Natural Gas Pipeline Company of America; Notice of Proposed Changes in FERC Gas Tariff

August 4, 1999.

Take notice that on July 29, 1999, Natural Gas Pipeline Company of America (Natural) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, certain revised tariff sheets to be effective September 1, 1999.

Natural states that the purpose of this filing is to establish procedures under which it could reserve certain categories of existing capacity for future expansions. Natural states that an "expansion" may include a facility extension such as a delivery lateral where potential shippers may also require mainline capacity on Natural's existing system. Natural also states that the reservation of such capacity would promote the efficient use of existing capacity, minimize the costs of constructing new facilities and minimize environmental impacts.

Natural requests waiver of the Commission's Regulations to the extent necessary to permit the tariff sheets submitted to become effective September 1, 1999.

Natural states that copies of the filing are being mailed to its customers and interested state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations.
