

reported that succinate, glutarate, and adipate produced concentration-dependent increases in cytotoxicity in a rat nasal explant system. The cytotoxicity of DBE in the same system, however, was greatly diminished by a carboxylesterase inhibitor which effectively blocks the conversion of DBE to the dicarboxylic acids.

The potential hazards posed by DBE to pesticide applicators exposed via inhalation and dermal routes are low. For the handwand applicator, the average daily dermal and inhalation doses of 0.03 mg/kg/day, and 0.001 mg/kg/day, respectively, are well below exposures which are believed to be without risk of deleterious effects (8.42 mg/kg/day for dermal exposures, and 0.38 mg/kg/day for inhalation exposures). Specifically, USEPA conservative assumptions for a worker applying a DBE-containing (4.2% w/w) product with a handwand maintain margin of exposures (MOEs) of 280 and 380 for dermal, and inhalation exposures, respectively. Based on these MOEs workers applying a hypothetical formulation containing 100% DBE would still be adequately protected. For the backpack applicator, the average dermal and inhalation doses of 1 and 0.007 mg/kg/day, are also below exposures which are believed to be without risk of deleterious effects. USEPA's conservative assumptions for a backpack applicator maintain a MOE of 8, and 54 for dermal and inhalation exposures, respectively. Based on these MOEs, workers applying a hypothetical formulation containing 33% DBE would still be adequately protected. As this percentage far exceeds the levels anticipated for DBE-containing products, no concentration limit need be specified for DBE.

2. *Infants and children.* There is no information available which suggests that infants and children are more highly exposed or are more susceptible to the effects of DBE. The lack of any significant toxicity in reproductive/developmental studies on DBE suggests that growing organisms are not at increased risk. Since potential dietary exposures to infants and children are minimal based on anticipated use patterns, and since the toxicity of DBE by the oral route is very low, it is unlikely that these types exposures will result in any deleterious effects. Direct exposures to infants and children via the inhalation and dermal routes are not anticipated for the intended use of DBE.

F. International Tolerances

Whitmire is not aware of any tolerances for DBE outside of the United States.

BILLING CODE 6560-50-F

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6208-7]

Proposed Administrative Agreement for Collection of CERCLA Response and Oversight Costs

AGENCY: U.S. Environmental Protection Agency (U.S. EPA).

ACTION: Proposed CERCLA 122(h) Administrative Agreement.

SUMMARY: U.S. EPA is proposing to execute an Administrative Agreement (Agreement) under Section 122 of CERCLA for collection of a percentage of response and oversight costs at the West Roosevelt Drum Superfund Site. Respondent has agreed to pay \$17,000 out of total response and oversight costs of Approximately \$23,120, and in return will receive a covenant not to sue and contribution protection from U.S. EPA. U.S. EPA today is proposing to execute this Agreement because it achieves collection of a high percentage of total Site costs. (The Respondent at the Site previously performed a Superfund removal under a CERCLA Section 106 Unilateral Order, at a cost of approximately \$50,000. Thus, the overall value of the clean up and settlement to U.S. EPA is \$67,000 out of an approximate total of \$73,120. This is 91% of total Site costs).

DATES: Comments on this proposed settlement must be received by January 22, 1999.

ADDRESSES: Copies of the proposed settlement are available at the following address for review: (It is recommended that you telephone Mr. Derrick Kimbrough at (312) 886-9789 before visiting the Region V Office). Mr. Derrick Kimbrough, OPA (P19-J), Coordinator, Office of Public Affairs, U.S. Environmental Protection Agency, Region V, 77 W. Jackson Boulevard (P-19J), Chicago, Illinois 60604, (312) 886-9789.

Comments on this proposed settlement should be addressed to: (Please submit an original and three copies, if possible) Mr. Derrick Kimbrough, Coordinator, Office of Public Affairs, U.S. Environmental Protection Agency, Region V, 77 W. Jackson Boulevard (P-19J), Chicago, Illinois 60604, (312) 886-9789.

FOR FURTHER INFORMATION CONTACT: Mr. Derrick Kimbrough, Office of Public Affairs, at (312) 886-9789.

SUPPLEMENTARY INFORMATION: The West Roosevelt Drum Superfund Site is located at 5728-32 W. Roosevelt Road, Chicago, Illinois (Cook County). In response to the release or threatened release of hazardous substances at or pursuant to Section 104 of CERCLA, 42 U.S.C. 9604. A January 27, 1995, EPA site assessment found the Site Buildings unsecured, and containing approximately 300 drums and other materials. On February 24, 1995, EPA issued a General Notice of Potential Liability to the Settling Party. The Settling party performed the clean up pursuant to the UAO. The removal was completed on August 8, 1995, and an EPA Completion of Work letter was issued by the EPA On-Scene Coordinator (OSC) on April 2, 1998.

Subsequent negotiations with the Settling party extended the Statute of Limitations for EPA to act upon or settle this matter until March 16, 1999. EPA has accrued Past Response Costs (including oversight costs) in connection with the Site of \$23,120.

A 30-day period, beginning on the date of publication, is open pursuant to section 122(i) of CERCLA for comments on the proposed Administrative Agreement.

Comments should be sent to Mr. Derrick Kimbrough of the Office of Public Affairs (P-19J), U.S. Environmental Protection Agency, Region V, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Thomas Turner,

Assistant Regional Counsel,

United States Environmental Protection Agency.

ENVIRONMENTAL PROTECTION AGENCY

[OPPTS-51919; FRL-6051-5]

Certain Chemicals; Premanufacture Notices

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture or import a new chemical to notify EPA and comply with the statutory provisions pertaining to the manufacture or import of substances not on the TSCA Inventory. Section 5 of

TSCA also requires EPA to publish receipt and status information in the **Federal Register** each month reporting premanufacture notices (PMN) and test marketing exemption (TME) application requests received, both pending and expired. The information in this document contains notices received from November 2, to November 30, 1998. This document also corrects PMN 97-1041 which published on January 8, 1998.

ADDRESSES: Written comments, identified by the document control number "[OPPTS-51919]" and the specific PMN number, if appropriate, should be sent to: Document Control Office (7407), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Rm. ETG-099 Washington, DC 20460.

Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: oppt.ncic@epamail.epa.gov. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect in 5.1/6.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number [OPPTS-51919]. No Confidential Business Information (CBI) should be submitted through e-mail. Electronic comments on this notice may be filed online at many Federal Depository Libraries. Additional information on electronic submissions can be found under "SUPPLEMENTARY INFORMATION" of this document.

FOR FURTHER INFORMATION CONTACT: Susan B. Hazen, Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-531, 401 M St., SW., Washington, DC, 20460, (202) 554-1404, TDD (202) 554-0551; e-mail: TSCA-Hotline@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Under the provisions of TSCA, EPA is required to publish notice of receipt and status reports of chemicals subject to section 5 reporting requirements. The notice requirements are provided in TSCA sections 5(d)(2) and 5(d)(3). Specifically, EPA is required to provide notice of receipt of PMNs and TME application requests received. EPA also is required to identify those chemical submissions

for which data has been received, the uses or intended uses of such chemicals, and the nature of any test data which may have been developed. Lastly, EPA is required to provide periodic status reports of all chemical substances undergoing review and receipt of notices of commencement.

A record has been established for this notice under docket number "[OPPTS-51919]" (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 12 noon to 3 p.m., Monday through Friday, excluding legal holidays. The public record is located in the TSCA Nonconfidential Information Center (NCIC), Rm. NEM-B607, 401 M St., SW., Washington, DC 20460.

Electronic comments can be sent directly to EPA at: oppt.ncic@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this notice, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official record which will also include all comments submitted directly in writing. The official record is the paper record maintained at the address in "ADDRESSES" at the beginning of this document.

In the past, EPA has published individual notices reflecting the status of section 5 filings received, pending or expired, as well as notices reflecting receipt of notices of commencement. In an effort to become more responsive to the regulated community, the users of this information and the general public, to comply with the requirements of TSCA, to conserve EPA resources, and to streamline the process and make it more timely, EPA is consolidating these separate notices into one comprehensive notice that will be issued at regular intervals.

In this notice, EPA shall provide a consolidated report in the **Federal Register** reflecting the dates PMN

requests were received, the projected notice end date, the manufacturer or importer identity, to the extent that such information is not claimed as confidential and chemical identity, either specific or generic depending on whether chemical identity has been claimed confidential. Additionally, in this same report, EPA shall provide a listing of receipt of new notices of commencement.

EPA believes the new format of the notice will be easier to understand by the interested public, and provides the information that is of greatest interest to the public users. Certain information provided in the earlier notices will not be provided under the new format. The status reports of substances under review, potential production volume, and summaries of health and safety data will not be provided in the new notices.

EPA is not providing production volume information in the consolidated notice since such information is generally claimed as confidential. For this reason, there is no substantive loss to the public in not publishing the data. Health and safety data are not summarized in the notice since it is recognized as impossible, given the format of this notice, as well as the previous style of notices, to provide meaningful information on the subject. In those submissions where health and safety data were received by the Agency, a footnote is included by the Manufacturer/Importer identity to indicate its existence. As stated below, interested persons may contact EPA directly to secure information on such studies.

For persons who are interested in data not included in this notice, access can be secured at EPA Headquarters in the NCIC at the address provided above. Additionally, interested parties may telephone the Document Control Office at (202) 260-1532, TDD (202) 554-0551, for generic use information, health and safety data not claimed as confidential or status reports on section 5 filings.

Send all comments to the address listed above. All comments received will be reviewed and appropriate amendments will be made as deemed necessary.

This notice will identify: (I) PMNs received, (II) Notices of Commencement to manufacture/import, and (III) Correction.

I. 109 Premanufacture Notices Received From: 11/02/98 to 11/30/98

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical

II. 52 Notices of Commencement Received From: 11/02/98 to 11/30/98

Case No.	Received Date	Commencement/Import Date	Chemical
P-95-0105	11/17/98	11/02/97	(G) Unsaturated polyester
P-95-1038	11/05/98	10/02/98	(G) Polyvinyl fluoride copolymer
P-96-0045	11/12/98	10/11/98	(G) Modified melamine, formaldehyde, urea polymer
P-96-0969	11/05/98	10/12/98	(G) Epoxy-amine adduct salt.
P-96-0970	11/05/98	10/21/98	(G) Epoxy-amine adduct salt.
P-97-0468	11/12/98	11/04/98	(G) Substituted polyphosphonic acid
P-97-0535	11/03/98	10/21/98	(G) Acrylated urethane
P-97-0536	11/03/98	10/21/98	(G) Acrylated urethane
P-97-0991	11/06/98	10/28/98	(S) Propanoic acid, 2-hydroxy-, 1,2,3 -propanetriyl ester, [2s-[2r*[2(r*), 3(r*)]]]-*
P-97-0994	11/30/98	11/17/98	(G) Oligomeric anhydride
P-97-1059	11/02/98	10/21/98	(G) Naphthol red pigment
P-97-1095	11/12/98	11/04/98	(G) Salt of a substituted polyphosphonic acid
P-98-0151	11/23/98	11/11/98	(G) Amino carboxylate salt
P-98-0181	11/19/98	10/19/98	(G) Non-volatile emulsion acrylic polymer
P-98-0275	11/20/98	10/19/98	(G) Organo silane ester
P-98-0285	11/09/98	11/03/98	(G) Substituted aromatic compound reaction product with sodium sulfides, reduced
P-98-0333	11/16/98	10/14/98	(G) Polysiloxane modified aluminum-cerium hydroxide
P-98-0386	11/17/98	10/19/98	(G) Polymer of methylenebis[isocyanatobenzene], benzenedicarboxylic acid-based polyester, and mixed polyether polyols
P-98-0472	11/23/98	10/02/98	(G) 2-propenoic acid, 2-methyl-, 2-hydroxyethyl ester, polymer with alkyl 2-methyl-2-propenoate and alkyl 2-propenoate
P-98-0495	11/24/98	07/15/98	(G) Substituted naphthalenetrisulfonic acid, salt
P-98-0508	11/02/98	10/08/98	(G) Polyester polyurethane acrylic copolymer
P-98-0534	11/02/98	10/15/98	(G) Polyoxyalkylated alcohol
P-98-0690	11/23/98	10/02/98	(G) 2-propenoic acid, 2-methyl-, polymers with 2-hydroxypropyl acrylate, ethenyl benzen, alkyl 2-methyl-2-propenoate, alkyl 2-propenoate and chlorinated polypropylene
P-98-0691	11/23/98	10/02/98	(G) 2-propenoic acid, 2-methyl-, 2-hydroxyethyl ester, polymer with alkyl 2-methyl-2-propenoate and alkyl 2-propenoate
P-98-0692	11/23/98	10/02/98	(G) 2-propenoic acid, 2-methyl-, 2-hydroxyethyl ester, polymer with alkyl 2-methyl-2-propenoate and alkyl 2-propenoate
P-98-0702	11/16/98	11/15/98	(G) Modified acid anhydride
P-98-0705	11/09/98	10/19/98	(G) Modified acid anhydride
P-98-0713	11/16/98	10/27/98	(G) Mixed polyhydroxyl/ adipate polyester polyol
P-98-0739	11/16/98	10/30/98	(G) Substituted benzoic acid, salt
P-98-0741	11/16/98	11/06/98	(G) Substituted phenol salt
P-98-0743	11/02/98	10/07/98	(G) Substituted triazole, salt
P-98-0744	11/16/98	11/02/98	(G) Substituted pyridine metal complex
P-98-0751	11/02/98	10/21/98	(G) Substituted benzimidazole, salt
P-98-0779	11/02/98	10/21/98	(G) Metal carboxylic acid complex
P-98-0819	11/03/98	10/16/98	(G) Nco terminated polyurethane
P-98-0822	11/18/98	11/06/98	(G) Reaction product of-methyl methacrylate, n-butyl methacrylate, hydroxy functional methacrylate, aliphatic methacrylates and methacrylic acid*

II. 52 Notices of Commencement Received From: 11/02/98 to 11/30/98—Continued

Case No.	Received Date	Commencement/Import Date	Chemical
P-98-0837	11/20/98	10/28/98	(G) Metal complex, copolymer of substituted acrylic acid, substituted methacrylate, substituted acrylate, and ethylene glycol substituted acrylate alkyl ether
P-98-0843	11/05/98	10/08/98	(G) Phenyl, alkyl, hydroxyalkyl substituted imidazole
P-98-0864	11/12/98	10/29/98	(G) Acrylic polymer
P-98-0897	11/12/98	10/28/98	(G) Polyurethane
P-98-0904	11/12/98	10/27/98	(G) Polyalkymethacrylate
P-98-0922	11/27/98	11/01/98	(G) Organo silane ester
P-98-0956	11/20/98	11/06/98	(G) Acrylic polymer
P-98-0965	11/02/98	10/09/98	(G) 4,11-triphenodioxazinedisulfonic acid, 3,10-bis[alkyl amino]-6,13-dichloro-, reaction products with 2-amino-1,4-benzenedisulfonic acid, 2-[amino aryl)sulfonyl]ethyl hydrogen sulfate and 2,4,6-trifluoro-1,3,5-triazine, sodium salts
P-98-0975	11/04/98	10/15/98	(G) Polyglycerol ester
P-98-1005	11/09/98	10/22/98	(G) Acrylic copolymer
P-98-1021	11/13/98	11/04/98	(S) (trichloromethoxy) benzene (trichloroanisole, or tcan)*
P-98-1026	11/02/98	10/19/98	(G) Chlorinated, methylated aromatic
P-98-1041	11/23/98	11/13/98	(G) Chlorinated, alkylated, aromatic acid
P-98-1052	11/05/98	10/22/98	(S) Hexanedioic acid, polymer with butanedioic acid, 2,2'-oxybis[ethanol], pentanedioic acid, and 1,2,3-propanetriol*
P-98-1055	11/24/98	11/12/98	(G) Crosslinking stoving urethane resin
P-98-1063	11/16/98	10/28/98	(G) Polyurethane prepolymer

In the **Federal Register** of January 8, 1998, (63 FR 1312)(FRL-5756-6) the

submission for P-97-1041, had incorrect information for the Use and

Chemical which is now corrected to read as follows:

III. Correction

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-97-1041	08/28/97	11/26/97	Unocal	(S) Synthetic-based drilling mud fluid	(S) Alkanes, C ₁₀₋₂₄ branched and linear

List of Subjects

Environmental protection,
Premanufacture notices.

Dated: December 14, 1998.

Oscar Morales,

Acting Director, Information Management Division, Office of Pollution Prevention and Toxics.

FEDERAL COMMUNICATIONS COMMISSION**Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission**

December 17, 1998.

SUMMARY: The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction

Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments on or before February 23, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of

time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commissions, Room A1804, 445 12th Street, S.W., Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0020.

Title: Application for Ground Station Authorization in the Aviation Services.

Form Numbers: FCC 406.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; Individuals or households; State, Local or Tribal Governments.

Number of Respondents: 1,600.

Estimated Time per Response: 1 hour.

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 1,600 hours.

Total Annual Costs: \$146,000.
