Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) or Superfund, Section 311(b)(9)(A), CERCLA Section 311(b)(3), Announcement of Competition for EPA's Brownfields Job Training and Development Demonstration Pilots

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The Environmental Protection Agency will begin accepting applications for Brownfields Job Training and Development Demonstration Pilots through March 1, 1999. The application period will close March 1, 1999 and the Agency intends to competitively select ten Pilots by June, 1999.

DATES: This action is effective as of the date of publication in the **Federal Register**. All proposals must be received by March 1, 1999.

ADDRESSES: Interested applicants must submit a response to the Brownfields Job Training and Development Demonstration Pilot Guidelines. Job training guidelines can be obtained via the Internet: <http://www.epa.gov/brownfields/>, or by calling the Superfund Hotline at 1-800-424-9346 (TDD for the hearing impaired at 1-800-553-7672).

FOR FURTHER INFORMATION CONTACT: EPA's Office of Solid Waste and Emergency Response, Myra Blakely,

Outreach and Special Projects Staff, (202) 260-4527 or Nancy Wilson at (202) 260-1910.

SUPPLEMENTARY INFORMATION: The Brownfields Job Training and Development Demonstration Pilots will each be funded up to \$200,000 over two-years. These funds are to be used to bring together community groups, job training organizations, employers, investors, lenders, developers, and other affected parties to address the issue of providing training for residents in communities impacted by brownfields. The goals of the pilots are to facilitate cleanup of brownfields sites contaminated with hazardous substances and prepare the trainees for future employment in the environmental field. The pilot projects must prepare trainees in activities that can be usefully applied to a cleanup employing an alternative or innovative technology.

EPA expects to select approximately 10 Brownfields Environmental Job Training and Development pilots by the end of June 1999. Pilot applicants must be located within or near one of the 226 pre-1999 brownfields assessment pilot communities. Colleges, universities, non-profit training centers, community-based job training organizations, states, cities, towns, counties, U.S. Territories, and Federally recognized Indian Tribes are eligible to apply for funds. EPA welcomes and encourages applications from coalitions of such entities, but a single eligible entity must be identified as the legal recipient. Entities with experience in providing environmental job training and placement programs are invited to apply. The deadline for applications is March 1, 1999.

EPA's Brownfields Initiative is an organized commitment to help communities revitalize abandoned contaminated properties, and to thereby eliminate potential health risks and restore economic vitality to areas where these properties exist. EPA defines brownfields as abandoned, idled or under-used industrial and commercial facilities where expansion or redevelopment is complicated by real or perceived environmental contamination.

Date Signed: December 14, 1998.

Linda Garczynski,

Director, Outreach and Special Projects Staff, Office of Solid Waste and Emergency Response.
