

recreational uses (approximately 1.5 million square feet is existing floor area and 9.4 million square feet is potential new floor area). A large Cultural Center would be developed and would incorporate the northern blimp hangar, if financially feasible. It would also include a Reserve Area for residential, commercial/business, and institutional uses in large-scale development. A large golf course would also be developed. The project also will include the extension of major arterials through the base including Tustin Ranch Road to Von Karman, Warner Avenue from Red Hill Avenue to west of Jamboree Road and creation of a secondary interior loop roadway and local roadways to facilitate local circulation.

The Draft EIS/EIR analyses potential environmental impacts relating to land use; socioeconomic; utilities; public services and facilities; aesthetics; cultural and paleontological resources; biological resources; agricultural resources; soils and geology; water resources; hazardous wastes, substances, and materials; traffic/circulation; air quality; and noise. Potentially significant and not mitigable impacts associated with the three reuse alternatives are related to conversion of Farmland, elimination of two historic districts, demolition of historic blimp hangars (possibly one or both hangars), air quality emissions, and traffic/circulation.

The Marine Corps and the City of Tustin will conduct a public hearing on Thursday, August 11, at 7:00 p.m. for those individuals who would like to provide written or oral comments on the Draft EIS/EIR. A brief presentation will precede a request for public information and comments. Marine Corps and City representatives will be available at the hearing to receive information and comments regarding environmental issues of concern. Federal, state, and local agencies and interested parties are invited and urged to be present or represented at the hearing. Oral statements will be heard and transcribed by a stenographer. To assure accuracy of the record, all comments should also be submitted in writing. In the interest of time and to ensure all who wish to give an oral statement have the opportunity to do so, speakers are requested to limit their comments to three minutes. If longer statements are to be presented, they should be summarized at the public hearing and submitted in writing either at the hearing or mailed or faxed to Mr. Dana Ogdon, Senior Project Manager, City of Tustin, 300 Centennial Way, Tustin, California 92780, telephone (714) 573-3116, fax (714) 573-3113.

Written comments must be postmarked by August 22, 1999. All comments, both oral and written, will become part of the public record in the EIS/EIR.

Dated: July 16, 1999.

Commander, Judge Advocate General's Corps, U.S. Navy, Alternate Federal Register Liaison Officer.
