## Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, Other Non-Profit, and Commercial Organizations

AGENCY: Department of Commerce (DoC).

ACTION: Interim Final Rule.

**SUMMARY:** This interim final rule implements the revisions to the Office of Management and Budget (OMB) Circular A-110, "Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations" which was published in the **Federal Register** on November 29, 1993. The revised Circular was developed by an interagency task force for governmentwide use in a model rule format to facilitate regulatory adoption by executive departments and agencies. In the published revised Circular, OMB specified as "required action" that Federal agencies responsible for awarding and administering grants and other agreements to recipients described therein, shall adopt the language of the Circular unless other provisions are required by Federal statute or exceptions or deviations are approved by OMB. This interim final rule adopts the provisions of the Circular and its language to the maximum extent feasible. However, minor changes were made to update the procedures, clarify the language, and make the language apply specifically to the DoC and its operating units. No changes are intended to deviate from the substance of Circular A-110. The Circular covers both grants and cooperative agreements made by Federal agencies and subawards, unless sections of the Circular specifically exclude subrecipients from coverage. Consistent with guidance provided in the Circular, DoC will apply its provisions to grants and agreements with institutions of higher education, hospitals, other nonprofit, and commercial organizations. The provisions of the interim final rule will also apply to foreign governments, organizations under the jurisdiction of foreign governments, and international organizations when appropriate.

**DATES:** This regulation is effective October 1, 1998. Written and signed

comments must be received on or before November 3, 1998.

**ADDRESSES:** Interested persons should submit written and signed comments to Docket No. 980422101-8101-01, U.S. Department of Commerce, Office of Executive Assistance Management, Room 6020, 14th and Constitution Avenue, Washington, D.C. 20230.

**FOR FURTHER INFORMATION CONTACT:** John J. Phelan, III, Director, Office of Executive Assistance Management, Telephone Number 202-482-4115.

**SUPPLEMENTARY INFORMATION:** This interim final rule incorporates and reflects the provisions of the OMB issuance of the revised OMB Circular A-110, published at 58 FR 62992, to be codified at 15 CFR part 14 of the DoC regulatory requirements for financial assistance awards. OMB Circular A-110 was originally issued by OMB in 1976, and except for a minor revision in 1987 it remained unchanged until this revision was issued. The standards it contained were structured into 15 attachments lettered A through O. An interagency task force also reviewed the circular in 1987 and recommended that it be combined with OMB Circular A-102, "Uniform Requirements for Grants and Agreements with State and Local Governments," as a consolidated "common rule." In November 1988, a proposed consolidated "common rule" was published in the **Federal Register** (53 FR 44716) but, due to adverse concerns by some university groups and Federal agencies, it was not finalized and issued by OMB. In November 1990, another interagency task force was convened to review Circular A-110 and a revision in a "common rule" format was proposed and developed. This revision was published for comment in the **Federal Register** (57 FR 39018) in August 1992 and over 200 comments were received by OMB from many sources. All comments were considered in developing the final revision of Circular A-110 which was issued for governmentwide use in the **Federal Register** on November 29, 1993.

Consequently, this rule is published as an interim final rule because of the previous request for comment process used in the development of the Circular, the large number of comments already received and considered by OMB and the Federal agencies, and the limited flexibility to revise the requirements prescribed by OMB. This interim final rule contains the following updates to procedures and clarifying language:

- Foreign governments, organizations under the jurisdiction of foreign governments, and international
