Revocation of Antidumping Finding: Stainless Steel Plate From Sweden

AGENCY: Import Administration, International Trade Administration, Department of Commerce

ACTION: Notice of revocation of antidumping finding: Stainless steel plate from Sweden.

SUMMARY: Pursuant to section 751(c) of the Tariff Act from 1930, as amended ("the Act"), the United States International Trade Commission ("the Commission") determined that revocation of the antidumping finding on stainless steel plate from Sweden is not likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (64 FR 37167 (July 9, 1999)). Therefore, pursuant to section 19 CFR 351.222(i)(1)(iii), the Department of Commerce ("the Department") is publishing notice of the revocation of the antidumping finding on stainless steel plate from Sweden. Pursuant to section 751(c)(6)(A)(iv) of the Act, the effective date of revocation is January 1, 2000.

FOR FURTHER INFORMATION CONTACT: Scott E. Smith or Melissa G. Skinner, Office of Policy for Import

Background

As a result of the review, the Department found that revocation of the antidumping finding would likely lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margin likely to prevail were the finding to be revoked. (*See Final Results of Expedited Sunset Review: Stainless Steel Plate from Sweden*, 63 FR 67658 (December 8, 1998)).

On July 9, 1999, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping finding on stainless steel plate would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.
