## FEDERAL HOUSING FINANCE BOARD

[No. 98-N-6]

### Federal Home Loan Banks' Mortgage Partnership Finance Pilot Programs

**AGENCY:** Federal Housing Finance Board.

**ACTION:** Notice and opportunity for comment.

**SUMMARY:** In December 1996, the Federal Housing Finance Board (Finance Board) authorized the Federal Home Loan Bank (FHLBank) of Chicago to establish a pilot program, called "Mortgage Partnership Finance" (MPF), under which the FHLBank of Chicago may purchase from, or fund through, participating member institutions up to \$750 million of one-to-four family residential mortgage loans originated by such members. MPF allocates the individual risk components associated with home mortgage lending between the FHLBank and its members in a manner that uses the cooperative structure of the FHLBank System to maximize their respective core competencies. See 62 FR 5828, 5830-31 (Feb. 7, 1997) (describing in detail the MPF program). There has been a strong and increasing level of demand for MPF from members of the FHLBank of Chicago during the year that the pilot program has been in operation.

Several other FHLBanks have indicated interest in seeking Finance Board approval to offer pilot MPF programs to their members. Accordingly, Finance Board staff currently is preparing recommendations for the Board of Directors of the Finance Board regarding the establishment of terms and conditions pursuant to which any FHLBank may be permitted to offer MPF to its members on a pilot basis and under which the \$750 million cap on MPF may be modified. Specifically, staff is considering the establishment of terms and conditions regarding: national

or regional pricing; FHLBank capital requirements or other standards to manage the credit risk that may arise in conjunction with the larger volumes of MPF product that could result from an expansion of the program; the capacity of the existing MPF system to handle larger volumes of transactions; the degree to which MPF should be targeted to, or have performance goals established with respect to, particular populations or areas; and the criteria by which the success of the program will be evaluated. In addition, staff is contemplating recommending that the Board of Directors of the Finance Board modify the existing MPF dollar cap to meet member demand and to facilitate adding other FHLBanks to the program on a pilot basis. As part of these efforts, and consistent with its published Policy and Procedures for Pilot Proposals (Pilot Procedures), see 62 FR 63178 (Nov. 26, 1997), Finance Board staff is hereby giving notice of impending Finance Board action and offering an opportunity for public comment regarding the establishment of approval procedures and criteria, terms and conditions for pilot program operation, and modifications to the dollar limit on FHLBank System-wide MPF investments. Pursuant to the Pilot Procedures, the Board of Directors of the Finance Board will not act on these matters earlier than 30 days from the date of publication of this Notice.

Finance Board staff is not contemplating a recommendation that the MPF program be authorized to move beyond the pilot phase at this time. Staff anticipates recommending to the Board of Directors of the Finance Board that the FHLBank of Chicago and other FHLBanks that may gain approval to offer MPF to their members should continue to be monitored and evaluated by the Finance Board for compliance of MPF programs with the pilot program criteria set forth in section II.B.12 of the Finance Board's Financial Management Policy for the FHLBanks and with any other criteria that may be established pursuant to the action of the Board of Directors of the Finance Board.
