Federal Railroad Administration

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System or Relief From the Requirements of Title 49 Code of Federal Regulations Part 236

Pursuant to Title 49 Code of Federal Regulations (CFR) Part 235 and 49 U.S.C. App. 26, the following railroads have petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of the signal system or relief from the requirements of 49 CFR Part 236 as detailed below.

Docket No. FRA-1998-4628.

Applicant: Central Kansas Railway, L.L.C., Mr. L. R. Mitchell, Superintendent, 1825 West Harry Street, Wichita, Kansas 67213.

The Central Kansas Railway, L.L.C. seeks approval of the proposed discontinuance and removal of the automatic interlocking signal system, on the single main track, Hoisington Subdivision, at Scott City, Kansas, milepost 681.8, associated with the installation of two connecting tracks, one north and one south of the Hoisington main track, which will enable eastward or westward train movements from the crossing at grade.

The reasons given for the proposed changes is that the pole line affecting the interlocking was severely damaged during an ice storm in March 1998, and only one train movement is operated over the interlocking daily.

Any interested party desiring to protest the granting of an application shall set forth specifically the grounds upon which the protest is made and contain a concise statement of the interest of the Protestor in the proceeding. The original and two copies of the protest shall be filed with the Associate Administrator for Safety, FRA, 400 Seventh Street, S.W., Mail Stop 25, Washington, D.C. 20590 within 45 calendar days of the date of publication of this notice. Additionally, one copy of the protest shall be furnished to the applicant at the address listed above.

FRA expects to be able to determine these matters without an oral hearing. However, if a specific request for an oral hearing is accompanied by a showing that the party is unable to adequately present his or her position by written statements, an application may be set for public hearing.

Issued in Washington, D.C. on December 15, 1998.

Grady C. Cothen, Jr.,

Deputy Associate Administrator for Safety Standards and Program Development.
