Koch Gateway Pipeline Company; Notice of Proposed Changes to FERC Gas Tariff

August 4, 1999.

Take notice that on July 30, 1999, Koch Gateway Pipeline Company (Koch) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, Fourth Revised Sheet No. 1700, to become effective September 1, 1999.

Koch Gateway is proposing a change to Section 10.2(a) of its General Terms and Conditions that provides customers the flexibility to eliminate transportation imbalances during the month in which the imbalance is created. The proposed change will require shippers to obtain Koch's approval before they can nominate out of balance. Thus, requiring Koch's approval before a customer can nominate out of balance will provide Koch and the customer the opportunity to develop strategies that will result in reduced imbalance.

Koch states that copies of this filing have been served upon Koch's customers, state commissions and other interested parties.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 383.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. Koch Gateway Pipeline Company; Notice of Proposed Changes to FERC Gas Tariff

August 4, 1999.

Take notice that on July 30, 1999, Koch Gateway Pipeline Company (Koch) tendered for filing as part of its FERC Gas Tariff, Fifth Volume No. 1, the following tariff sheets, to become effective September 1, 1999:

Third Revised Sheet No. 3700,
Second Revised Sheet No. 3704
First Revised Sheet No. 3705
Original Sheet No. 3706
Original Sheet No. 3707
Original Sheet No. 3708
Original Sheet No. 3709

Koch states that it is proposing to create a new Right of First Refusal (ROFR) process for its Firm Storage Service (FSS). The proposed tariff changes will create an interactive auction whereby interested shippers will be able to bid on various packages of FSS capacity and thus, will reduce the price risks that are inherent with Koch's current cumbersome FSS ROFR process. This proposed tariff change, however, will not affect the ROFR process utilized by FTS, FTS-SCO, NNS or NNS-SCO customers.

Koch states that the new ROFR process would include:

1. an expanded notification period to inform existing customers of the upcoming expiration of their existing FSS agreements.
2. an automatic grant of the ROFR to existing FSS customers with a contract term of one year or greater.
3. an interactive auction for storage capacity on Kochs web page, and
4. a shortened bid period and a shortened time for customers to exercise their right of first refusal and execute agreements, each of which are designed to reduce the price exposure a customer faces in the market.

Koch states that copies of this filing have been served upon Koch's customers, state commissions and other interested parties.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the

Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Natural Gas Pipeline Company of America; Notice of Proposed Changes in FERC Gas Tariff

August 4, 1999.

Take notice that on July 29, 1999, Natural Gas Pipeline Company of America (Natural) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, certain revised tariff sheets to be effective September 1, 1999.

Natural states that the purpose of this filing is to establish procedures under which it could reserve certain categories of existing capacity for future expansions. Natural states that an "expansion" may include a facility extension such as a delivery lateral where potential shippers may also require mainline capacity on Natural's existing system. Natural also states that the reservation of such capacity would promote the efficient use of existing capacity, minimize the costs of constructing new facilities and minimize environmental impacts.

Natural requests waiver of the Commission's Regulations to the extent necessary to permit the tariff sheets submitted to become effective September 1, 1999.

Natural states that copies of the filing are being mailed to its customers and interested state regulatory agencies.
