

rectangles (including squares), triangles, hexagons, octagons or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut-length flat-rolled products (*i.e.*, cut-length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

The SSB subject to this order is currently classifiable under subheadings 7222.10.0005, 7222.10.0050, 7222.20.0005, 7222.20.0045, 7222.20.0075, and 7222.30.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this order is dispositive.

Final Results of Changed Circumstances Review and Revocation of Order in Part

Pursuant to section 751(d)(1) of the Act, the Department may partially revoke an antidumping duty order based on a review under section 751(b) of the Act (*i.e.*, a changed-circumstances review). Section 751(b)(1) of the Act requires a changed-circumstances review to be conducted upon receipt of a request containing information concerning changed circumstances sufficient to warrant a review.

The Department's regulations at 19 CFR 351.216 provide that the Department will conduct a changed-circumstances review based upon "changed circumstances sufficient to warrant a review". Section 782(h) of the Act and 19 CFR 351.222(g)(1)(i) provide further that the Department may revoke an order, or revoke an order in part, if it determines that the order (or part of the order) under review is no longer of interest to domestic interested parties.

Based on the fact that no other domestic interested parties have objected to the position taken by the petitioners that they have no further interest in the application of the order to imports of K-M35FL steel bar from

Japan, we have determined that there are changed circumstances sufficient to warrant revocation of the order in part. Therefore, the Department is revoking in part the antidumping duty order on stainless steel bar from Japan, in accordance with sections 751(b) and 782(h) of the Act and 19 CFR 351.222(g)(1)(i). This partial revocation will apply to all entries of K-M35FL from Japan entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this changed circumstances review.

The Department will instruct the Customs Service to cease suspension of liquidation and collection of cash deposits on entries of K-M35FL from Japan entered, or withdrawn from the warehouse, for consumption on or after the publication date of the final results of this changed circumstances review. Additionally, the Department will instruct the Customs Service to proceed with liquidation, without regard to antidumping duties, and to refund with interest any estimated duties collected with respect to unliquidated entries of K-M35FL from Japan or withdrawn from warehouse for consumption on or after the publication date of the final results of this changed-circumstances review, in accordance with section 778 of the Act.

We are issuing and publishing this determination and notice in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.216 and 351.222.

Dated: September 10, 1999.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 090799F]

Mid-Atlantic Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's Committee Chairpersons will hold a public meeting.

DATES: The meeting will be held on Thursday, September 30, 1999, from 8:30 a.m. until 5:00 p.m.

ADDRESSES: This meeting will be held at the Sheraton International Hotel at BWI Airport, 7032 Elm Road, Baltimore, MD; telephone: 410-859-3300.

Council address: Mid-Atlantic Fishery Management Council, Room 2115, 300 S. New Street, Dover, DE 19904.

FOR FURTHER INFORMATION CONTACT: Daniel T. Furlong, Executive Director, Mid-Atlantic Fishery Management Council; telephone: 302-674-2331, ext. 19.

SUPPLEMENTARY INFORMATION: The purpose of this meeting is to develop the annual work plan for year 2000 and to address the enhanced and expanded use of Industry Advisory Panels.

Although other issues not contained in this agenda may come before the Committee for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, such issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Joanna Davis at the Council Office (see **ADDRESSES**) at least 5 days prior to the meeting date.

Dated: September 10, 1999.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-F

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Availability of Funds for Technical and Administrative Support for the President's Service Scholarship Program

AGENCY: Corporation for National and Community Service.

ACTION: Notice of availability of funds.

SUMMARY: The Corporation for National Service (hereinafter the "Corporation") announces the availability of up to \$400,000 annually over a three year period to provide technical and administrative support for the President's Student Service Scholarship Program. The program provides recognition and a scholarship to high school juniors and seniors engaged in outstanding community service. Students selected for recognition receive a locally funded scholarship, matched

or supplemented with federal funds provided by the Corporation. All U.S. high schools are eligible to nominate Scholarship recipients.

The Scholarship Program is entering its fourth year and, to date, over 8,000 scholarships have been awarded. In addition to the scholarship winners nominated by high schools, a new agreement has been entered into with a major national non-profit membership organization to provide a substantial number of scholarships to eligible and deserving youth nominated through that organization. The Corporation's goal in the President's Student Service Scholarships is to highlight the outstanding community service performed by high school students across the country, to recognize the particularly noteworthy service accomplishments of outstanding young individuals, and to assist those individuals in pursuing higher education.

As part of this effort, the Corporation is interested in selecting an organization to provide administrative and technical support related to the continuation of this program. The successful applicant will implement current program design, conduct outreach and promote the program, solicit input from interested nonprofit organizations with relevant expertise, work with local schools and other organizations to carry out the program, and provide the administrative and technical support necessary to accomplish the objectives described above. Applicants may use subgrants or other means to fulfill these obligations, provided plans for interactions with subgrantees/subcontractors are described in the application.

DATES: The deadline for submission of applications is October 25, 1999. Applications must be received by the Corporation no later than 3:00 p.m. Eastern Standard Time on that date.

ADDRESSES: Applications must be addressed to: Corporation for National Service, 1201 New York Avenue NW, Eighth Floor, Washington, D.C. 20525. Attention: Katharine Delo. Applications may not be submitted by facsimile.

FOR FURTHER INFORMATION CONTACT: For further information, contact Bruce Cline at (202) 606-5000, ext. 440. This notice may be requested in an alternative format for the visually impaired by calling (202) 606-5000, ext. 260. The Corporation's T.D.D. number is (202) 565-2799.

SUPPLEMENTARY INFORMATION:

Background

The Corporation is a federal government corporation that encourages

Americans of all ages and backgrounds to engage in community-based service. This service addresses the nation's educational, public safety, environmental and other human needs to achieve direct and demonstrable results. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service.

Pursuant to the National and Community Service Act of 1990, as amended, 42 U.S.C. sec. 12501, *et seq.* (the Act), the Corporation may "support innovative and model programs." Under this authority, the Corporation conducts a President's Student Service Scholarship Program recognizing high school juniors and seniors for outstanding service in their communities and providing modest scholarship support in recognition of such service.

Through this notice, the Corporation invites proposals from interested applicants to continue the implementation of the program. An outline of the program and the expectations of performance are provided below.

Purpose and Design of the President's Student Service Scholarship Program

The purpose of this program is to highlight the outstanding community service performed by high school students across the country, to recognize the particularly noteworthy service accomplishments of outstanding young individuals, and to assist those individuals in pursuing higher education.

The President's Student Service Scholarship program is implemented by local schools, communities, and community-based organizations across the country according to the following guidelines and procedures:

(1) Each high school or national youth-serving organization should designate one junior and one senior whose volunteer activities demonstrate sustained effort over a period of no less than one year, an effort of at least 100 hours in one year, and significant impact in meeting the needs of the local community.

(2) The awarding of the scholarship should be made by a local organization in recognition of the individuals' community service in accordance with procedures that are equitable and provide the opportunity for consideration of all eligible candidates.

(3) This program may be connected with service-learning programs of the school district.

(4) The selection process should be strictly non-partisan and non-political.

(5) The scholarship recipient should be acknowledged by the community and school in an appropriate fashion, such as at a high school graduation awards ceremony.

(6) The local portion of the scholarship should be provided by private funding sources, and shall be a minimum of \$500.

While payment of the scholarship may be made separately by the Corporation and the private organization(s), the President's Student Service Scholarship exists for the sole purpose of contributing to paying the cost of a student's higher education. The matching amount provided by the Corporation will be paid directly to an institution of higher education, in the name of the student.

Eligible Applicants

To be eligible, applicants must be a non-profit organization or educational institution. Pursuant to the Lobbying Disclosure Act of 1995, an organization described in section 501(c)(4) of the Internal Revenue Code of 1986, 26 U.S.C. 501(c)(4), which engages in lobbying activities, is not eligible.

Required Activities of the Successful Applicant

The organization selected will:

- (1) Follow and fulfill the program design approved by the Corporation;
- (2) Publicize the program through media and events to local school districts, state agencies, and other affected parties through their own efforts or through partnerships with appropriate agencies with the goal of increasing the utilization of available funds;
- (3) Submit a thorough annual report;
- (4) Provide monthly updates on activities including status of awards and number of awards made, outreach, etc.;
- (5) In high-activity periods, provide weekly updates;
- (6) Create and maintain a database of all applicants that is sortable, searchable and accessible (must be accessible by the Corporation);
- (7) Develop and maintain a separate website specifically for the President's Student Service Scholarships, the website should contain detailed information necessary to answer most questions about the program—the website should also serve as a marketing and outreach tool and should be developed accordingly;
- (8) Set up and staff a toll free number for inquiries related to the program;
- (9) Work closely with Corporation liaison;

(10) Work closely with all streams of national service;

(11) Provide administrative and technical support to the Corporation at all phases of the program;

(12) Send representatives to Corporation-sponsored training events;

(13) Respond to inquiries from all parties in timely fashion.

Corporation Involvement

Substantial involvement is expected between the Corporation and the successful applicant when carrying out the program. Corporation staff may make substantial changes to the requirements or operation of the program, as needed. The cooperative agreement party is expected to work with other Corporation departments, contractors, and others to market the program and ensure that the program maintains alignment with Corporation goals. The Corporation provides sufficient staff to support this effort and to oversee the provision of Corporation funds. The applicant must keep relevant Corporation staff informed of its activities; work with Corporation staff during development, delivery and assessment of services provided; and attend meetings/conferences at the Corporation's request.

Project Duration

The Corporation anticipates entering into a cooperative agreement covering a project period of approximately three years, with annual renewal based on performance, need, and the availability of funds at the discretion of the Corporation.

Overview of Application Requirements

The application should include a narrative section describing the organization's background and capacity to provide the technical and administrative support for this program, a narrative project plan, an implementation timeline, a staffing plan, and a certification that it will comply with all conditions attendant on the receipt of federal funding. The application may be no longer than 20 single-sided pages double-spaced in 12 point font.

Initially all applications will be reviewed to confirm that the applicant is an eligible recipient and to ensure that the application contains the information required. The Corporation will assess applications based on the criteria listed below (in descending order of importance):

- (1) Quality
- (2) Organizational Capacity
- (3) Proposed Costs

The Corporation reserves the right to request additional written information from applicants subsequent to the submission of initial applications.

Dated: September 10, 1999.

Thomas L. Bryant,

Associate General Counsel.

BILLING CODE 3810-FF-P

DEPARTMENT OF ENERGY

Final Supplement Analysis: Pit Manufacturing Facilities at Los Alamos National Laboratory, Stockpile Stewardship and Management Programmatic Environmental Impact Statement

AGENCY: Department of Energy.

ACTION: Notice of availability.

SUMMARY: The Department of Energy (DOE) announces the availability of the "Final Supplement Analysis: Pit Manufacturing Facilities at Los Alamos National Laboratory, Stockpile Stewardship and Management Programmatic Environmental Impact Statement (SSM PEIS)," DOE/EIS-0236/SA-6. The Final Supplement Analysis

includes a determination that no further National Environmental Policy Act (NEPA) analysis is needed.

ADDRESSES: To obtain a copy of the Final Supplement Analysis, contact: Corey Cruz, Division Director, U.S. DOE, Albuquerque Operations Office, Nuclear Programs Division (NPD), PO Box 5400, Albuquerque, NM 87185-5400.

The Final Supplement Analysis will be available under the NEPA Analyses Module of the DOE NEPA Web Site at <http://tis.eh.doe.gov/nepa/>.

FOR FURTHER INFORMATION CONTACT: For general information on the DOE NEPA process, please contact: Ms. Carol M. Borgstrom, EH-42, Director, Office of NEPA Policy and Assistance, Department of Energy, 1000 Independence Ave., SW, Washington, DC 20585.

Ms. Borgstrom may be contacted by calling (202) 586-4600 or by leaving a message at (800) 472-2756.

SUPPLEMENTARY INFORMATION: The Final Supplement Analysis was prepared pursuant to the National Environmental Policy Act of 1969 (NEPA) [42 U.S.C. 4321 *et seq.*], the Council on Environmental Quality NEPA regulations [40 CFR Parts 1500-1508], and the DOE NEPA regulations [10 CFR Part 1021]. DOE prepared the Supplement Analysis in compliance with the Memorandum Opinion and Order issued by the United States District Court for the District of Columbia in *Natural Resources Defense Council v. Richardson*, (CA 97-0936(SS)). The Supplement Analysis examines issues related to the plausibility of seismic activity, fire, and sabotage at facilities at Los Alamos National Laboratory.

The Final Supplement Analysis is available for public review and copying at the following three locations: University of New Mexico, Zimmerman Library, Government Information Department, Reading Room, Albuquerque, NM, (505) 277-8960. Los Alamos National Laboratory Community Relations Office, 1619 Central Avenue, Los Alamos, New Mexico, (505) 615-0816. U.S. Department of Energy, Freedom of Information Reading Room, Room 1E-190, 1000 Independence Ave, SW, Washington, DC, (202) 586-3142.

The Department prepared a Draft Supplement Analysis and issued it for public review and comment on July 1, 1999 (64 FR 35635). The comment period closed on August 2, 1999. The Department considered and responded to the comments received, revised the Draft Supplement Analysis, and is
