

extending upward from 700 feet above the surface is required for aircraft executing the GPS RWY 3 and GPS RWS 21 SIAP at Kingman Airport. The effect of this action will provide adequate airspace for aircraft executing the GPS RWY 3 SIAP at Kingman Airport, Kingman, AZ.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that his rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Technical Corrections to the Customs Regulations

AGENCY: Customs Service, Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document amends the Customs Regulations by making certain technical corrections necessary to ensure that the regulations are as accurate and up-to-date as possible. Some of the corrections involve typographical and printing errors, some involve corrections to correlate with prior regulatory changes, some involve changes to regulatory language to more accurately reflect the underlying statutory language; however, none of the corrections involve changes in substantive legal requirements.

EFFECTIVE DATE: August 10, 1999.

SUPPLEMENTARY INFORMATION:

Background

It is Customs policy to periodically review its regulations to ensure that

they are as accurate and up-to-date as possible, so that the importing and general public are aware of Customs programs, requirements, and procedures regarding import-related activities. As part of this review policy, Customs has determined that certain changes affecting Parts 4, 10, 12, 24, 102, 112, 113, 118, 122, 133, 141, 143, 144, 148, 162, 173, 174 and 181 of the Customs Regulations (19 CFR parts 4, 10, 12, 24, 102, 112, 113, 118, 122, 133, 141, 143, 144, 148, 162, 173, 174 and 181) are necessary to correct typographical and citation-referencing errors, and to make certain conforming changes to the regulations. Many of these changes are being made to conform the language in the Customs Regulations to the language of the Customs Modernization provisions of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182, Title VI) (“the Mod Act”). Following is a summary of these changes:

Discussion of Changes

Part 4

Section 4.9(f) provides that the master of a vessel who fails to make entry or presents any entry document which is forged, altered or false is liable for certain civil penalties, as provided in 19 U.S.C. 1436. This document amends § 4.9(f) to reflect the amendment to 19 U.S.C. 1436 by section 611 of the Mod Act that penalties are also applicable for electronically transmitting any forged, altered, or false document, paper, information, data or manifest to Customs.

Section 4.12(a)(5) provides that unless the vessel master provides the required notification of a manifest discrepancy and that the discrepancy was due to clerical error, applicable penalties will be assessed. Further, repeated manifest discrepancies may be deemed negligent and not clerical error. This document amends the definition of “clerical error” to match the definition provided in 19 U.S.C. 1584 as amended by section 619 of the Mod Act, to include electronic submissions. Accordingly, after the word “submission” the words “(electronically or otherwise)” are added.

Section 4.61(b) requires the port director to verify that a vessel is in compliance with certain requirements prior to granting clearance. Section 4.61(b)(3), concerning documentation, makes a reference to § 4.64, which is a “reserved” section. Therefore, this document deletes the reference to § 4.64.

Section 4.82 concerns vessels touching at a foreign port while in

coastwise trade. In § 4.82(a) and (d), footnotes 112, and 113, respectively contain requirements pertaining to manifests of cargo and whether a duty is payable by reason of a vessel taken in at one port of the United States and touching at a foreign port during the voyage. Changes made to 19 U.S.C. 293 and 294, as amended by section 686 of the Mod Act, necessitate the removal of footnotes 112 and 113, respectively. Further, in § 4.82(a), there is a reference to Great Lakes license endorsements which were repealed by Pub. L. 104-324, Title XI, § 1115(a), 110 Stat. 3972 (October 19, 1996). Accordingly, the language referring to Great Lakes license endorsements in § 4.82(a) is deleted.

Part 10

In § 10.41b(1), concerning receiving permission from the port director for release of certain shipping devices in international traffic without entry or duty and without the shipping devices being serially numbered or marked, the number "13" inadvertently appears between the words "serially" and "numbered". The number "13" is, therefore, deleted.

In § 10.41b(2)(iv), concerning the reporting period for the clearance of serially numbered substantial holders or outer containers, the number "14" inadvertently appears between the word "tendered" and an open parenthesis mark. The number "14" is, therefore, deleted.

In § 10.41b(4), concerning the port director's actions on the application for exemption from serial numbering or marking requirements, the number "15" inadvertently appears between the words "the" and "application". The number 15 is, therefore, deleted.

Part 12

In § 12.8(b), concerning liquidated damages assessed for breach of a bond on imported meat, meat-food products, horse meat, and horse meat-food products, the monetary cap of \$20,000 for cancellation of liquidated damages by a port director is referenced. However, § 172.21 provides that a Fines, Penalties, and Forfeiture Officer may cancel claims for liquidated damages when the claim is \$100,000 or less. Accordingly, for consistency, § 12.8(b) is revised to replace the \$20,000 with \$100,000.

Part 24

In § 24.21(b)(9), concerning the fees charged for administrative overhead costs, the reference to "§ 111.12(a)(2)" is revised to read "§ 111.12(a)".

In § 24.24(g), concerning the maintenance of records for the harbor

maintenance fee, the last sentence references "§§ 162.1a through 162.1i"; however, effective July 16, 1998, the adoption of new Part 163 replaces the reference for those sections.

Accordingly, the reference is revised to "part 163".

Part 102

Section 102.20 lists for specific North American Free Trade Agreement purposes specific tariff shift rules and other requirements for determining the country of origin of imported goods other than textiles and apparel products covered by § 102.21. In § 102.20(p), Section XVII: Chapters 86 through 89, the entry under "Tariff shift and/or other requirements" for 8716.10-8716.80 is grammatically unclear and is revised to read "A change to subheading 8716.10 through 8716.80 from any other heading, or from subheading 8716.90 except when that change is pursuant to General Rule of Interpretation 2(a)."

Part 112

In § 112.41, concerning identification cards for a licensed cartman or lighterman and their employees, the title "the Bureau of Customs" is used. Customs is officially a "Service", not a "Bureau". Accordingly, the words "the Bureau of" are deleted.

Part 113

In § 113.38(c)(4), concerning Customs review of a submission by a delinquent surety before determining whether to not accept further bonds from the surety, there is a reference to "(c)(4)". Due to the deletion of a prior paragraph the numbering for this reference should read "(c)(3)". Accordingly, the reference to "(c)(4)" is revised to read "(c)(3)".

Part 118

In § 118.12, concerning a port director's actions on an application for a centralized examination station (CES), the second sentence is amended by deleting the word "imported" to conform to changes made in T.D. 98-29.

Part 122

In § 122.162(b), concerning the failure to notify the port director and explain differences in an air cargo manifest, the definition of "clerical error" is being changed to match the definition provided in 19 U.S.C. 1584 as amended by section 619 of the Mod Act, to include electronic submissions and correspond to the identical definition appearing at § 4.12(a)(5).

Part 133

In §§ 133.26 and 133.46, involving the demand for redelivery of released

merchandise and the demand for redelivery of released articles, respectively, the reference to § 141.113(g) should read § 141.113(h). The reference is accordingly revised.

Part 141

Sections 141.64, 141.90(a) and 141.103 are amended in light of the amendment of 19 U.S.C. 1484 by section 637 of the Mod Act which shifted to the importer of record the burden to use reasonable care in providing to Customs the correct classification, appraisement and rate of duty applicable to merchandise in entry documentation, and furnishing at the time of entry sufficient information to enable Customs to determine admissibility, assess proper duties, collect accurate statistics and to determine compliance with any other legal requirement.

Accordingly, Customs believes that the regulations should no longer provide that Customs has the burden to review entry and entry summary documentation before acceptance to ensure that all entry and statistical requirements are complied with and that indicated values and rates of duty appear to be correct; § 141.64 currently provides that Customs has that burden. Section 141.64 is being amended to reflect that while it is not Customs burden to review entry and entry summary documentation, Customs may still in its discretion return documentation in which errors are found prior to acceptance. Further, in accordance with 19 U.S.C. 1484, the entered tariff classification, rate of duty, value and estimated duties no longer need to be approved by the port director; § 141.90(a) now provides that the port director has this responsibility. Also, as a result of the above amendment to section 1484, it is not the port director's responsibility to determine the amount of estimated duties "deemed necessary" to be deposited; § 141.103 now states that this is the port director's responsibility. Accordingly, as it is now the responsibility of the importer of record to use "reasonable care" in submitting proper information and documentation with Customs, pursuant to 19 U.S.C. 1484, these responsibilities of Customs regarding acceptance of entry documentation are removed from the regulations. To effect this, § 141.64 is amended by removing the word "shall" in the first sentence and inserting the word "may" in its place; § 141.90 is amended by removing and reserving paragraph (a); and § 141.103 is amended by removing the words "deemed necessary by the port director".

In § 141.68(b), concerning when an entry summary serves as both the entry documentation and entry summary, there is a reference to § 142.13(c). Pursuant to a realignment of the paragraphs of § 142.13 by T.D. 95-77, the correct reference should be “§ 142.13(b)”. The reference is accordingly revised.

In § 141.113(b), concerning the recall of textiles and textile products released from Customs custody, the reference to § 113.62(k)(1) should read § 113.62(l)(1). The reference is accordingly revised.

Part 143

In § 143.21(j), concerning merchandise determined to be unique in character or design so as to be eligible for informal entry, the language is clarified by deleting the word “so” before the word “unique” and adding “, such” after the word “design”.

Part 144

Section 144.37(h)(2)(vi) concerns a Class 9 warehouse withdrawal for exportation using a sales ticket for goods purchased in a duty-free store. This section is corrected to reflect that the importer's personal exemption is available as to goods purchased in a duty-free store, should such goods later be returned to the United States. This conforms the section with 19 U.S.C. 1555(b)(6)(B) and § 19.35(e)(2).

Part 148

In § 148.51(a)(1), concerning the application for exemption from duty and internal revenue tax by a nonresident arriving in the U.S. who is not entitled to an exemption for gifts, the reference to subheading “9804.00.39”, HTSUS is incorrect. This reference is amended to read subheading “9804.00.30”, HTSUS.

Part 162

In § 162.65(c), concerning the notice and demand for payment of a penalty for cargo or baggage containing unmanifested narcotic drugs or marihuana, the last word of the first sentence “responsible” is misspelled. This document corrects the misspelled word.

Section 162.72(b), concerning the penalties for violation of section 584(a)(1), Tariff Act of 1930 (19 U.S.C. 1584(a)(1)), as amended, states that the penalty for lack of or discrepancy in a manifest is \$500. Pursuant to 19 U.S.C. 1584, the penalty amount of \$500 has been increased to \$1000. This document corrects the regulation to reflect the correct statutory penalty.

In § 162.73, concerning penalties under section 592, Tariff Act of 1930, as

amended (19 U.S.C. 1592), the language is revised to reflect that pursuant to Pub. L. 104-295, the penalty is applicable to taxes and fees as well as duties.

In § 162.74(c), as amended by T.D. 98-49 published in the **Federal Register** (63 FR 29126) on May 28, 1998, concerning the tender of actual loss of duties under a prior disclosure by a person of a violation of law committed by that person involving the filing or attempted filing of a drawback claim, or an entry or introduction, or attempted entry or introduction of merchandise in the United States by fraud, gross negligence, or negligence, the words “his or her” in the second sentence are misleading regarding the fact that Customs calculates the actual loss of duties. This document clarifies the matter.

In § 162.79b, concerning the recovery of the actual loss of duties resulting from a violation of 19 U.S.C. 1592, the language is revised to reflect that there is liability for taxes and fees as well as duties.

Part 173

Section 173.6 provides that where there is probable cause to believe there is fraud in a case, a port director may reliquidate an entry within two years after the date of liquidation or last reliquidation. This section is being removed from the regulations. The authority for § 173.6 was 19 U.S.C. 1521 which was repealed by section 618 of the Mod Act.

Part 174

In § 174.13(a), concerning the contents of a protest, there are nine paragraphs detailing the types of information required. The connective word “and” should be set forth between paragraphs (a)(8) and (a)(9), rather than between paragraphs (a)(7) and (a)(8) as is currently printed. Also, in (a)(9), the word “declaration” is misspelled as “delcaration”. This document corrects these errors.

Part 181

In § 181.82(b)(1)(ii), concerning “voluntarily” correcting a declaration in connection with a claim for preferential tariff treatment for a good under NAFTA so as to not be subject to a penalty, the reference to “§ 162.74(g)” is revised to read § 162.74(i)”. This reflects the restructuring of § 162.74 set forth in T.D. 98-49.

In § 181.93(b)(5)(i)(B)(4), concerning whether the requester for a NAFTA advance ruling has knowledge that the issue is already subject of a request for an advance ruling, there is a reference to § 181.76(d)(1). However, because a

new section (b) was added to § 181.76 by T.D. 95-68, the original § 181.76(d)(1) was redesignated as § 181.76(e)(1). Therefore, the reference to § 181.76(d)(1)” is revised to read “§ 181.76(e)(1)”.

Inapplicability of Public Notice and Comment Requirements, Delayed Effective Date Requirements, the Regulatory Flexibility Act, and Executive Order 12866

Inasmuch as these amendments merely correct certain typographical, technical and printing errors in the regulations and otherwise conform the Customs Regulations to existing law or practice, pursuant to 5 U.S.C. 553(a)(2) and (b)(B), good cause exists for dispensing with notice and public procedure thereon as unnecessary. For the same reasons, good cause exists for dispensing with a delayed effective date under 5 U.S.C. 553(a)(2) and (d)(3). Since this document is not subject to the notice and public procedure requirements of 5 U.S.C. 553, it is not subject to provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This amendment does not meet the criteria for a “significant regulatory action” as defined in E.O. 12866.
