

Commission that included a proposed transition plan for migrating from OASIS Phase 1 to OASIS Phase 1-A and a proposal for an OASIS Phase 1-A audit reporting experiment. The proposed transition plan recommends a sequence of steps for the transition to OASIS Phase 1-A to allow adequate testing, training, an orderly transfer of reservation records, and a minimal disruption of business activities. The proposed audit experiment is designed to test the use of advanced audit capabilities. The How Group has requested an expedited review of its proposals.

We invite written comments on the How Group's proposals on or before November 9, 1998. Any person desiring to submit comments should file an original and 14 paper copies and one copy on a computer diskette in WordPerfect 6.1 format or in ASCII format with the Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. The comments must contain a caption that references Docket No. RM95-9-003.

Copies of this filing are on file with the Commission and are available for public inspection. The filing will also be posted on the Commission Issuance Posting System (CIPS), an electronic bulletin board and World Wide Web (at WWW.FERC.FED.US) service, that provides access to the texts of formal documents issued by the Commission. The complete text on diskette in WordPerfect format may be purchased from the Commission's copy contractor, RVJ International, Inc. RVJ International, Inc. is located in the Public Reference Room at 888 First Street, NE, Washington, DC 20426.

City of Albany, OR; Notice of Availability of Final Environmental Assessment

October 23, 1998.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the application for an original license for

the City of Albany, Oregon Hydroelectric Project. The project is located on the South Santiam River, Albany-Santiam canal, and Calapooia River in the cities of Lebanon and Albany, Linn County, Oregon.

On March 24, 1998, the Commission staff issued a draft environmental assessment for the project and requested that comments be filed with the Commission within 30 days. Comments were filed by two entities and are addressed in the final environmental assessment (FEA) for the project.

The FEA contains the staff's analysis of the potential environmental impacts of the project and has concluded that licensing the project, with appropriate environmental protective measures, would not be a major federal action significantly affecting the quality of the human environment.

Copies of the FEA are available for review in the Public Reference Room, Room 2A, of the Commission's offices at 888 First Street, N.E., Washington, D.C. 20426.
