Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

Data are used to update the existing database to ensure the most efficient use of the frequency spectrum. Data are also used by Compliance personnel in conjunction with Field Engineers for enforcement and interference resolutions. Applicants may also use Form 406 to renew an authorization when the renewal application generated by the FCC (FCC Form 452R) is not required by the applicant. The data collected are required by the Communications Act of 1934, as amended, International Treaties, and FCC Rules 47 CFR parts 1.922, 1.924, 87.21, and 87.31.

This collection is being revised to delete the fee payment blocks (i.e., Fee Type Code, Fee Multiple, and Fee Due). FCC Form 159, Fee Remittance Advice, is required to be submitted with any payment to the FCC. FCC Form 159 duplicates the fee payment information. Data are also used by Compliance personnel in conjunction with Field Engineers for enforcement and interference resolutions.

Licensees may also use this form upon receipt from the Commission to cancel an authorization they do not wish to renew. At the time of renewal, licensees may opt to use this form to indicate a change of mailing address, change of licensee name (without

To be eligible for conditional authority, an applicant that has satisfied the frequency coordination requirements and filed the requisite FCC license application must certify on FCC Form 572C that it meets specified conditions that demonstrate the application can be routinely granted because it raises no special issues.
