#### Viking Gas Transmission Company; Notice of Tariff Filing

August 4, 1999.

Take notice that on July 30, 1999, Viking Gas Transmission Company (Viking) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the tariff sheets listed on Appendix A to the filing to be effective September 1, 1999.

Viking states that the purpose of this filing is to establish a new Rate Schedule FT-D, which will be applicable to the expansion capacity approved by the Commission on April 15, 1999 in "Order Issuing Certificate and Granting Abandonment," Docket No. CP98-761-000, 87 FERC ¶ 61,068. Rate Schedule FT-D is identical in all respects to Viking's existing FT-A rate schedule, except that it applies only to firm shippers using the expansion capacity. Viking is also filing to implement the initial incremental

demand rate of \$10.65 per Dth/month for service from Emerson to any Zone 1 delivery point and \$13.69 per Dth/month for service from Emerson to any Zone 2 delivery point approved by the Commission in the April 15, 1999 certificate order.

As provided in the Commission's order, this initial rate for FT-D service will be subject to a retroactive "true-up" filing after a final accounting for the project has been completed. Viking is also making miscellaneous tariff modifications so that its tariff properly reflects the existence of Viking's new Rate Schedule FT-D.

Viking states that copies of the filing have been mailed to all of its jurisdictional customers and to affected state regulatory commissions.
