of Respondents: 200.

Estimated Time Per Response: 1 hour and 10 minutes (1.166 hours).

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 233 hours.

Estimated Cost To Respondents: \$0.

Needs and Uses: FCC Rules require this collection of information when

exemptions from radio provisions of statute, treaty or international agreement are requested. The data are used by examiners to determine the applicants qualifications for the requested exemption.

The data collected are required by the Communications Act of 1934, as amended; International Treaties and FCC Rules 47 CFR 1.922, 80.19 and 80.59.

This form is being revised to delete the payment information previously required. Any payment to the FCC must be accompanied by a Fee Remittance Advice, FCC Form 159, which duplicates this information. We have added a space for the applicant to provide an E-Mail address where the Commission can send E-Mail regarding the application. Instructions have been updated to reflect current mailing address and phone information for the Commission.

Federal Communications Commission.
