[Docket No. SA99-30-000]

Washington 10 Storage Corporation, Notice of Petition for Adjustment

June 10, 1999.

Take notice that on June 1, 1999, Washington 10 Storage Corporation (Washington 10) filed a petition for adjustment pursuant to section 502(c) of the Natural Gas Policy Act of 1978 (NGPA), and Rule 1104 of the Commission's regulations. Washington 10 requests to implement rates for storage service and storage-related transportation service under NGPA section 311 that are comparable to its currently effective cost-based rates for such services on file with the Michigan Public Service Commission (MPSC). Washington 10 submits that the adjustment relief will prevent the inequitable result that otherwise would occur if Washington 10 were required to make a cost-of-service presentation to the Commission under section 284.123(b)(2) to support a petition for rate approval.

The procedures applicable to the conduct of this adjustment proceeding are found in Subpart K of the Commission's Rules of Practice and Procedure.

Any person desiring to participate in this proceeding must file a motion to intervene with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with the provisions of such Subpart K. All such motions must be filed with the Secretary of the Commission within 15 days after publication of this notice in the **Federal**

Register. Copies of this petition are on file with the Commission and are available for public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

David P. Boergers,
Secretary.
