

policies directing park management. Management decisions to be made where law, policy, or regulations do not provide clear guidance or limits will be based on the purposes of the monument, the range of public expectations and concerns, resource analysis, an evaluation of the natural, cultural, and social impacts of alternative courses of action, and consideration of long-term economic costs. Based on determinations of desired conditions, the plan will outline the kinds of resource management activities, visitor activities, and development that would be appropriate in the monument in the future. Alternatives will be developed through this planning process and will include, at a minimum, no-action and the preferred alternative.

Major issues include health and vitality of natural and cultural resources, adequacy of interpretive programs, park aesthetics, overall visitor and traffic congestion, and boundary concerns.

A scoping newsletter has been prepared that details the issues identified to date. Copies of that information can be obtained from the Planning Team, Devils Tower NM, P.O. Box 10, Devils Tower, Wyoming 82714-0010, 307-467-5283, extension 12.

**SUPPLEMENTARY INFORMATION:**

**Background**

The final phase of this investigation is being scheduled as a result of an affirmative preliminary determination by the Department of Commerce that imports of creatine monohydrate from China are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigation was requested in a petition filed on February 12, 1999, by Pfanstiehl Laboratories, Inc., Waukegan, IL.

A party that filed a notice of appearance during the preliminary phase of the investigation need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigation.

**Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and BPI Service List**

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of this investigation available to authorized applicants under the APO issued in the investigation, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigation. A party granted access to BPI in the preliminary phase of the investigation need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

**Staff Report**

The prehearing staff report in the final phase of this investigation will be placed in the nonpublic record on December 2, 1999, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before December 1, 1999. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on December 6, 1999, at the U.S. International Trade Commission Building. The deadline for filing posthearing briefs is December 23, 1999; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigation may submit a written statement of information pertinent to the subject of the investigation on or before December 23, 1999. On January 11, 2000, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before January 13, 2000, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules.
